GOVERNMENT TAKES WHEAT ON CROP LOAN

WASHINGTON, April 23 (P) The government will come into possession of about 180,000,000 possession of about 180,000,000 bushels of wheat a week from today unless several hundred today unless several hundred thousand farmer-borrowers in the meantime pay off \$225,000. 000 in loans extended on the grain last year. The commodity credit corpor-ation disclosed today that loans on about 160,000,000 bushels of

1942-grown wheat stored in com-mercial elevators and ware-houses and 20,000,000 bushels of

houses and 20,000,000 bushels of 1941-grown wheat stored on farms will fall due April 30.

The loans will not be extend-ed, officials said, grain not re-deemed by that date will be taken over by the government as

full payment of the loans.

Grain officials expect the bulk of the wheat to be turned over to the government. They ex-plain that present market prices of most types of wheat are a few cents below the loan value. Hence, if a farmer paid off his loan, redeemed his wheat and sold it at current prices, he

CEILING PRICE ON LOGS GOES

WASHINGTON, April 23 (AP) The office of price administration announced yesterday that a ceiling on logs and "bolts" not covered by other regulations will go into effect tomorrow, as previously scheduled.

Based on September-October, 1942 prices, the regulation was made necessary, OPA said, by a "runaway" trend that threatened price ceilings on lumber and products manufactured from

On request, ceiling prices may be suspended for longer than a previously planned 45-day period to allow plants that wish it more time to petition for area revision, officials indicated.
