BULLS LEAD MARKET TO HIGH LEVELS

By VICTOR EUBANK
NEW YORK, May 26 (AP)—Stock market sights remained trained on bullish objectives today and a number of industrial and rail leaders climbed to the highest levels in two or three years.

Rails led a brisk rise in the first hour. Profit taking followed, trimming some extreme gains of fractions to a point or more but the list picked up momentum near the end and worked back to around best prices. A few blue chips added or more.

Volume ran at approximately 1,300,000 shares. Most prominent of the carriers were Santa Fe, Southern Pacific and Union Pacific. Industrial drawing good support included U. S. Steel, Sears Roebuck, Montgomery Ward, International Harvester, United Aircraft, Douglas, Westinghouse, Dow Chemical, U. S. Gypsum, Du Pont, Eastman and General Electric. Motors, oils and coppers were steady but rather narrow. Most utilities were a shade ahead.

Bonds were irregularly higher with rails in front.

TOURING DE LUXE
COLUMBUS, Ga., (AP)—The sight of two 25-passenger buses tearing along a Columbus street at 50 miles an hour aroused the suspicions of policemen. Giving chase they nabbed two negro boys, who explained that they saw the empty vehicles parked in front of a garage, decided to use them. Both started out in one bus, they added, then returned to the garage and got one apiece.

WHEAT

CHICAGO, May 26 (AP)—Although running into heavy profit-taking, rye continued its advance today and reached new highs since 1937 on gains extending to about a cent at times. Some of the upturn was lost after midday when realizing sales expanded, but the market remained above yesterday's close.

Some of the strength in rye was reflected in the oats pit, where buying was based upon expectations of heavier feed demand because of the delay in getting corn planted in some states. Wheat was neglected most of the day and showed little change from the preceding sessions finish.

At the close wheat was unchanged to a higher, July \$1.44 1/2, September \$1.45, corn was unchanged, July \$1.05, oats were a bit up, and rye was ahead 1-1c.
