

TELEGRAPHER TO BE TRIED FOR SHOOTING

BIEBER, Calif.— Following preliminary hearing in Bieber Tuesday, Justice W. B. Philliber held Railroad Telegrapher Henry H. Holt without bail to the superior court at Susanville for the fatal shooting of brakeman Romie L. Riley at Hallafat station in Lassen county April 19. Riley was shot through the abdomen and died the same day.

Western Pacific Fireman George M. Keever testified he heard a shot, heard Holt say, "don't come any closer or I will kill you." He then saw Holt fire a rifle when Riley was a few yards away at the end of his train. Keever said he believed Holt intoxicated.

Holt's lawyers, J. A. Pardee and Grover Julia of Susanville, offered no testimony. Holt's wife attended the hearing.

District Attorney Arthur Anderson and Sheriff Olin Johnson left with Holt for Susanville.

This picture shows water inundating lowlands in the Poe valley country as a result of overflow of Lost river. The high water followed last week's rains.

Merrill

Meetings of the Lost River Garden club will be continued during the period of the war. Members voted at the April 27 meeting, held at the home of Mrs. Willard L. Smith, to continue to meet once a month. Tentative plans call for the May 25 meeting at the home of Mrs. C. E. Sharp and all former members are cordially invited to be present, bringing a prospective member. Officers for the year will be elected.

While regular meetings will be continued no plans are being made for a plant sale or a flower show this year. Choice plants were exchanged at the Willard Smith home among the twelve members present.

Mr. and Mrs. LeRoy Lubke, former residents of Merrill and Tulelake now residing in Portland where Lubke is engaged in defense work, are visiting Mrs. Lubke's parents, Mr. and Mrs. F. B. Miller, Merrill. Lubke is returning to Portland while Mrs. Lubke will remain here for another ten days or two weeks. Lubke was formerly associated with the bureau of reclamation.

Mr. and Mrs. Lewis Kandra hope to attend graduation exercises at Oregon State for their son, Lawson Kandra, who will complete his college work the latter part of May. With a younger brother, Ivan, he was called recently to Fort Lewis for induction into the army and upon graduation Lawson expects to be called immediately into the service. Both have been members of ROTC. Mrs. Ivan Kandra is in Corvallis with her husband.

Mrs. Frank E. Trotman is recovering satisfactorily from major surgery at a San Francisco hospital where she has been under treatment for several days. Dr. Trotman is at present in the bay city but will probably return to Merrill Thursday. Mrs. W. J. Grove and Mrs. Clifford Shuck also made the trip south with Mrs. Trotman.

IMPORTANT ANNOUNCEMENT

This is a nation-wide warning being published in the interests of protecting public health.

In cooperation with the United States Food and Drug administration, the Centaur Company of Rahway, New Jersey, manufacturers of Fletcher's Castoria warns all holders of Fletcher's Castoria, that is, wholesale druggists, retail druggists, country storekeepers and consumers, to discontinue the sale and use of the article because it has been discovered that all such Fletcher's Castoria which has been shipped since March 1st, 1943, contains a foreign ingredient which causes nausea and vomiting.

As neither consumers nor retailers can tell the difference between the packages made before March 1st and those produced thereafter, it is necessary to with-

draw and recover all Fletcher's Castoria outstanding.

Everyone is asked to search the medicine chest and to return to the retail dealer for refund any and all such Fletcher's Castoria purchased during the last sixty days. Please notify all your friends to do likewise.

If you are a retailer, please immediately discontinue the sale of all Fletcher's Castoria on hand and return all stocks to the manufacturer for refund.

It is urgently necessary for health protection that you follow these instructions faithfully.

This is the announcement that was made over the radio yesterday. It applies to Fletcher's Castoria sold in the United States only.

WE ARE PROUD OF OUR SHARE In AMERICA'S FIGHT for VICTORY

The records show the United States stands out with the greatest power supply in the world—more than all the Axis powers combined—dependable electric service for home, farm, office and factory.

It is over seventeen months since Pearl Harbor and yet not a single shortage of electricity for any community—for any user.

Surrounded by shortages of all kinds and with rising prices for the other necessities of life, electricity is the one underlying essential commodity that is meeting any and all demands and without increasing cost to the public.

Because government releases have predicted a shortage of electricity, and certain misinformed writers have improperly referred to "dim-outs" and other restrictions as necessary to save electricity, we want to make it clear that no shortage has or does now exist in this area.

Today when a war production factory makes its quota it gets an "E" flag. But

not a single public utility company producing the power needed to assure victory has received any administration recognition. While this fact has in no way altered our determination to do our utmost, we believe it to be worthy of notice.

Copco power is ready. Push button delivery at the speed of light, night and day, without rest, vacation, sick-leave or sleep.

American business has unquestionably given our country the finest, cheapest, electric service known to man. Help preserve the way of life which has made such things possible by buying United States War Bonds. They will buy the things you need after Victory is ours.
