**HIS LAST SUCCESS**  
 TECUMSEH, Okla. (AP)—"I have diagnosed a thousand cases," said Dr. U. S. Cordell, "and have been able to tell within an hour or two when a person will die."

The 72-year-old doctor had a heart ailment. Carefully he examined himself. Dispassionately he named the day he would die.

The day arrived. He didn't die.

But he took a nap the next afternoon—and never awakened.

If restaurant owners of the whole country would agree on a mentless day we'd at least know which was the official one.

# POPPY SALE 'SUCCESSFUL' SAYS AUXILIARY

All poppies were disposed of at the 25th annual poppy sale of the American Legion auxiliary on May 29, according to Mrs. J. H. Gallagher, chairman. The entire proceeds of the sale will be used for the benefit of needy

veterans of World wars I and II and their families. These poppies were hand-made by the veterans in the Roseburg and Portland hospitals. Materials are purchased by the department and the veteran is paid at the rate of one and one-half cents per poppy for his work. This provides a small income throughout the year for those able to do this work. The American Legion and its auxiliary extends its very sincere thanks to those who helped in any manner toward making this sale a success; especially The News-Herald and KFJ for their assistance in the publicity and to the Camp Fire Girls, Girl Scouts, Boy Scouts and Junior auxiliary for their assistance in

the sale, and those who so generously purchased the little red flower of remembrance. Use of the Red Cross rooms for headquarters is gratefully acknowledged.
