MAGICIAN

MEDIA, Pa. (AP)—"Steak and potatoes," ordered Philip Wagner, in a restaurant.
"Sorry, we're out of potatoes," the waitress said.
"Well, I'm not," said Wagner, producing two from his coat pocket.
Luckily the restaurant had the steak.

Construction of Seed Cleaning Plant Started

PENDLETON, May 7 (AP)—Construction work has been started here by the Pendleton Grain Growers, Inc., on a \$25,000 seed cleaning plant which will double the firm's present capacity, Syd Laing, manager, announced today. The plant is expected to be complete by June 15 with cleaning operations scheduled to begin between July 1 and 15. Cleaning of seed peas comprises the bulk of the work, 80 carloads having been handled last year.

TOM DIXON VISITS KLAMATH RAIL MEN

Tom F. Dixon, general manager of the Great Northern railway, with offices in Seattle, was a visitor at the Klamath operations of the company Friday.

Dixon renewed acquaintances around town. Ten years ago he was superintendent of the G. N. operations in this division. From here he moved to Montana, and was later promoted to the management with offices at Seattle.

He paid a visit to the Klamath chamber of commerce Friday morning.

Divinyl oxide, a new anesthetic, is said to be more rapid and efficient than ether, chloroform, or any of the other anesthetic gases.

SCOUT WORKERS TO REPORT AT WILLARD

Reports of progress on the Boy Scout-Girl Scout-Camp Fire Girl drive will be made at a meeting of workers called for tonight in the blue room of the Willard hotel, according to John Ebinger, general campaign chairman. Earlier in the week, workers met in the same room for a dinner to kick off the drive. The dinner, Ebinger said, was provided through the courtesy of W. D. Miller of the Willard, without cost to the youth fund.

Portland Flood Danger Lessened

PORTLAND, Ore., May 7 (AP)—Danger of a flood in the Portland area of the Columbia river lessened during recent weeks but is not over, Edward L. Wells, government meteorologist, said today.

Whether the Columbia and Willamette rivers reached the 24-25-foot crest which was estimated by snow survey experts several weeks ago will depend on several weather factors as yet unpredictable.

STERILE

KANSAS CITY (AP)—A young housewife asked Grocer Jack Brisbane for a peck of seed potatoes.
An hour later she returned with a platter of them—all neatly sliced.
"You've made a mistake," she complained.
"I've cut all of these potatoes open and there's not a seed in any of them."
The room for improvement is plenty big enough for all of us.

Your LINENS need Clorox today more than ever!

For CLOROX is Extra-Gentle in bleaching and removing stains! It lessens rubbing, prolonging life of linens... also makes them fresh, sanitary!

Clorox is ultra-refined... it's free from caustic, an exclusive quality!

MILLIONS of thrifty housewives are conserving the life of their linens through the use of Clorox in the regular laundering process. For Clorox gently bleaches white cottons and linens snowy-white (brightens fast colors), removes stains, even scorch and mildew; also makes them hygienically clean. And, especially important today, Clorox reduces rubbing, thus lengthening life of fabrics. Clorox performs other valuable services. It disinfects germ "danger zones" in routine cleansing of bathroom and kitchen as well as in laundering. It also destroys mold in refrigerators and food containers, reducing risk of food spoilage. For conservation of linens, for snowy-white laundry, for greater home sanitation use Clorox. Simply follow directions on label. Clorox is concentrated for economy... a little goes a long way. There's only one Clorox... always order by name.
