

# VIOLATORS OF BLACKOUT TO BE PUNISHED

SALEM, April 14 (AP)—Governor Earl Snull issued a proclamation today making blackout violations punishable by state law.

The proclamation, made under the 1943 civilian defense act, follows a similar one affecting dim-outs.

The rules are the same as those in effect in California and Washington, and comply with army requests.

Army vehicles, fire trucks, ambulances and police cars may operate during blackouts and air raids, but private cars cannot be operated without permits issued by the governor.

Headlights of vehicles permitted to operate must be masked, and the vehicles themselves must be easily identified.

When a blackout or air raid alarm begins, all vehicles must stop at the side of the road or street, except those allowed to operate. Street cars must stop at the nearest loading points or at other safe locations.

## PTA Notes

### FAIRHAVEN

One of the most successful PTA meetings of the year was held at Fairhaven last Thursday evening, April 8. This was Dad's night, but realizing the men are all very busy this year they were not asked to take charge of the meeting but instead, were guests along with the teachers at a planned potluck dinner served by the executive committee at 6 p. m. in the school cafeteria.

Bowls of daffodils and pussy-willows centered each table and place cards made by the Tulip Bluebird group of Fairhaven school marked the places for 65 guests. After dinner those present assembled in the school gym for the regular PTA meeting. A report from the nominating committee chairman, Mrs. T. G. Zinn, was given and Mrs. A. H. McLean was elected delegate to the state PTA convention in Portland.

Following the meeting a social hour was enjoyed consisting of singing, games and dancing with Mabel Hanson, recreation chairman, in charge assisted by Mrs. Buford Howard and Mrs. Rollin Cantrall. Everyone reported a most enjoyable evening.

### RIVERSIDE

The spring musicale planned for the pleasure of Riverside PTA members is scheduled for Tuesday, April 20, in the school auditorium. Mrs. E. A. Fredrick is in charge. All interested mothers are invited.

The stamp sale of Tuesday netted \$60.50, and Riverside have now purchased virtually \$1700 in war savings since the beginning of the school year. The goal is \$2000.

## City Treasurer to Attend WPB Allocation Meeting

Ruth O. Bathiany, city treasurer, will leave Friday for Portland to attend a meeting where Maury Maverick of Texas, director of the government division of the war production board, will speak. Maverick is in Oregon to get first hand acquaintance with problems of state and local officials and to analyze what part the local government can play in the successful prosecution of the war. He will also explain what materials and equipment local governments may expect the WPB to allocate to them for carrying on these services.

Some 80 state and city officials of Oregon are expected to attend the session April 19, in the Portland city hall council chambers. Mrs. Bathiany will also attend a board meeting of the Oregon Finance Officers association on Saturday. Plans will be made for the annual meeting to be held in Portland, May 12 and 13.

# JEFFERS ASKS CREATION OF RUBBER BODY

WASHINGTON, April 14 (AP) Rubber Director William M. Jeffers recommended today the creation of a separate government agency under a "two-fisted" administrator to see that essential civilian needs are supplied to bolster "home front morale."

Jeffers told the senate banking committee he had reached this conclusion as a result of his experiences as rubber administrator, although a little more than two months ago he voiced opposition to the proposal.

Endorsing a bill by Senator Maloney (D-Conn.) to establish a civilian supply administration, Jeffers said the head of the new agency should be "a man like Earl Smith, head of the Illinois farm groups." Smith is president of the Illinois Agricultural association.
