charged James F. Byrnes, the conomic stabilization director, with assuming the role of "the master strategist" in a back stage battle by the administration for the more than one-third support it will need on a roll call to sus-tain the veto.

Byrnes Figures

Byrnes' name also figures in proceedings of the agriculture committee, which after threats it would issue subpoenas to compel attendance of witnesses, finally got Price Administrator Prentiss Brown and Secretary of Agriculture Wickard before it an hour late for testimony on the Pace bill to boost parity standards by

going to appear, Brown was a. m. told by the committee to be on Mr. ar mony and excused till then.

Brown and Secretary of Agri-

Committee Meets

The committee met to consider the administration-opposed Pace bill to include farm labor costs in computations of parity prices even as the senate approached a vote on overriding President Roosevelt's veto of the Bankhead bill to prohibit deduction of gov ernment benefit payments before fixing parity price ceilings.

The author of the latter bill

Senator Bankhead (D-Ala.), said today the outcome of the attempt to override is in doubt.

nate Majority Leader Bark ley said he had reported to President Roosevelt at a White House conference today that the chance of substantiating the veto "looks

fairly good."
News Welcome He remarked that he thought some good news probably would be welcomed by the president.

"Disrespect toward a senate committee" was charged to Brown and Wickard by Chapman Smith, but aides of the two officials denied this.

Manning Shaw, executive as sistant to Brown, told reporters he had sought to have the price administrator excused from pearing before the committee to day because of other engage-ments, and suggested that he appear later in the week, prefer

Thirty-one enemy planes, 18 of them big Junkers transports believed bearing gasoline and sup-plies to Marshal Rommel's Tunisian army, were sent crashing into the sea by American Lightnings yesterday during one of the greatest air battles in this

theater.
In the course of the battle, which began with an allied attack on a sea convey, an enemy destroyer was blown up and sev eral other ships were hit and set ablaze, a communique from Gen. Dwight D. Eisenhower's headquarters announced.

Land Patrols
While land activities consisted of intense patrol operations with no major engagements developing, the air war continued at a fiery pace and resulted in the shooting down of 48 German and Italian planes—the biggest bag the allies have scored in a single day in the Tunisian campaign. The British and Americans lost

12 of their aircraft. (The German radio, in a broadcast recorded by The Associated Press, said, however, that competent Berlin quarters expected a "new mass attack" in Tunisia in all sectors—south, central and

4-10 north.

(An important height, which the high command declared had been captured by the Germans, was said in a broadcast to be 4-10 west of Kairouan in the central sector.)

PUTS CONGRESS ON LESS MONEY

WASHINGTON, April 6 (P)— The Capitol Hill economy drive struck home today as the house appropriations committee recom mendation that congress get

along with less money during the fiscal year starting next July 1 than it had for the current year. The congressional share of a \$40,659,273 appropriation bill for the legislative establishment and the judiciary reported by the committee was \$3,985,528 for the senate and \$9,527,595 for the house, an overall reduction of \$217,374 from current year funds and \$113,000 below budget esti-

Other items recommended included \$2,070,680 for the archi-tect of the capitol, \$3,886,360 for the library of congress, \$8,422,-500 for the government printing office, \$635,200 for the supreme court, \$740,110 for miscellaneous courts, \$10,758,300 for district courts and courts of appeals, and mense that even the miracles of \$267,800 for United States court production we have brought
