

Point Values on Fruit, Vegetable Juices Down Today

WASHINGTON, May 3 (AP)—Lower ration point values for most canned fruit and vegetable juices are in effect today, and dried and dehydrated soups are off the ration list altogether.

In announcing a new scale of point values over the weekend the office of price administration attributed the changes to slow sales of the affected commodities.

The cuts in juice points affect all popular fruit and tomato juices except pineapple juice, which went up from 13 to 17 points on the No. 2 1/2 size can. Other sizes of pineapple juice cans were left unchanged.

Grape juice was reduced from 4 to 2 points a pint and from 8 to 3 a quart. Grapefruit and other citrus juices were decreased on the No. 2 size can from 4 to 3 points and on the 46 ounce can from 9 to 4. Tomato juice was cut on No. 2 size cans from 12 to 6 points and on the 46 ounce can from 22 to 11.

Vegetable Juice Off
OPA removed from rationing all types of vegetable juices except tomato juice and vegetable combinations containing 70 per cent or more tomato juice.

Reductions were made on some sizes of canned apples, berries, cherries, peaches, plums and prunes. Increases were ordered in the point values of certain sizes of canned apricots, fruit cocktail and pineapple.

Freed from rationing were carrot, sauerkraut, beet and similar juices, canned corn on the cob, green turtle soup, clam juice, clam broth and clam juice cocktail.

The new values apply to G, H and J blue coupons in ration book which are valid until the end of this month.

OPA explained that wholesale stocks of dry soups had jumped, some reports placing the increase at 80 per cent in March. Much of the stock was threatened with spoilage due to warm weather.

No point changes were made on frozen fruits and vegetables, baby foods, dry beans and peas.

WPB RE-ALLOCATES KRAFT PAPER PULP

WASHINGTON, May 3 (AP)—The war production board today reallocated supplies of certain unbleached Kraft pulp among paper mills in order to keep all of them operating throughout May and five each at least a 20-day inventory on June 1.

The 20-day inventory "is not considered adequate," WPB's pulp and paper division said, adding that further action must be taken "to assure production of enough paper and paper board to meet war needs from supplies of pulp on hand."

Unless the output of pulp wood and wood pulp can be boosted, and unless the paper industry itself increases its use of substitute fibers and waste paper, paper mills will face a further cut in their already depleted inventories as well as additional curtailment of their operations, the branch asserted.

BASEBALL REVERSAL

SPOKANE, May 3 (AP)—The Fort George Wright baseball team scored 20 runs on 22 hits to defeat the Ephrata air base club 20 to 6 here yesterday. It was a sharp reversal of form over a game last week, won 6 to 3 by Ephrata.

OPPOSITION DEVELOPS TO STRIKE BILL

WASHINGTON, May 3 (AP)—Some administration opposition developed today to the bill of Senator Connally (D-Tex.) for government seizure of struck plants but he went ahead with his plans, proposing to make it a criminal offense for any person to interfere with war production by inducing a worker to leave his job.

"I want to put some teeth into this bill," Connally told reporters in announcing that he also had drafted an amendment which would clothe the war labor board, now operating under an executive order, with statutory powers.

Previously, Democratic Leader Barkley of Kentucky said he saw little advantage in the senate's passing the bill, because President Roosevelt already has taken over the soft coal mines.

When Connally offered the WLB amendment, Barkley asked and received the Texan's assurance that it would not interfere in any way with President Roosevelt's "hold the line" stabilization policy or the maintenance of the "Little Steel" formula in setting wage disputes.

Police Mix-up Makes Workers Tardy at Yards

PORTLAND, Ore., May 3 (AP) Hundreds of Vancouver shipyard workers and other war workers were late reaching their jobs today as a mixup of instructions caused state police and deputy sheriffs to stop all northbound traffic over the interstate bridge.

Cars were lined up for two miles on the Oregon side shortly before 6 o'clock as the officers began checking all vehicles for improper licenses and equipment. State police and sheriff offices explained only an inspection of for-hire trucks for the public utilities commission had been intended.

HOT SPRINGS, Mont. (AP)—The Red Cross gave Virgil L. Pitts a sweater when he went overseas in World War I. Yesterday he donated the same sweater to the Red Cross—to be given to a World War II doughboy.

Conshies Must Serve If Claim Is Denied, Says Supreme Court

WASHINGTON, May 3 (AP)—The supreme court ruled today that a draft registrant claiming exemption from military service as a conscientious objector must report for induction if his claim has been denied by a draft board, and by the president of appeal.

Chief Justice Stone delivered the 7 to 2 opinion, specifically involving Whitney Bowles of Newfoundland, New Jersey. Justices Jackson and Reed dissented.

U.S. TIRES
The sign of a local, independent business—built on experience, knowledge, skilled service and products of quality.

BRING ALL YOUR TIRE WORRIES TO US

WE FIX LARGE BREAKS... First we inspect the tire. Then we clean the injury much the same as a dentist cleans a tooth. A patch is carefully applied, replacing all broken cords. The outside is plugged and the repair is then vulcanized or bonded to the rest of the tire.

WE PATCH SMALL BREAKS... Injuries to the sidewall of a tire are often signs of a blowout on the way. A "spot" repair is made and vulcanized to the rest of the tire. Tread cuts and other causes of trouble should also be repaired before it's too late.

WE REPAIR BIG RIPS IN TUBES as well as small punctures. The torn parts of the tube are carefully patched together, vulcanized and then tested for possible leaks. Even torn or leaking valve stems can be replaced. If one of your tires is leaking air, let us examine it.

OUR QUALITY RECAPPING LASTS LONGER... We use the latest factory-controlled methods of recapping, the latest equipment, the best materials available—plus a quality workmanship that is unequalled anywhere in town.

YOU MAY BE ELIGIBLE to buy a Grade 1 tire, your certificate entitles you to the best—
