## MARKET WILTS UNDER PROFIT TAKING SPREE

By VICTOR EUBANK  
NEW YORK, May 6 (AP)—As in the previous session, the stock market today wilted slightly under profit taking in the morning and stiffened selectively in the final hour.

Selling never was urgent but, after a steady start, fractional declines were widespread by mid-April. Buyers then took on some rails, motors, oil and specialties and minus marks elsewhere were reduced or replaced with advances near the close. Most favorites were up fractions to 2 points. Transfers were around 2,000,000 shares. Low-priced issues turned over in sizable blocks but most failed to duplicate their spirit of Wednesday.

The "new high" category included Canadian Pacific, Atlantic Coast Line, General Motors, Continental Motors, Standard Oil (NJ), Standard Oil of Cal., Patino Mines, American Radiator, American Locomotive, Eastman Kodak, American Airlines, Montgomery Ward and American & Foreign Power. Steels, coppers, aircrafts and rubbers were hesitant.

Bonds just about held their own. Closing quotations:

### WHEAT

CHICAGO, May 6 (AP)—A little buying came into the wheat market near the close today and, in the absence of any selling pressure, prices scored moderate advances. Other grains held near previous closing levels. The buying of wheat appeared to be based upon continued reports of unfavorable weather for crop development in many sections of the growing area, as well as a boost in bread price ceilings in a few sections of the country. Wheat closed 1-1/2c higher, May \$1.46, July \$1.45-1.45 1/2, corn was unchanged at ceilings, May \$1.05, oats were up 1-1/2c and rye showed gains of 1-1/2c.

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just apply a little PASTEETH, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath).
