PEACE STOCKS GO UP; SOME LEADERS LINGER

By VICTOR EUBANK
NEW YORK, June 3 (AP)—Most other selected peace stocks moved up in today's market although many leaders elsewhere lingered in the losing column.

Assorted favorites were able to post 1 to 3-year highs with gains of fractions to 2 points. Transfers topped 1,000,000 shares.

Belief that the coal labor controversy was verging on settlement inspired a little bidding and short covering, brokers said.

At peaks for 1943 or longer were General Motors, Chrysler, Yellow Truck, Montgomery Ward, Woolworth, American Can, American Distillers and International Railways of Central America common and preferred. The last named reflected gossip concerning a possible bond refunding operation.

Supported were U. S. Steel, New York Central, Pennsylvania, Great Northern, Oliver Farm and Texas company. Leaders included Santa Fe, Pepsi-Cola, Radio Corp., Boeing, Douglas Aircraft, Anacosta and U. S. Gypsum.

Pepsi-Cola softened in the wake of the Mexican embargo on exports of sugar and sugar products. The company recently organized a syrup manufacturing enterprise in that country. The embargo, conversely, aided some Porto Rican and Cuban sugar shares.

Bonds and commodities were mixed.

WHEAT

CHICAGO, June 3 (AP)—Rye paced an uptick in grains today, moving up more than a cent to new six year highs on aggressive commission house buying and covering by previous short sellers. Strength in rye was reflected in other pits, wheat and oats recording fractional advances.

Buying developed on the basis of a private crop forecast estimating lower production of wheat and rye than the government's May 1 forecast.

At the close wheat was up 1-1/2c, July \$1.44 1/2, September \$1.44 1/2, corn was unchanged, July \$1.05, oats were 1-1/2c higher and rye advanced 1 1/2c.

Fire Destroys Ton Of Meat; Increases Oregon Food Problem

ALBANY, June 3 (AP)—Fire which destroyed a ton of meat and meat products at the Kampfer Brothers market here increased southern Oregon's food problem today.

Most of the burned stock, largely hams and bacon, was for shipment to Grants Pass and Medford, where meat shortages have been reported, said Manager Arnold Kampfer. He estimated the loss at \$1,000 and 13,000 ration points which must be obtained from OPA to replenish the stock.

Fire Chief Don Hayne said the fire broke out yesterday when dripping grease ignited from an overheated pit fire.

The weather all during May has indicated that the best thing to lay aside for a rainy day is an umbrella.

Survivors of Air Liner Shooting Rescued by Boat

LISBON, June 3 (AP)—A radio Roma message from Madrid said today a Spanish fishing boat had rescued five Britons from the Britain-bound airliner shot down Tuesday over the Bay of Biscay.

The survivors were taken from a rubber liferaft, the message said.

(They were not identified in this dispatch).

OPA Seeks Price Control on Liquor

WASHINGTON, June 3 (AP)—Skyrocketing liquor prices have prompted the office of price administration today to seek an improved program of price control.

OPA called on all owners of brands of distilled spirits to file by July 9 complete data on prices, and to describe the method by which they established their ceilings.

STEAKS COST MORE POINTS AFTER SUNDAY

WASHINGTON, June 3 (AP)—Steaks will cost from one to three more points a pound beginning Sunday.

The office of price administration, seeking to divert American appetites to pork, lamb, veal and variety meats, last night announced a general increase in point values of preferred beef cuts such as steaks and roasts.

Fewer points will be required for numerous items of lamb, veal and variety meats, while pork values generally remain unchanged. OPA hopes, however, that the housewife will regard pork as a better buy than heretofore because of the higher points for beef.

Except for chuck or shoulder steaks, upped one point a pound, the ration value of all steaks was increased three points. Round steak will require 12 points a pound, compared with 10 points for pork tenderloin.

The point juggling, according to OPA, adds up to this: Those who buy more lamb, pork and veal and variety cuts will be able to maintain their weekly meat consumption at present levels, but those who insist on beef will have to eat less of it.

Pork now is coming to market in relatively greater quantities than beef, OPA said. Beef slaughter between March 26 and May 21 was almost 10 per cent below expectations. On the other hand, pork slaughter exceeded the forecast by about 13 per cent. The civilian demand for beef, OPA said, has made it impossible for the armed services to obtain their full requirements.

In the first four months of 1943, only 1 per cent of the beef and veal supply was exported under lend-lease, according to Administrator Edward R. Steinius, Jr. Steinius reported total 29,800,000 pounds in the January-April period, which he figured amounted to 0.014 of a pound for each civilian in the United States.

Lend-lease meat exports in the four months totaled 577,300,000 pounds, pork leading with 493,000,000 pounds. Lamb and mutton totaled 54,600,000 pounds.

Four categories of canned fish—crabmeat, sea herring, sea mussels and a half dozen types which had been grouped as "all other" in the official table—were removed from rationing.

U. S. PEOPLE HELD IN MOOD TO SACRIFICE

People of the United States are in a mood to sacrifice, it was declared in an address at the annual meeting of the Klamath county chamber of commerce last night by Cyrus Crane Wellborn, president of the National Association of Real Estate boards.

"After all," he said, "sacrifice is the greatest contribution to the building of a soul. The greater the sacrifice this year, the stronger we are likely to be in character and ideals in 1944 to meet the problems that lie ahead of us."

Wellborn, accompanied by his wife, came here on a nationwide tour from his home at St. Louis, Mo. In his chamber of commerce talk he laid repeated emphasis on the importance of maintaining home ownership as a leading feature of the home front, and of maintaining freedom of the press as an essential to free enterprise.

"Home ownership is the backbone of America and American institutions," said Wellborn. "It is not generally realized that the family and the home are more important in war time than in peace. The boys at the front are fighting for the dear ones at home. They are not fighting for the capital of their state or Washington. They are fighting for home and home is America to them. Home is worth fighting for and dying for."

"Second only to winning the war we must preserve free private enterprise. America was built by free enterprise. Under free enterprise our people have attained a scale of living never dreamed of by people on the face of the globe. Faith and thrift built America—faith in God—faith in country—faith in self. Thrift—the savings of the people and hard work—earnest application to the task and sacrifice have provided all the material things we have had."

"So long as we have a free press we will be able to have free enterprise—opportunity and initiative will be ours. Should the press be stifled and controlled by government—the America of the last 150 years will literally have flown out of the window."

Wellborn was introduced by Claude G. Stotts, Marshfield.

president of the Oregon Association of Real Estate boards, who came here to meet the national president, R. C. Dale, local realtor, presided at the meeting.

Verne Owens, new president of the chamber, outlined plans for the coming year's activities. Don Drury, retiring vice president, spoke for retiring President Mitchell Tillotson, who was ill. He described the change in the chamber program brought about by the war, and reviewed various projects of the past year.

Emphasis on post-war planning was indicated in the reports of both Owens and Drury. Industrial development of the community will receive major attention of the chamber, it was shown.

Mrs. J. L. Juniper sang two numbers.

The post office department has taken this step and rerouted Crater lake mail through Medford because of a general war conservation plan. Since there is a year-round service from Medford to Prospect, Ore., on the Crater Lake highway from Medford, it was decided to send the mail to Crater lake through Medford and discontinue the summer service through Klamath Falls.

However, Postmaster Hawkins pointed out that the service will be discontinued only for the duration.
