

# STOCK PRICES CONTINUE ON UPWARD ROUTE

By VICTOR EUBANK  
NEW YORK, June 17 (AP)—Stocks generally continued on the recovery route in today's market without working up real buying steam.

Rails and selected industrials made fair headway from the start although dealings were among the slowest of the year to date for a full session. Gains ranged from fractions to a point or more at the best but top marks failed to hold in many cases near the close. Transfers were around 700,000 shares.

## OATS DROP CENT IN WEAK MARKET

CHICAGO, June 17 (AP)—Oats dropped more than a cent at times today in a generally weak grain market.

Selling of wheat, some of which was hedging, pushed the bread cereal down almost a cent, but fairly good demand developed at \$1.43 for the July contract. An expanding harvest area in the southwest and more liberal receipts at markets in that area were depressing influences.

At the close, wheat was 1-1/2c lower, July \$1.43-1.43 1/2, September \$1.43-1/2, corn was unchanged, July \$1.05, rye was off 1-1/2c and oats were down 1-1/2c. Despite the slump in futures, cash oats were strong, No. 1 white selling at 74 cents a bushel, highest in several years.

## Combat Bomber Comes Back to U.S. on Own Power

WASHINGTON, June 17 (AP)—"Ready to kiss the ground of the good old USA," 10 bronzed and smiling American heroes stepped out of their battle-scarred Flying Fortress "Memphis Belle" at National airport yesterday.

Veterans of 25 missions over axis Europe, the crewmen were the same who flew the Belle to England eight months ago and the first to bring a combat bomber back from the European theatre under its own power.

Piloted by Capt. Robert K. Morgan, of Asheville, N. C., the plane was greeted by a cheering crowd and high-ranking officials.

The veteran B-17 bomber bore numerous scars of her encounters with axis planes. On her tail was a list of her raids, and on her sides eight swastikas for the German planes downed by her blistering guns.

Responding to a greeting from Gen. H. H. Arnold, chief of the army air forces, Morgan said the Belle had "the best crew that ever was" and added: "What we have done is not unusual—just a combination of teamwork, lady luck, and a bunch of boys working together—and there are plenty of other boys doing the same thing."

The captain then introduced the members of the crew.

Capt. James A. Verinis, copilot, of New Haven, Conn., said he was glad to be back and that personally he was "head-

ing for the nearest milk-shake."

"Here is the guy that did all the work," said Morgan in introducing the bombardier, Capt. Vincent B. Evans, who comes from Henderson, Texas. Evans blushed and said he was not "much at talking. I guess people from Texas will understand that."

Among the crew to whom Morgan paid tribute was Tech. Sgt. Robert J. Hanson, radio-man, of Garfield, Wash.

The crew of the Memphis Belle is expected to make a brief tour of industrial plants and air forces installations, after which some may be assigned as instructors of fliers training for European combat.

## News of the Commandos

We have received a very urgent request from the 363rd infantry at Camp White in the way of furnishings for a day room. They are converting their recreation hall into a place where enlisted men and their friends can come to relax, read and entertain themselves.

The situation is this. . . They are trying to convert a bare hall into an attractive day room. In that case, they will need sofas, divans, rugs, tables for writing purposes and games, floor lamps, drapes, bookcases, magazine stands and anything else you might have to make their room comfortable.

Why not look in that attic or store room and see if you have some usable article of furniture that would help to make a home-like room for these boys.

Ralph Peterson, of Klamath Falls, who is home on furlough, stopped in at the center yesterday. Ralph has been in Alaska for the past eight months and is now stationed at Fort Lawton, Wash.

We wish to thank the following girls who were hostesses at the center last weekend while the Commandos were at Camp White: At the center—Emma Harrison, Jean Stahl, Dorothy O'Sullivan, Beulah Cotter, Tessie Wiley, Alice Hall, Opal McDonald, Bernice Knapp, Sylvia Thompson and Phyllis Rankin.

At the army concessions—Faith Hunziker, Jeanette Phillips, Patty Croup, Jackie McLellan, Clarice Holmes, Shirley Mayhew and Lucille Russ.

The following letter was received at the center last week from William Ray Stilwell, a Klamath Falls boy, somewhere in the South Pacific with the United States marine corps:

The USO Commando Club Klamath Falls, Ore.  
Hello Girls:  
My mother has been telling me about your club. I am very proud of all of you. It makes me feel great to know that "my" home town is known by all marines. I don't know if you girls realize it or not, but you are doing a lot towards winning this war. Morale is very vital to winning it. I am sure you are showing the boys a good time, and I kind of wish I were there too. Well, it won't be too long before I'm coming back, then you can show me a good time also—and, brother, do I need it (I mean the morale).

I am now stationed in the deep South Pacific where coconuts, bananas, pineapple and palm trees grow. Yes, a beautiful place but I'll settle for one of Burr-O-N's milk shakes.

Say kids, if anyone ever tries to tell you the South Sea girls are Dorothy Lamours, well, take it from me, they have never been here.

If any of you girls happen to see Carl Baker, tell him Bill said "hello." Also to write. Well kids, I am looking forward to the time when I can see you all again. Meantime I would like to hear from each and every-

one of you. And remember, I'll be delighted to answer. It's pretty lonesome down here.  
Keep 'em smiling.  
Sincerely yours,  
Wm. Ray Stilwell, USMC.
