FEW FAVORITES CREEP ON PLUS LIST TODAY

By VICTOR EUBANK
NEW YORK, April 27 (AP)—Scattered stock market favorites managed to creep into plus territory today after the list had spent most of the season loafing on a slightly lower ledge.

Prices were a bit shaky from the start but absence of any real selling pressure inspired a little late support and, near the close, the direction was no worse than moderately cloudy. Transfers dwindled to around 800,000 shares.

Bullish restraints still were discerned in the threatening coal labor situation and the latest soviet-polish rupture.

New 1943 highs were none too plentiful but American Telephone and Standard Oil (N. J.) managed to edge into this class.

In front at times were Santa Fe, Western Union, General Motors, Chrysler, International Harvester, O'Beir, Dow Chemical, Pepsi-Cola and Sperry. Scant rising power was shown for U. S. Steel, Bethlehem, N. Y. Central, Chesapeake and Ohio, Southern Railway, Great Northern, Anaconda, Consolidated Edison, Goodyear, Caterpillar Tractor, Sears Roebuck and United Aircraft.

Bonds were steady. Closing quotations:

WHEAT

CHICAGO, April 27 (AP)—Liquidation of small lots of May wheat tended to weaken the market today but prices held within a narrow range. As the maturity date for government loans on 1942 cash wheat stored in warehouses approached, traders tended to restrict operations and little attention was paid to routine developments.

Rye and oats showed signs of strength but they were unable to get the market out of the rut of the past few days.

Wheat closed unchanged to 1/2 cents under Monday's final prices, May \$1.43-1/4, July \$1.43; corn was unchanged at ceilings, May \$1.05; oats were unchanged to 1/2 cent.

BOSTON WOOL

BOSTON, April 27 (AP-USA)—Some irregularities in country prices was reported today in small lots of medium fleece wools. Offerings were very limited. Sales of spot fleece South American grease wools of 568 to 60 grade were made at an out of bond clean price range of \$1.03 to \$1.05.

ing downward from \$15.00 on good to choice offerings with No. 1 and 2 skins; sheep about steady; top clipped native ewes \$8.25. "PIG" BOUNDARY A boundary dispute between the United States and Canada was once caused by a pig. Owned by a Canadian, it was shot by an American, who claimed it was rooting up his potatoes on San

Juan island, in Puget Sound. When taken into court, the boundary line came into question, and the issue was not settled for 13 years, with the San Juan Islands becoming a part of the state of Washington. TAKES LOTS OF STEEL The same amount of steel as consumed in 30,000 modern automobiles is required to make one modern battleship.

SILK SALVAGE Since the opening of the stocking salvage campaign, three months ago, 12,522,540 pairs of silk and nylon stockings have been salvaged by American women for war use. If placed end to end they would stretch 14,211 miles. Folks who save money by not taking a vacation figure that a big roll is better than a loaf.

Pointwise pointers on vegetables

Camouflage vegetables in casserole dishes, in souffles, omelets, or serve them in overize salads and as ample garnishes. Tomatoes, onions, summer type squash, peppers, turnips, cabbage leaves, and cucumbers can be stuffed with a meat, cheese, or egg mixture and prepared as the main course. These are just some of the ways you bait your family and get them to eat their share of the precious vitamins and minerals offered by vegetables.

MIXED VEGETABLE TAMALE—Combine 2 or more kinds of cooked, drained, diced vegetables in a well-greased casserole, season with salt and pepper and top with a layer of corn meal muffin batter. Bake in a hot oven (400° F.) for about 25 minutes or until done or topping is golden brown. Any combination of vegetables is delicious, but be sure to try spinach and sliced turnips, squash and tomatoes, green beans and carrots, and eggplant and celery.

CARROT STUFFED ONIONS—Fill uncooked onion cups loosely with shredded raw carrots, season, and steam with a small amount of water in a Dutch oven or tightly covered sauce pan. Serve with the main course as a vegetable and garnish.

VEGETABLE SALADS—If the salad is generous enough in size, it may serve as both the vegetable and salad. Raw vegetables, of course, preserve all of the valuable minerals and vitamins. The flavor and texture of cooked vegetable salads are heightened by the inclusion of at least one raw vegetable. It adds that necessary crispness. For interesting and unusual combinations try chopped cucumbers and coarsely grated carrots... shredded raw cauliflower and tomato wedges... cooked asparagus, pickled beets and sliced radishes... cooked green beans and sliced cucumbers.
