

HUNT ON FOR FATHER AS BABY DIES

PORT ORCHARD, Wash., April 29 (AP)—Authorities today redoubled their search for Joseph De Haven, 35, Puget Sound navy yard shipfitter, after his 4-year-

old daughter, Donna Rae, died of a bullet between her eyes. Prosecutor Fred B. Cohen said the shooting occurred during the night at Silverdale and was discovered when Mrs. De Haven came home about 2 a. m., and heard the child moaning. Two soldiers took the child to a Bremerton hospital where she succumbed at 8 a. m. The De Havens were divorced last Monday. Mrs. De Haven charged cruelty and that De Haven had threatened to kill her and the child. Prosecutor Cohen said the little victim's maternal grandmother, a Mrs. Plummer, told authorities that she was awakened by a noise last night, called downstairs and was answered by De Haven. She said he told her he had a letter for Mrs. De Haven. Mrs. Plummer said she went back to sleep and heard no shot.

Civilian Defense News Notes

Correction—There will be no inspection of homes by Mrs. Puckett, block leader council chief, and Mr. O'Laughlin, but all block leaders will be given information and V stickers at the block leaders' meetings held Tuesday and Friday at the various grade schools and Altamont junior high. This information and the stickers will be given out to homes which qualify.

Boeing Sets Record For Plane Building

SEATTLE, April 29 (AP)—The Boeing Airplane company, in reporting to stockholders today the delivery of eight times as many Flying Fortress bombers in 1942 as in 1941—and at smaller profit—disclosed plans for possibly branching into non-aircraft production after the war.

Get Your Balloons—With Bullets

It's the Southwest Pacific, not a circus, where these sailors are sending up the balloons. And they're targets, not toys—fired at for practice by anti-aircraft gunners aboard a Navy transport.

GIRL SCOUTS NEED ASSISTANT LEADERS

On April 15 this year the Girl Scouts of Klamath Falls ended ten years under the control of a board of women first known as the Community Committee and later as the Klamath Falls Girl Scout Council. At that time—ten years ago—there were four troops of 44 girls; today there are 425 girls and 24 troops, with 98 adult workers. This is a substantial increase over last year. The local council has today under its jurisdiction Klamath Falls, Altamont, Modoc Point, and Henley. The troops at Merrill, Malin, Sprague River, Bly and Tulelake are known as lone troops. These are under the supervision of Mrs. J. P. Wells, regional director. More adult help is needed in order to care for the girls who may lose interest and drop out with the lack of assistant leaders. With increasing juvenile delinquency this is a vital wartime need, and those adults who can and will help will be doing a vital wartime job.

Canadian Airplane Workers Find Entry Gates Closed Today

VANCOUVER, B. C., April 29 (CP)—Thousands of aircraft workers rose as usual at dawn today and proceeded to plants of Boeing Aircraft of Canada Ltd. only to find the entry gates closed as a dispute over rest periods entered its second day. The workers acted on instructions of aeronautical mechanics lodge No. 758 (AFL), spokesmen of which urged them to report on the job as usual at 7 a. m. this morning. The union apparently envisaged the plants

would remain closed, however, for they summoned a mass outdoor meeting for noon today.

Proves Wonderful For Itching Skin

To soothe itching, burning skin, apply medicated liquid ZEMO—a Doctor's formula backed by 80 years continuous success! For ringworm symptoms, eczema, athlete's foot or blisters due to external cause, apply ZEMO freely. Soon the discomfort should disappear. Over 25,000,000 packages sold. One trial convinces. Only 35¢. Also 60¢ and \$1.00.

Japanese Alarmed Over American Plane Building

LONDON, April 29 (AP)—The Berlin radio said today the Japanese have reported the United States is speeding construction of a giant Alaskan airbase for "more than a thousand four-engine bombers" and declared "it is assumed in Tokyo that the Americans intend to attack the Japanese mainland via the Aleutian and Kurile Islands." There was no allied confirmation of such construction. Recorded by The Associated Press, the broadcast said that the "enemy's preparations are observed in Japanese quarters with the greatest attention as American statements of future bombardments of Japanese territory are taken absolutely seriously."

HIGH SCHOOL News Notes and Comment

By ANITA GWYN CAMPBELL
"Who are you going to vote for?" is the common question asked in the corridors of KUHS. Tomorrow is election day. The nominees are as follows: president, Gerald Einarsson, Wilbur Welch, Don Robin; first vice president, David Henthorne, Jim Case, Ted Igl, Bob Perkins; second vice president, Lois Cada, Don Eittrich, Jerry Hicks, Ted Reeves; secretary - treasurer, Jean Bolling.

Joy Kent, Letty Linman; yell leader, Jean Aubrey, Ray Byrnes, Naomi Kinsey, Catherine Wilson. All of these nominees have been okayed by the eligibility committee and everyone is capable of holding the position. It is up to the students to decide who will best fulfill their duties. Mr. Erickson, director of admissions of Willamette university, spoke to the senior students in a morning assembly Thursday.

Gasoline-Filled Fire Extinguishers Found in Ship Hold

PORTLAND, Ore., April 29 (AP)—Discovery of five fire extinguishers filled with gasoline in the hold of a ship during a fire there was reported today by Edward Grenfell, Portland fire chief.

Grenfell said a small fire broke out in the hold of the ship during construction in the Albina Engine and Machine Works yard. A workman turned an extinguisher on the flames. They flared violently when the liquid reached them. The blaze was extinguished by other means.

Grenfell said he found four other extinguishers were gasoline-filled.

We shall face in the next few years a task of national reconstruction unequalled in our history. We shall meet it gladly and without fear, for if the responsibility is enormous, the opportunity is very great—Assistant Secretary of State Adolf A. Berle Jr.

If your garden plot is large enough, demand will make it possible for you to raise not only vegetables, but a few dollars.

GRAY HAIR TURNING DEEP BLACK

says Mrs. J. B., Chicago
"After using Grayvita only a short time, I noticed my gray hair was turning to a real deep black, exactly as it used to be. What a difference this makes in my appearance."
Mrs. Buss' experience may or may not be different than yours. Why not try GRAYVITA? Money back if not satisfactory.
This anti-gray hair vitamin discovery when tested by a leading magazine showed 85% of persons tested had positive evidence of some return of hair color.
A GRAYVITA tablet is 10 mgm. of Calcium Pantothinate, 400 U. S. P. units of "pep" vitamin B, 100 I.U. of Vitamin E, 100 I.U. of Vitamin K, 100 I.U. of Vitamin A, 100 I.U. of Vitamin D, 100 I.U. of Vitamin C, 100 I.U. of Vitamin F, 100 I.U. of Vitamin G, 100 I.U. Snell Proclaims "Child Health Day"

SALEM, April 29 (AP)—Governor Earl Snell, asking Oregon citizens to observe next Saturday as child health day, urged "citizens in all communities to take time for particular attention to such factors as safety, working conditions, minimum wages, maximum hours, and placement in jobs for which youth are physically fitted."
