at Birmingham, Ala., it was forced to have its coke oven production and added that its four blast furnaces there and one at Gadsden were operating at only 80 per cent of capacity. At Pittsburgh the Carnegie-Illinois Steel Corp. banked its first beehive coke ovens, asserting the company's coal stockpile still was materially reduced as a result of the second walkout which closed 11 of the firm's 23 blast furnaces in that area.

Pennsylvania with 200,000 hard and soft coal miners and West Virginia with 130,000 bituminous workers represented more than three-fifths of the total number idle. Numbers of UMW miners in other states include 60,000 in Kentucky, Illinois 25,000, Alabama 22,000, Virginia 23,500, Ohio 21,000, Tennessee 10,000, Indiana 8,000, Arkansas-Oklahoma 6,000, Colorado 6,680, Wyoming 4,100, Utah 3,300, Iowa 2,000, New Mexico 1,800 and Montana 1,300.

SEATTLE, June 21 (AP)—Coal mining operations were halted in Washington state's 57 mines today, as more than 2000 workers stayed away from their jobs.

TACOMA, June 21 (AP)—The Wilkeson Coal and Coke company, largest coal producer in Pierce county, closed last midnight as miners joined the nationwide UMW walkout. Carydon Wagner, president, disclosed today. Wagner did not reveal the number of men involved.

The army is giving assurance that equitable adjustments will be made for any damages which may result from the maneuvers, but normal farming, stock raising and lumbering is intended to continue as usual, the governor pointed out.

The Four Freedoms

By EARL WHITLOCK

Too many people, thinking hurriedly, are apt to feel, of the Four Freedoms, that they form a fine, full-sounding, 64-dollar phrase, all right, but that, after all, it wouldn't be practical to try to guarantee them to the world. They consider them impractical, purely an unattainable dream of idealistic theorists.

But, if you will think carefully, you will realize that the Four Freedoms are a national MUST. Simply because, after we have won the war, any nation which, for a time, suffers from repression of speech or of religion, or which feels fear of some neighbor nation, or which suffers from want during a lean year or two—in that nation, as sure as the sun shines, there is bound to arise some power-hungry leader who will get up on his soap box and proclaim that, if the people will only follow his leadership, he will lead them through a successful war which will right their wrongs.

On the other hand, when all nations shall enjoy the Four Freedoms, no rabble rouser can find anything to get his teeth into. A contented people cannot be roused to grab their guns and to go to feuding with their neighbors.

If war all over the world is to end, all the world must have the Four Freedoms. Otherwise, we shall know peace only in the brief intervals between wars.

Next Monday Mr. Whitlock of the Earl Whitlock Funeral home will comment on "That Viewpoint That All Is Sweetness and Light."

Cannery Workers Get Pay Increases

SEATTLE, June 21 (AP)—George B. Noble, chairman of the regional War Labor board, said today the office of economic stabilization has approved a decision awarding pay increases averaging 10 cents an hour to 60,000 Washington and Oregon vegetable and fruit cannery workers.

the presence of the threat." Not Powerless "We think," Stone added, "that constitutional government, in time of war, is not so powerless and does not compel so hard a choice if those charged with the responsibility for our national defense have reasonable ground for believing that the threat is real."

"The challenged orders," Stone said, "were defense measures for the avowed purpose of safeguarding the military area in question, at a time of threatened air raids and invasion by the Japanese forces, from the danger of sabotage and espionage."

Challengers Told Those challenging the regulations were Gordon Kiyoshi Hirabayashi of Seattle and Minoru Yasui of Hood River, Ore. Hirabayashi, a senior at the University of Washington at the time of his arrest, was sentenced to three months' imprisonment for violating the curfew regulation and for failing to report to an evacuation center. Yasui, a graduate of the University of Oregon, was sentenced to one year's imprisonment and fined \$5000 for violating the curfew regulation.

Approximately 70,000 American citizens of Japanese ancestry were said to have been evacuated from their homes under the orders.

SEATTLE, June 21 (AP)—Gordon K. Hirabayashi, whose conviction for violating war-time Japanese regulations was affirmed today, will be brought here to serve his sentence as soon as the supreme court mandate is handed down, Assistant U. S. Attorney Gerald D. Hile said today. Hile said Hirabayashi, at liberty on bond, has been in the east.

PORTLAND, Ore., June 21 (AP)—Minoru Yasui, 26-year-old American-born Japanese whose appeal on a conviction of violating the military alien curfew was denied today by the supreme court, will serve his one-year sentence in a federal prison to be determined by the attorney-general.

DEWEY FAVORS HOG KILLING IN WEST

COLUMBUS, O., June 21 (AP)—Gov. Thomas E. Dewey of New York asserted today he favored killing western hogs if that would provide greater grain feed for eastern dairy cattle and poultry.

His remark came in a discussion with two western governors at the opening session of the Annual Governors' conference, and followed an assertion by Dewey that unless more grain became available in the east milk rationing might become necessary by October.

Gov. Henry F. Schreicher of Indiana told Dewey his state had more hogs than ever before and the grain was necessary to feed them.

Bank Robbed by Man With Explosive "Black Box"

PORTLAND, June 21 (AP)—Threatening to pull a switch on a little black box and blow everybody up, a young man held up a First National bank teller today and escaped with \$2000.

Police Detective T. L. Inskeep said the man pushed a note over the counter to Special Teller Stanley Childs. "This is a holdup," it read. "Act quickly. Hand over the money."

