Miss Virginia Simpton of Redwood City Pays Official Visit at Joint Meeting of Rainbow Girls

TULELAKE—Virginia Simpton from Redwood City, grand worthy advisor of the state of California for the Order of Rainbow Girls, paid her official visit on Wednesday evening, June the second, to assemblies of Tulelake and Alturas, meeting in joint session. She was accompanied by her mother.

Guests gathered for a seven o'clock banquet in the annex of the Tulelake Presbyterian church, the guest list including, in addition to the officers and members of both assemblies, a number of mothers. Clinton Landis, Klamath Falls, uncle of Miss Simpton, was also greeted.

Guests were seated at long tables centered with low bowls of spring blossoms in the Rainbow colors, columbine and tulips predominating. Pastel shaded crepe paper streamers and tapers added a colorful note to the center motif. Joyce Turnbaugh of the Tulelake assembly presided during the dinner hour.

Dorothy Loosley, chaplain, Malin, offered grace when the guests were seated. Eleanor Kandra was at the piano as the guests assembled.

The flag salute was followed by round table singing of "God Bless America." Rainbow members then introduced themselves and their mothers informally. Good fellowship songs interspersed the courses and Jean Smith, Tulelake, played a piano number.

Following the dinner, Tulelake opened the regular session, the Alturas delegates presenting the guests of honor. Miss Simpton was presented with a gift, later giving an impressive talk on the theme of her administration, "Love and Service in Correlation to War Work." She read also an original poem on the theme.

Musical numbers were offered by Patty Gentry, worthy advisor of the Tulelake assembly, and Phyllis Sutton and Bernice Hartley who played a saxophone duet with Harriett Coulson at the piano.

An informal social hour and refreshments were served after adjournment at the home of the associate mother advisor, Mrs. George Fisher.

Mrs. C. C. Coulson, Tulelake, is mother advisor. Mrs. Amy Jarman is mother advisor for the Alturas assembly and Maxine Altman is worthy advisor.

Oh Boy, Kids! City Summer Play Program Starts Soon

Monday, June 7, another season of recreational activities begins for the youth of Klamath Falls. Each year the city recreation committee and recreation officer make extensive plans for summer recreation for the youngsters of Klamath Falls. According to Dave Bridge, city recreation officer, this year is no exception.

This year's program will hinge around the facilities of Klamath Union high school. Mills school will also be in the limelight for the children who want to take part in the recreation program. The use of the school facilities has been approved by Arnold G. Fallop, superintendent of schools, and by the school board.

Bridge states that the main attractions of the summer program will be shop, arts and crafts, physical activities and swimming. Swimming classes will be held once a week at Butler's natatorium with expert instruction on the fundamentals of swimming. There will also be other methods of entertaining the children, such as bicycle trips, hikes, and trips through various local industries.

Men and women who have had years of youth work will be in charge of the activities, states Bridge. Joe Peak, present head of the city schools physical education program will head the physical activities for the boys

during the summer months. Jeannine Withers, present physical education teacher for the girls at Klamath Union high school, will be in charge of physical recreation for the girls.

Freda Wheeler, for many years a teacher in Klamath Falls schools, and Dwight French, whom everyone knows, will handle shop and arts and crafts at the high school. Helen Prince, also a teacher with years of youth work behind her, will be in charge of arts and crafts at Mills school. Gerald Clemens, one of the old timers in the summer program, will lead the youngsters in physical activities at Mills school.

The summer program will run daily Monday through Friday beginning at 9 o'clock in the mornings and closing at 4 o'clock in the afternoons. There will be no charge for the activities at the two centers, and a very small charge for swimming. The youngsters may come and go as they please, and nothing is compulsory. The summer program will end August 6, and August 8 all interested boys will leave for a week of camping at Lake o' the Woods. One week later the girls will leave for a week of outing.

Dead Cow Helps RAF to Take German Prisoners

ALLIED HEADQUARTERS IN NORTH AFRICA, June 3—(Delayed)—(AP)—Thanks to one dead cow and a helpful Arab, members of an RAF squadron declared today they had captured the last German prisoners in Tunisia.

Five German officers and non-commissioned officers who had been hiding nearly three weeks were rounded up on the Arab's farm after an RAF party fired a few shots in the air.

The affair started when the Arab, who collected payment one afternoon for a cow shot during RAF rifle practice, returned the next morning excitedly exclaiming "cinco."

"What, another five cows shot?" exclaimed the RAF adjutant general.

But the Arab, using signs, indicated that armed Germans were hiding on his farm. Because of the satisfactory settlement made for the loss of his cow, the Arab appeared eager to do the British a favor.

Please limit your call to 5 minutes. Others are waiting

EVEN with a war, we'd like to keep on giving you quick service on Long Distance calls. Most of them go through all right but some routes are crowded—like the railroads.

When the circuit you want is extra busy, the operator will ask you to limit your Long Distance call to 5 minutes.

It won't happen on all circuits, all the time. But when it does happen, we know you'll understand why. It will help to give the other fellow a chance. Tomorrow that other fellow may be you.

Beauty IS YOUR DUTY

By RITA WISENANT

THERE'S one problem lots of women stop by Everybody's to tell me about. What to do about their make-ups during those mad furlough hours when each minute is squeezed dry. Naturally, you can't start to re-do your face just before time to go home. . . and still, the way you look that last hour is the way he'll remember you.

HERE'S a trick the movie stars use when they want to look especially "alive" under the lights. Carry a dry rouge with you, even if you DO use a cream rouge or the famous DuBarry Rouge Parfait. After a LIGHT patting of DuBarry face powder, apply the rouge from the side of your face just below the hair-line, following the line of your jaw, down under the chin and up on the other side.

IN other words, you put the rouge around the complete outline of your jaw. Blend it well, so it doesn't look smeared on. . . and then see how much brighter and less tired your face looks. . . how fresh your make-up will seem to appear.

THERE are tricks to all trades, you know. Maybe I could tell you some more, personally, if you'd care to drop in. You're always welcome at Everybody's.
