relating to the attack of six army
Lightning (Lockheed P-38) fighters on 16 Japanese twin engine

THE situation in Russia is described today as a "significant bull." ers on 16 Japanese twin engine bombers (previously reported in navy department communique number 388) reveal that five of the enemy bombers were definitely destroyed and seven additional bombers were probably destroyed. The remaining four Japanese bombers fied to the state of the discontinuous destroyed. The remaining four Japanese bombers fied to the state of supplies through to strategic sectors.

Scouting forays are being carwest. When sighted by United States army fighters, the bombers unloaded their bombs but did not attack any of the United States positions.

EDITORIALS ON NEWS

(Continued From Page One) can be charged against the quality and the courage of our men who are doing the actual fight-

Scouting forays are being carried out constantly, but the short nights and long spring days re-duce the likelihood that either side will be able to catch the other fellow off guard and hit him where he is disastrously

must be disturbed by the num-ber of strikes in this country (more men are said to be idle to

If this same thing were hap-pening in Japan or Germany, we'd be delighted. The fact that it's happening here must give the Japs and the Germans quite a lift.

THERE isn't much, apparently, that we can do about it right now. We have a labor govern-ment, and will continue to have it until at least the fall of 1944and only government can do much about internal situations ing B-17) heavy bombers heavily and only government can do attacked Japanese positions in the Shortland island area and at such as this. (Preferably by leadership toward SOMETHING BETTER, rather than by force.)

The convictions now being formed in people's minds will determine what kind of government and governmental policies we are to have after 1944.

We can't afford to waste time now in futile anger. We'll just have to drive ahead and do the best we can with the type of domestic leadership we have. All-out wars of survival are

RUSS, GERMAN AIR FORCES HACK LINES

(Continued From Page One) off guard was considered re-mote in view of the short nights and long spring days. Night Action

(Sharp artillery action oc-curred during the night along the south-central front from Sevsk, northwest of Kharkov, down the Donets river to the lower front northeast of Novo-rossisk, said the midday communique as broadcast from Moscow and recorded by the soviet

monitor in London). Air battles south of Rostov and on the far Arctic front were described in the midnight communique. Thirteen nazi bombers were downed on the Rostov front against a loss of three Russian planes, while ar-tillery fire downed 10 and drove off 28 German craft in a raid on the Rybachi peninsula area in the far north near Petsamo, it said.

Council Reviews **Budget**; Discusses Fourth of July

(Continued From Page One)

as Francy was not a councilman and the council thus was not being represented. The council agreed, and Houston appointed Bussman as fourth member of the committee.

The mayor reminded council-men that the courthouse monument honoring Klamath's war casualties will be dedicated Sunday, May 30.

Dog Law Casualty A letter was read by Police Judge Franey from Harold C. Colvin who said that his dog had been picked up for not be-ing chained on May 15, and that he had not been notified of the fact until two days later when he was brought in to police court to pay a fine of \$10, \$5 of which was suspended, plus a feed bill for the dog's stay at the pound, and a pick-up charge of \$1. Colvin felt that a person should be notified shortly after the dog has been picked up so that it will not be necessary to pay a feed bill and to carry an extensive search for the animal such as he had to do, not imal such as he had to do was. This resulted in some talk among the council members as to whether the poundmaster should be licensed as an officer of the city. It was decided to refer this matter to the police committee and to acknowledge

Colvin's letter. Sidecar Sold Police Chief Earl Heuvel was given permission to sell an old sidecar belonging to the police department, and which is never used, to Carl Schubert, who had
