

FRIENDS PAY TRIBUTE TO MRS. CARLETON

MERRILL—In a last tribute to Mrs. Elva Wheeler Carleton, native of Oregon and pioneer of the Merrill district who passed away at the family home, Friday, May 21, friends from all parts of the Klamath basin gathered Monday in the Merrill Presbyterian church for funeral services.

Rev. Hugh Mitchellmore, pastor of the Altamont Presbyterian church, Klamath Falls, reviewed Mrs. Carleton's life, commending her for her cheerfulness during the many years she was an invalid.

She was born in Albany, Ore., June 17, 1877, of pioneer parents. Her father, Alfred Wheeler, was born in 1832 in Vermont, coming to Oregon in 1850 by way of Panama. He was married in 1859 to Marietta Chealde, a native of Michigan, who when only 10 years of age rode across the plains on a pony with immigrants coming to Oregon.

Mrs. Carleton, one of 10 children born to this union, was reared in a strictly religious atmosphere. Her father, during his early life in Oregon, was a Baptist minister, riding from one community to another to deliver his sermons. Later in life he turned to farming and stock raising in the Willamette valley.

Mrs. Carleton graduated from Albany college and later completed a nurses training course at Walla Walla hospital and followed her profession as a registered nurse for eight years previous to her marriage in 1910 to George H. Carleton of Merrill.

Mr. Carleton brought his bride to the home place north of Merrill on which he had farmed for five years and here they made their home for more than 30 years.

A member of the Merrill Presbyterian church, Mrs. Carleton had also, until ill health prevented, been an active member of the Merrill Rebekah lodge.

Two years ago she fell at the family home breaking her leg, and from that injury she never fully recovered. At one time she was employed by The News-Herald as correspondent for the Merrill community.

One brother, Richmond Wheeler, Berkeley, and a niece, Anna E. Kenyon, Fort Jones, Calif., arrived for the services. Mrs. Carleton left to mourn her loss, her husband, Mr. Carleton; one son, Alfred; one grandson, all of Merrill, Ore.; two brothers, Richmond of Berkeley and Burt Wheeler, Fossil; and two sisters, Mrs. C. H. Oids, Lone Pine, Calif.; and Mrs. S. A. Newberry, Pendleton.

Musical numbers at the service were "The Old Rugged Cross," and "Beautiful Isle of Somewhere," sung by Mr. and Mrs. E. E. Kilpatrick, Mrs. D. W. Turnbaugh and John W. Taylor. Pallbearers were R. H. Anderson and E. M. Bubb, Klamath Falls; W. F. Jinnette, Melvin A. Bowman, Warren F. Fruits and M. L. Moore, Merrill. Interment was in the IOOF cemetery.

It will be that much easier on our children and grandchildren to finance the war as we go along while we have a terrific income. — Treasury Secretary Henry Morgenthau Jr.

MAYOR GAINS INFORMATION ON TRIP EAST

Back from a trip which took them to the east coast and home through southern California are Mayor and Mrs. John H. Houston.

The Houstons visited Chicago, New York, Washington D. C., Los Angeles and San Francisco. While in Washington, the mayor talked with Representative Lowell Stockman regarding the future of the local airport.

He also saw Herman Kehrli, former secretary of the League of Oregon Cities. Kehrli gave the mayor some information on social security benefits for municipal employees.

According to Houston, Klamath Falls is as war-conscious as any part of the United States. The midwest seemed to be the least aware of the war.

One thing that impressed him was the part that the insurance companies are doing in the war effort. He said that all companies are investing a good share of their money in bonds and in fundamental industries.

Mayor Houston and his wife were away from Klamath Falls for about three weeks and returned Sunday.

Man Who Warned of Pearl Harbor Says Japs Will Seek Separate Peace With China, Attack America This Summer

By The Associated Press

WASHINGTON, May 27—Testimony that Japan would seek a separate peace with China and attack the United States this summer was referred to the high command today by Chairman Dickstein (D-N.Y.) of the house immigration committee.

The testimony came from the same man who gave Dickstein's committee two months' advance warning of Japanese plans to attack Pearl Harbor—Kilsoo K. Haan, Washington representative of the Korean national front federation and Sino-Korean People's league.

"If only 50 per cent of what Haan told us yesterday is true," Dickstein declared, "this government should heed his warning."

The New Yorker said Haan had submitted to his committee in October 1941 detailed maps and documents showing the Japanese plan to attack in the Pacific. But, he added, persons close to the Hawaiian government at the time had accused Haan of being a "rabble-rouser" and of "trying to create trouble" in Hawaii.

Haan's information so far, Dickstein said, has been "fairly accurate" and has been reported to the proper officials.

Haan told the committee yesterday that Premier Tojo disclosed during a party at his Tokyo residence last month that Rear Admiral Katsutaro Miyazaki had been chosen to command an invading naval force against the United States and that Gen. Shundoku Hata was to head a landing expedition.

Haan said Gen. Jiro Minami was reported to have told the Japanese privy council last December that Japan would be ready to strike this country between June and October 1943.

Gist of speculative talks in Japan, Haan said in a prepared statement, was that Miyazaki would have at his command 60 per cent of the imperial navy in the planned attack, that General Hata would have more than 100,000 picked troops from the Kwangtung army; and that submarine and air strength would play the most important part in the attack.

After hearing Haan, Dickstein commented: "We can't afford to brush people aside as we did two years ago. This fellow Haan is sincere. I spoke to him two hours before he testified. Statements he made before the immigration committee two years ago have,

unfortunately, borne fruit. Had we paid attention to him then we might have been saved a lot of embarrassment."

JAP DISPUTE MAY CHANGE DEWITT'S JOB

SAN FRANCISCO, May 27 (AP)—Rep. Richard J. Welch (R-Calif.) said today he understood that Lt. Gen. John L. DeWitt will be relieved of his western defense command because the veteran officer and the war department have different ideas on the question of readmitting Japanese to the west coast.

Welch, at his San Francisco home, said he had no way of knowing when the reported change will take place.

The general outspokenly has resisted all attempts to modify his stand excluding Japanese, both American born and aliens, from the coast defense sector, and Welch in a communication to the newspapers of his congressional district said that some elements in the war department favor relaxation of the Japanese exclusion orders.

We will proceed on the theory that peoples have the right to choose their own governments.—Foreign Rehabilitation Director H. Lehman.

MAN GETS DOUBLE DOSE FROM TICK

An unusual result of tick bite was discovered here a few days ago when J. P. Mannos, Pelican Bay camp employe came to the doctor feeling ill and reporting that he had brushed a tick from his forearm a few days before.

It was discovered after an agglutination blood test that Mannos had contracted two diseases from the same bite, B. Tularensis (Tularemia) and B. Porteus OX19 and OX2.

Dr. A. A. Soule, who treated the patient, said that Mannos' lips and finger nails had turned blue as in pneumonia, that he was attacked by chills, and was becoming very emaciated. However, he thought the man would recover, as he had both diseases in the medium rather than the most malignant form.
