RUBBER PAGES MODEST RISE ON MARKET

By VICTOR EUBANK
NEW YORK, April 21 (AP)—Rubber shares and a group of senior utility issues paced a modest rise in the stock market today.

The advance, after a couple of sluggish sessions, was associated by brokers with Wall Street relief over the fact that President Roosevelt's Monterey speech last night contained no anti-inflation remarks.

Transactions expanded on the upturn, running to around a million shares, a considerable improvement over yesterday's. General Motors and Preferred Stocks of American Power & Light were prominent in the late dealings.

Favored issues including U. S. Steel, Bethlehem, Chrysler, Goodyear, Goodrich, U. S. Rubber, Sears Roebuck, American Telephone, Western Union, Kennecott, American Smelting, Westinghouse, American Can, General Electric, Texas Co., Southern Pacific, and Southern Railway. Bonds steadied after irregularity.

PLAN AID TO CONSERVE FARM SOIL

LANGELL VALLEY — The Langell Valley soil conservation district supervisors at their regular meeting held Saturday, April 10, made plans to assist as many farms as possible in their conservation work, which will help produce more food.

The district will operate the Marvin land plane two shifts each day. The rate change has been set by the board of supervisors at \$3 per hour, which includes tractor, operators and land plane. This rate is subject to change by the board of supervisors. The rate may be changed if moving costs run higher than anticipated.

Those farmers having district conservation plans should advise M. D. Settle, secretary of the district, as soon as possible if they wish to use the land plane in order that the equipment may be routed as rapidly as possible before spring planting of crops.

The district also has now a small Adams grader which can be loaned to farmers at twenty-five cents per hour, actual hours of use without operator or power to pull it. This grader can be pulled by a wheel tractor for constructing border strips.

Point Values Cut In Frozen Fruits, Vegetables, Soups

WASHINGTON, April 21 (AP)—Blue ration coupons will buy about twice as much frozen fruits and vegetables and canned and dehydrated soups starting tomorrow. Dry blackeyed peas will be ration-free.

A slash in the point values of these goods was announced by office of price administration to prevent warm-weather spoilage and relieve a clogging of storage space resulting from slow sales.

It was the second major change in coupon costs of rationed fruits and vegetables, and came as the OPA was considering an overhaul of some of its meat points, including possible reductions on luncheon and other ham and an increase on beef hamburger. These meat changes, if made, probably will come at the end of the month.

Point Bargains
Fanciers of frozen foods received what officials described as obvious "point bargains," primarily to clear commercial refrigerators of the remnants of last year's pack and make way for this year's. When the new crops come out, they are likely to be point-priced again at about the old levels.

The one-pound size of frozen fruit was cut from 13 to 6 points, one-pound package of frozen baked beans from 8 to 4 points, and the customary 12-ounce size of other frozen vegetables from a 6-10 point range to a flat rate of 4 points.

Soups Cut
The customary 10 1/2-ounce can of tomato soup was cut from 6 to 3 points and other canned soups from 6 to 4 points. For dry or dehydrated soups, the new values are only a fourth of what they started out to be when processed food rationing began March 1. The points were cut in half March 29, and again approximately in half, effective tomorrow. The 2 1/2-ounce package will take a single point.

The south, where blackeyed peas are popular, will hail point-freeing of this dry vegetable. Other varieties of dry beans, peas and lentils were unaffected and remain at 4 points per pound.

Next month's blue coupons, which are G, H and J, may be used starting Saturday. Thus, during the last week of the month, both April and May stamps will be usable simultaneously.

WHEAT

CHICAGO, April 21 (AP)—Nervousness over the prospect of more warehouse stored loan wheat coming on the market eased wheat and other grain prices today. Small domestic flour business restricted buying activity.

Grain men said yesterday's advance made it profitable for farmers to redeem some of their warehouse stored wheat. Any further upturn, they added, might bring out considerable quantities as producers have only until the end of April to either redeem this grain or forfeit it to the government.

Wheat closed 1-1/2¢ lower, May \$1.44, July \$1.43 1/2, corn was unchanged at ceilings, May \$1.05, oats were 1/2¢ lower to 1/2¢ higher and rye lost 1-1/2¢.

BOSTON WOOL

BOSTON, April 21 (AP)—Purchases of 12-months Texas wools in Texas for future delivery were recorded today in a gross price range of 45 to 47 1/2 cents; shorn 12-months wool was bought at 48 cents. Some contracting of wool took place in Belle Fourch in a great price range of 45 to 48 cents. Purchases were made in New Mexico at 45 and 48 cents for staple fine wool.

BIRTHDAY PRESENT

FORT JACKSON, S. C., (AP)—Hitler bought a \$1000 war bond for Hitler's birthday. The war bond belongs to Capt. Paul Hitler of Brooklyn, N. Y., for 31 years a member of Uncle Sam's fighting forces—a birthday gift to Adolf Hitler.

Are YOU what the Axis thinks you are?

SOFT from easy living...
GULLIBLE to propaganda...
UNWILLING to sacrifice...

Those are only a few of the unpleasant things the Axis is saying about the American people. They are convinced that America will crack up at home—that Americans haven't got what it takes to win the war on the home front.

(They have learned to respect our men, our planes, our guns and tanks and ships. Let's teach them to respect the men and women behind those fighting forces.)

(The time has come for American homes to strike back—to take the aggressive just as our armies have taken the aggressive on the battle fronts of the world.)

- You can strike back by conserving food, clothing, transportation.
- You can strike back by salvaging essential materials.
- You can strike back by refusing to spread rumors.
- You can strike back by buying War Savings Bonds and Stamps.
- You can strike back by preparing your home against air raids.

(With the American home front entering its aggressive phase,) the V-Home drive provides the opportunity for this direct and united aggressive action against the enemy.

If we are to have a hard-hitting army of 11,000,000 men on the fighting front we must have a hard-hitting army of 125,000,000 on the home front.

Rededicate your home to Victory, and keep it that way! Let's make the V-Home sticker on our window more than just a slogan—let's make it a symbol—the symbol of our will to win!
