

# VICTORY FUND HEAD TO TALK FOR ROTARIANS

The public is invited to an inspirational and informational talk to be given at a Willard hotel luncheon Wednesday noon by E. C. Sammons, chairman of the Oregon victory fund committee and one of Portland's leading business men and civic workers.

Reservations should be made by calling 5193, in order to protect the hotel in Sammons planning the luncheon, it was announced by the chamber of commerce, sponsor of the forum event.

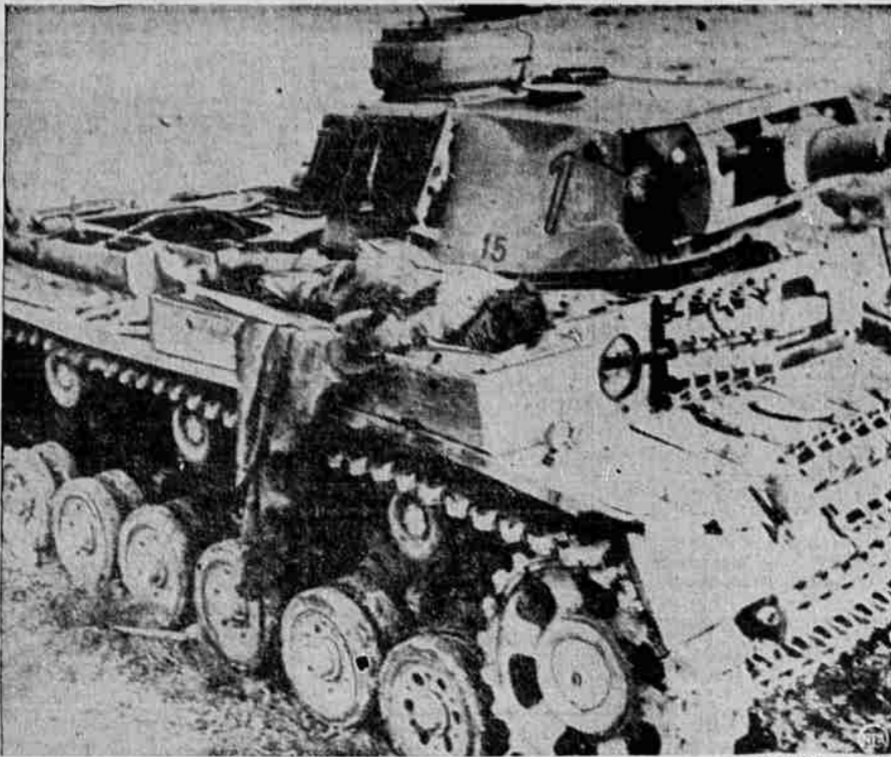

There will be no bond sale or solicitation at the luncheon. Sammons is just back from Washington, D. C., and will discuss the treasury department's bond sale program, including the second victory loan drive to open April 12.

Klamath county's victory fund drive will be coordinated with the war savings committee's work, which is being handled this month by union labor. G. C. Blohm is chairman of the victory fund committee.

Sammons, Wednesday noon's speaker, is vice president of the Iron Fireman company.

# COW KILLINGS NOT CAUSE OF MILK SHORTAGE

PORTLAND, April 5 (AP)—The office of war information said today any incipient milk shortage in Oregon cannot be blamed on the number of dairy cows slaughtered in the past year.

The OWI said department of agriculture statistics showed dairy cattle increased 4 per cent in Oregon in 1942. Demand for dairy cows far exceeds the supply, a prepared statement said.

"The farm security administration with orders from farmers for 1500 head of good dairy cows, has been able since February 1 to buy a mere score of cows. What cows it can buy are sent into regions where farmers can feed readily and want to increase their herds," the statement said.

The OWI said stockyard reports showed a heavy run of dairy cattle for slaughtering last fall in the culling season, but light receipts now.

Any good cow can be sold for more as a milk animal than as a beef animal, the statement said.

# HOARDING BY ARMY STARTS SENATE PROBE

WASHINGTON, April 5 (AP)—An inquiry into what Chairman Truman (D-Mo.) described as "army hoarding" of foodstuffs and supplies that otherwise would have been available to civilians was projected today by the senate war investigating committee.

The group called officials of the army quartermaster corps for testimony behind closed doors as other senate committees arranged to hear witnesses on a half dozen controversial questions ranging from post war monetary problems to a proposal to require senate confirmation of all federal employees paid more than \$4500 yearly.

Truman told reporters his committee had received information indicating that the army had overbought heavily in canned goods and various other commodities, pinching the commercial markets. He said he was interested in getting some of these supplies turned loose.

# Mme. Chiang Kai Shek After Exhausting Tour of Country

LOS ANGELES, April 5 (AP)—So exhausted by her transcontinental tour that a physician was called in for consultation, Mme. Chiang Kai-Shek was advised to remain secluded in her hotel suite today, resting for her scheduled trip to San Diego tomorrow.

Thirty thousand enthusiastic spectators filled Hollywood Bowl yesterday to hear the impassioned address in which the wife of China's generalissimo declared that China, "like you and the other United Nations, will see to it that the four freedoms will not assume the flaccid status of ethical postulates, no matter how belated may be the final victory."

A white leghorn owned by Dr. Peter Simpson, Hooper, Neb., laid 628 eggs in two years.

# AIRMEN BELIEVED SAFE AFTER CRASH

CHALLIS, Idaho, April 5 (AP)—The belief nine army airmen may have parachuted to the ground an hour or more before their plane crashed and burned near here was expressed last night by Penn Stohr, veteran Cascade, Idaho, backwoods civilian flier.

"It sounds to me as though the bomber was flying in circles on its automatic pilot for some time before it crashed," said Stohr, who has been taking a leading part in the search for the men.

The plane is believed to be one missing from the Walla Walla army air base, and when no bodies were found in the wreckage a widespread search immediately was launched.

"Those flyers may be out any-

# RECIPROCAL TRADE AIDS AFRICAN WAR

WASHINGTON, April 5 (AP)—Reciprocity trade agreements between the United States and Latin-American countries were held by Representative Magnuson (D-Wash.) to be partially responsible for the success of the United States North African campaign.

"The insurance of Secretary of State Hull's far sighted policy of reciprocal trade agreements," Magnuson told reporters, "was vividly demonstrated when we were attacked by the axis. Every South American country, with two exceptions, immediately jumped on our side. If we had had trade barriers there we would have been in a tough spot because of the ill-will such situations might have created."

Without such cooperation, Magnuson contended, the American campaign in North Africa could not have been undertaken.

British bakers were restricted to three shapes of loaves in 1918, closing year of World War I.

What we call a "tip" is "pour-boire" in France. Literally, it means "for drink."

# SHERMAN SAID IT

TELL CITY, Ind. (AP)—Epithets of some Perry countians in venting personal feelings in the local war rationing board office has prompted the board chairman to post a warning that unless applicants for rationed tires and food foreswear cursing prosecution would result.

"Clerks only ask the questions that are necessary," the warning says, "and they follow the rules that are set out by the government. The ration board clerks did not make these rules, but they ever so distasteful."

Meat shortages, the chairman explained, seems to elicit the choicer epithets.
