

# WORKERS OPEN CAMPAIGN FOR SCOUT FUNDS

Climaxing a meeting filled with spirit and enthusiasm, one hundred and fifty volunteer workers for the Scout-Camp Fire fund are in the field today to raise this fund for Klamath Falls youth agencies. Guests of the Hotel Willard, the workers gathered for dinner last night—thirteen teams of them, representing thirteen prominent Klamath Falls organizations — and prepared for three days of intensive campaigning.

John B. Ebinger, chairman of the campaign, presided. Vern Owens, C. S. Elliot, and Ken Klahn of the campaign executive committee spoke briefly of the splendid response met by the men on the executive committee in their preliminary contacts.

Ebinger introduced Vern Moore, general drive chairman, who thanked the teams for their splendid turn out and emphasized the fact that our nation must intensify its character training for youth to offset the effects of war-time conditions. Referring to the first World War, Moore reminded the group that America must strive to prevent some of the youth difficulties following that struggle.

Mrs. Percy Murray, vice chairman of the general drive, was introduced by Moore and spoke briefly. Instructions to the teams were given by Robert H. Lamott, Scout executive, following which thirteen Girl Scouts, Camp Fire Girls and Boy Scouts assisted in the selection of prospect cards under the direction of L. Parker Martinez, assistant Scout executive.

Every team was represented at the meeting. Music was furnished by Loyal Heath of Fremont school who played the piano accordion. Decorations were put up by the Girl Scouts, and Mrs. J. M. Kennedy presented a living picture of the three youngsters depicted on the campaign brochure.

Summarizing the proceedings of the meeting, Vern Moore announced that the report meeting for the drive would be held in the Blue room of the Willard hotel beginning at 7 p. m. Friday evening, May 7. Workers are to work only their regular cards until Thursday noon, after which time they will work free lance wherever contributors may be found.

## Bates to Deliver Baccalaureate to Henley Graduates

Reverend A. C. Bates of the First Christian church in Klamath Falls, will deliver the baccalaureate sermon to the Henley high school seniors on Sunday evening, May the ninth.

As in past years, the services will be held at 8 o'clock in the Henley high school gymnasium. Rev. Bates has conducted the baccalaureate service for the graduating classes at Henley for the past two years.

We are getting out to General MacArthur every plane, every tank, every gun, every round of ammunition that it is humanly possible to send.—Services of Supply Chief Gen. Brehon B. Somervell.

The worst villain in the movies is the one who sticks gum under the seats.

## Juniors, Seniors Hold Banquet at Bonanza High School

BONANZA—The Junior-senior banquet was held at the Bonanza high school Saturday evening, May 1. The annual school awards were presented to the following: Merrill Driscoll, scholarship; Danny Givan, boys' activities; Mae Lilly, girls' activities; Pauline Wood, girls' citizenship; Neil Grohs, boys' citizenship; Mary Higham, girls' athletics; Carl Prough, boys' athletics.

Merrill Driscoll was named valedictorian and Danny Givan salutatorian of the class of 1943.

Baccalaureate services will be given at the Bonanza church Sunday, May 9, at 3 p. m. Rev. Burton Peterson of Klamath Falls is giving the address.

## New Pine Creek

The four thousand mark was topped locally, when the close of the big bond drive came on May 1. Some purchases of bonds were made direct through the Lakeview bank without the knowledge of the local chairman and were not included in the count. However, some of these purchases were ascertained and included in the \$4355.25 figure of actual bond sales in this area. No doubt if all the sales had been known and included they probably would have exceeded \$5000.

A healthy note revealed in the bond drive just ended is that most people feel the necessity of buying bonds and are making systematic purchases of same.

Sailor Lair Gentry paid a surprise visit to his parents and relatives here, arriving last Saturday evening and leaving on Wednesday. He is now a member of a crash crew in the navy, stationed at Oakland. He said that whenever a bomber crashes it nearly always starts a fire that has to be extinguished.

Mrs. Dorothy McDonald is now living at Santa Barbara, where her husband is stationed for a period of six months or longer. She left about two weeks ago from Alturas where she was working in a dental office.

Mrs. Florence Colten was called to Richmond, Calif., last Friday morning where her daughter Kathleen is quite ill with pneumonia.

Roy H. Sweet has been confined to his home with a relapse of the flu. He had been falling timber down at Canby when he became sick.

Mrs. Lorraine Hammersley had the misfortune to have her brooder catch fire last Tuesday morning at 2 a. m., destroying the brooder, brooder-house and at least 150 baby chicks. Neighbors were called out to help keep the fire from spreading to the house.

Mr. and Mrs. Tankersley and Mr. and Mrs. R. Bates are newcomers to New Pine Creek. They are living in the Johnston brothers' duplex cabin. Tankersley and Bates are employed by Raymond Fisher on the ranch.

Mr. and Mrs. Raymond Fisher have been doing considerable remodeling on their ranch dwell-

ing. S. Gallagher and Blumer McCrary have been doing the work.

Alfred St. Clair has been concreting up his well, down on his premises located on the old Grandma Moore property. Esto

Shaw and sons have been doing the work.

The California fishing season opened last Saturday, May 1. More people have purchased licenses than were anticipated, and are trying their luck with

rod and line. Not very many good catches have been reported, except that Roy Truit of Willow Ranch, and his party, are said to have had real good luck down at Clear lake. Richard Keller, Jinx and Verle Cook, George

Schamel and Wade Thompson braved their way through mud and snow to Cave lake but only meager catches were reported. Few lake trout have been caught, according to reports.

The men wrapped up in the deepest feather beds are the loafers who should get on the job; the brass hats who carry golf bags, who use Pullman space to go to conventions. Also, baseball and football are

dragging thousands away from the war effort.—Brotherhood of Railway Trainmen President A. F. Whitney.

When lying down a person is taller than when standing erect.
