BLUE CHIPS HOLD SPOT ON MARKET STAGE

By VICTOR EUBANK
NEW YORK, May 27 (AP)—Blue chips held the center of the stock market stage today, many climbing one to two points to peaks since early 1940. Transfers were in the neighborhood of 1,500,000 shares.

Persistently encouraging war news benefited assorted favorites in the peace category. Aircrafts and other armament issues, while more or less indifferent, displayed little real weakness. Business prospects and mild inflation thinking spurred a number of stocks.

Holding in the "new high" ranks were Santa Fe, Montgomery Ward, Sears Roebuck, Johns-Manville, Allied Chemical, Union Carbide, Du Pont, Dow Chemical, Westinghouse, American Telephone and Texas Co. Ahead most of the time were Bethlehem, Radio Corp., Kennecott, J. I. Case and U. S. Rubber. Backward at times were General Motors, Goodyear, Douglas Aircraft and American Smelting.

Baldwin Locomotives certificates enjoyed a burst of strength when directors voted to redeem the outstanding convertible 6 percent bonds amounting to about \$4,210,000 and declared a 75 cent dividend on the common.

Railway bonds were lively gainers.

WHEAT

CHICAGO, May 27 (AP)—Rye dropped about a cent at times today as profit-taking, following four consecutive days of advance, came into the pit in fairly large volume. The reaction was considered primarily technical. Activity was on a smaller scale than in other sections this week.

After holding about steady most of the session, wheat slumped in the last hour and prices fell below yesterday's finish. Threat of a ceiling continued to act as a restraint upon trading in the bread cereal. Oats eased toward the close under scattered selling.

Wheat closed 1-1/2c lower, July \$1.44 1/2, September \$1.44 1/2, corn was unchanged, July \$1.05, oats were 1-1/2c down and rye lost 1/2 cent.

I guess we've learned now that good words and signed papers are useless unless they have behind them brute force to prevent any chance to inaugurate another world-wide aggressor's war.—Navy Secretary Frank Knox.

CAN'T KEEP GRANDMA IN HER CHAIR

She's as lively as a youngster—Now her Backache is better. Many sufferers relieve nagging backache quickly once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisons to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up twice, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisons and waste from your blood. Get Doan's Pills.

A CAR IS NOT LIKE A CAT!

A cat is supposed to have nine lives. A car obviously has only one. And it is unfortunate but true that many of us, in this country, don't even get all the good out of that one lifetime, for the simple reason that of that one lifetime, there have always been plenty of new cars available when an old one wore out. Now things are different. It's up to all of us to make that one lifetime stretch. In a word, that means *Care!* Regular care—expert care—more thorough care than we ordinarily give our cars. That's where we come in. In peacetime you may look on us as "just a service station" if you like. Now, though, we're running an "Automobile Life Extension Service"—and nothing less. Want to come in and talk it over?
