Revef Recall **Nicks Giants** Dictionary

TORONTO, May 20 (AP)—Manager Gabby Hartnett says that his Jersey City Giants were nick-ed for "muchos pesos"—\$75,000 to be exact—when the New York Giants recalled Napoleon Reyef,

Giants recalled Napoleon Reyef, the Cuban infielder, from their International league farm club. "I lost a \$50,000 ball player and a \$25,000 interpreter," moan-ed Gabby, explaining that Reyef had carried an English-Spanish dictionary and had used it to help Cather Andres Fleits also help Catcher Andres Fleitas, also a Cuban, learn signals. "It took Fleitas three weeks

to learn our signals with Reyes working that Spanish dictionary overtime," Hartnett said, "So when Reyef is heading for the train to New York I say: 'Look, Nap, leave that dictionary be-hind. I'll need it with Fleitas'."

Springfield Claims School **Tennis Title**

PORTLAND, May 20 (P)— Claim of Springfield high school's unbeaten tennis team to the state title strengthened today when a scheduled match with Grant High, Portland city titlist, was ruled out by state and city scholastic authorities. Springfield players motored

to Portland yesterday for the match on the Irvington courts but Grant players were forbid-

It was reported that a pro-

SPOKANE, Wash., May 20 (P) and roofed against the rain with When the American soldier wants to bowl, he bowls, Cadet Dick Cooley discovered, even if

Dick Cooley discovered, even if he must carve his alley, his pins and his ball out of the New Guinea jungle.

Cooley, who "still can't believe it," told of locating the world's most unique bowling parlor in a letter made public today by a Spokane bowling club, the Benevolent and Protecting Order of Keglers.

Tamp of bamboo.

"The crowning touch is the addition of a grinning native pin boy. He lifts his legs in the professional manner as the ball rolls in to send the pins flying, and he sets 'em up with the ease of years of practice.

"In quiet moments between the scraps with the Japs the boys hold intramural bowling contests deen in the heart of the

M-12: Our Tank Killer and Its 155-mm. Gun

The best tank divisions the axis could throw into the Battle of Tunisfa were no match for the U. S. Army's new M-12 tank destroyer, shown in top photo at Aberdeen Proving Grounds. Md. Huge 155mm. cannon is mounted on medium tank chassis, combining speed with paralyzing fire power. Bottom photo shows the 155-mm. gun in action as field piece.

are pretty much like those of civilians in the war. But outside

the work itself, similarity ends.

My next to last civilian job in 1917 was in a pine sawmill. It

was driving a truck-team in the yard. The rounds among the

lumber piles were not so differ-ent from those I later made in

guard duty at Montoir. But in

the mill yard, if I'd been asked to work two hours on and four

off, slog through mud, bow my neck under freezing wind and

rain night and day, eat slum, sleep on hay in a barracks about

as tight as a picket fence, all for thirty bucks a month, of course I'd have quit. In fact, I quit the

teaming job just because it was

for cantonment construction. But I didn't think much of that in

quitting it. If I'd walked off my guard duty among the lum-

ber piles in France, I'd have been

How do we figure such a tremendous difference in the work

lines. That is dramatic, but it

raises a false issue. To repeat, most of our men in uniform are

ing practically the same war

I've got no brain for the answer. All I know is that the whole picture I see is the op-

posite of the American idea of

rust from white cloth.

What's the Answer?

And he walked it in the mud, While the wind and rain blew

through him,
Chilling every drop of blood."
And so on, as terrible as that to the end. But the thing had fact and fervor, I'd been on guard duty from January into late March, 1918, in railway yards at Montoir, near St. Naz-aire, in la wet France. Two hours on and four off out of every 24, slogging through muck supply base. For all those of us in our Infantry detachment knew, we'd be making the same miserable rounds until the end of the war.

Solution which the uresome.

My work in that mill was as important to the war effort then as my later guard duty—probably more so, for the army needed all the lumber it could get for continuous. between piles of lumber and

So, after two months of it, I relieved my feelings in rhyme. It was long, but The Stars and Stripes printed it in pretty large type. Many more men of the AEF were doing hard, dull, disty were tighting. dirty work than were fighting.

Soldiering As a Job . . .

We of the 162nd Infantry wanted to fight for we had been trained for it. So did the men of the 17th Engineers, who were stuck with us in the mudholes and lumber piles of Montoir.

The trouble in getting at the answer is that the question is always put up in terms of difference between civilians at home and the soldiers in the battle lines. That is dramatic, but it and lumber piles of Montoir—they were a combat outfit of the regular army.

structing and maintaining a base port because of the skill, training and experience of its man. Grant working men, not fighting men. The plain, simple question is that of the difference between the millions of soldiers and the millions of soldiers. outfits could carry on the simpler stuff of the sappers in the front-line trenches, but not the highly technical jobs of base buildng.
The great majority of the men

in the armed forces in this war are in service that means monotonous guard duty, or skilled labor, or hard work, dirty work, dull work, or technical tasks that would bring big salaries to the doers if they were civilians. Most of them may never hope for the great adventure of battle

Theirs is the duty of the soldier, not the glory. Theirs is soldier's pay. Nothing counts but Orders and Duty.

Mostly, soldiering is a job.

Mostly, the jobs of the soldier

Don't be embarrassed by loose false teels slipping, dropping or wabbling when you soldiering as to take or laugh. Just sprinkle a little powder gives a remarkable sense of added powders, and security by holding plates more firmly. No gummy, goosy, pasty tasks or feeling. It's alkaline (mone-cid). Get pastreth at any drug store.
