HERE at Everbody's I've watched leg make-up grow from a fad to a fashion, almost overnight. It's fun, it saves precious hosiery for special occasions... it definitely is NOT harmful to the skin.

ON the contrary, to get the best results, your legs must be properly groomed, and that, in itself, is beneficial.

DUBARRY Leg Make-up is the liquid type which, incidentally, leads in popularity. It is the kind most women prefer because it goes on the easiest, dries in a jiffy, doesn't feel sticky or greasy, and looks so soft and flattering on the legs.

A smooth-skinned leg is the first guarantee of a good leg make-up job. DuBarry Foundation Lotion is one sure, quick way to get legs in shape (no pun intended)... because it smooths and softens the skin of your legs beautifully. Special Cleansing Preparation is another quick way to smooth out your leg skin... and to remove callouses.

DUBARRY Foundation is \$1.25 for a good sized bottle and is perfectly wonderful as a face powder base, too. DuBarry Special Cleansing Preparation is \$1.00.

I KNOW you'll enjoy leg make-up (30 pairs to the \$1.00 bottle of DuBarry Leg Make-up) especially these Victory-Gardening summer days.

—RITA.