The teller hesitated, the officer said, and the man then opened a little black box containing what looked like small rolls of dynamite. "If you don't hand over the

Air Power Teams With Sea Power to Beat Sub Menace

LONDON, June 21 (AP)—Land-based bombers, escort carrier planes and warships, teamed in the allied effort to clear the Atlantic of Hitler's submarines, are credited officially with beating off "one of the fiercest and most sustained offensives ever mounted" against convoys in a five-day battle last month.

British authorities announced last night that from two to five of the submarines were destroyed and that the air and surface

Cutback in Meat Prices Effected By Subsidy Pay

WASHINGTON, June 21 (AP)—An average, 3-cent pound reduction in the retail price of most meats went into effect today—the second of three price rollbacks undertaken by the office of price administration (OPA) through payments of subsidies.

The cutback affects all meat except cured and processed pork, but those cuts will come under the subsidy plan July 5. The new meat prices followed a ten per cent reduction in butter prices earlier this month. A similar reduction is scheduled for coffee prices, but an effective date has not yet been set.

WRONG SURPRISE

PHILADELPHIA (AP)—The "surprise" 10-year-old Danton Jacobs planned for his parents was a dinner, cooked all by himself.

He surprised them, all right. Returning from a half-hour visit with friends, they found the stove, windows and dishes shattered.

Danton, dazed but unharmed, admitted he might have waited too long to light the stove after turning on the gas.

as large," the ministry said. "No industrial town in Germany has up to the present been so completely wiped off the map."

Great waves of RAF bombers swept out in daylight today to resume their battering of the European continent. A 90-minute silence of the Kalundborg radio in Denmark suggested another raid on northern Germany. The drum of motors was heard continuously for more than a half hour.

The reports of night attacks were not immediately confirmed by British officials, but the attacks were foreshadowed by widespread alarms last night in northern Swiss cities.

NO SPRING-TIME CAMP ROBERTS, Calif. (AP)

Pvt. Franklin S. Riley has one of those self-winding wrist watches.

It stopped. A jeweler took a spring out of the watch, advised the soldier to return it to the dealer for repairs.

"Whatever you do, don't lose this spring," the jeweler cautioned.

Riley slipped the watch on his arm. It started running — has been ever since.

The spring? He hasn't lost it. It's in an envelope.

STATE TROOPS MOBILIZED TO HALT TURMOIL

crowd which gathered, many of whom were shoppers attracted by the commotion.

The physician who was fatally beaten as he was answering a call in the riot area was identified as Dr. Joseph E. Horatilis.

Six negroes also were dead, victims of the racial flare-up, and a police sergeant was critically wounded in a gun fight with a negro store-robbing gang.

Troops Mobilized

Captain Donald S. Leonard of the Michigan state police said the governor had directed mobilization, at two Detroit armories, of 1000 state troops picked from the best-trained companies in the state. In addition, he said, between 400 and 500 members of the state police force including those in Michigan's upper peninsula, more than 300 miles from Detroit, were already mobilized and standing ready for action if needed.

Governor Arrives

Governor Kelly arranged to fly to Detroit from Columbus, O., where he had gone for the annual governors' conference.

He said at Columbus, "I am not declaring martial law. I am trying to hold the situation without that."

"We've got to stop this today if we're ever going to," the governor said.

Five Killed

Five of the negroes killed had been identified at noon. They were William Hargdes, 27, and Robert Davis, 28, shot by a policeman at Division and Hastings street after a clothing store was looted; Carl Lincoln Singleton, 19, shot by a policeman who said he threw a brick at an officer; Anderson Lawrence Ford, shot during a disturbance at Kenilworth and Oakland avenues; Samuel Johnson, 27, who bled to death when his left thigh was cut by part of a broken plate glass window.

An unidentified negro was shot and killed by a policeman while looting a grocery and meat market at 2310 St. Antoine street.

Groups of negroes and of whites milled about on street corners in a wide section bordering and northeast of downtown Detroit, hurling stones and bricks at passing automobiles bearing members of both races. Automobiles were overturned. Police reported every window on Hastings street, "Paradise Valley" of the Detroit negro section, broken for a distance of 25 blocks.

Hospitals were crowded with persons awaiting treatment of injuries. They stood or sat in corridors.

Before noon police had arrested 326 persons on charges ranging from felonious assault to disturbing the peace and carrying concealed weapons.

All saloons in Detroit and suburban Hamtramck were ordered closed. Police directed pawnshop and hardware store operators to remove from windows and shelves all stocks of guns, ammunition and knives and to lock them in safes.

Spaatz' Airmen Bring New Havoc To Sicilians

By HAROLD V. BOYLE

ALLIED HEADQUARTERS IN NORTH AFRICA, June 21 (AP)—Lieut. Gen. Carl A. Spaatz' air fleets were declared officially today to have wrought new destruction upon Sicilian targets from Marsala to Messina straits—shooting down 16 axis fighters in the process—and the Rome radio said Naples and four other Italian mainland cities also were raided yesterday.

Medium bombers and fighters cooperated to round out heavy weekend blows against Italy and Sicily.

The Italian high command communique, broadcast from Rome, said Naples, a major west coast supply port; Foggia, a railroad city near the spur of the Italian boot; Spinazzola, 45 miles to the southeast; and Reggio Calabria and San Giovanni, on the toe of the boot, were attacked by allied airmen yesterday.

(These raids were not reported in allied announcements, but the Italians have on occasion told of such trusts before they were reported by Northwest Africa, Malta or Middle East communique.)

He said at Columbus, "I am not declaring martial law. I am trying to hold the situation without that."

Observers said their first impression when the session broke up was one of a bitter deadlock, but some committee members later indicated that the mere fact that De Gaulle, Giraud and their adherents agreed to meet again tomorrow gave them hope for an eventual compromise.
