

GIRL SCOUT CAMP TO BE HELD IN JULY

The Girl Scout camp committee has announced that summer camp will be held at Camp Esther Applegate from July 1 to 31, two one-week sessions.

American Planes Rest as British Blast Comiso

ALLIED HEADQUARTERS IN NORTH AFRICA, June 24 (AP)—British heavy bombers from the Middle East command swept across the Mediterranean to attack the enemy airdrome at Comiso in Sicily on Tuesday night while twin-engine Wellingtons from northwest African bases blasted Olbia in northern Sardinia.

Communications today said the heavy bombers caused two violent explosions and set two large and a number of smaller fires at the Comiso airfield and that the Wellingtons left several fires burning on the Olbia docks.

Macassar Gets First Battering From Americans

(Continued From Page One) miles in land-based Liberator bombers to strike in daylight yesterday at Macassar but they appeared in great force, squarely hitting an enemy cruiser and a cargo ship and starting dock fires visible for 70 miles.

Fire Destroys Nine Roseburg Business Houses

(Continued From Page One) Jackson and Cass streets, the area directly swept by the flames. The blaze was discovered about 8:30 a. m. and spread rapidly to communicating basements and roofs.

NICKERSON ELECTED

EUGENE, June 24 (AP)—Dell E. Nickerson of Portland, who joined the carpenters' union in Portland years ago, was assured of reelection to another two-year term as executive secretary of the State Federation of Labor here today.

THOUSANDS OF UMW MEN STILL REMAIN IDLE

(Continued From Page One)

also was reported from Virginia, Kentucky and Illinois. At least 4000 of Illinois' 25,000 UMW members refused to resume work, an action which the union's vice president interpreted as a protest against the war labor board's denial of partial-to-partial pay demands.

Thousands Out

Thousands of anthracite miners in eastern Pennsylvania also refused to go back to their jobs. Reports from the field showed at least 25,000 of the hard coal industry's 83,000 miners idle, including virtually all of the 15,000 employees of the Glen Alden Coal company, world's largest producer.

Vote Stoppage

At least five UMW locals in the anthracite region, with a membership of more than 4000 voted formally to continue their work stoppage.

West Belgorod Action Stirs Speculation

MOSCOW, June 24 (AP)—An assertion in the soviet midnight communique that Russian units had struck at German defense lines west of Belgorod stirred the speculation of Moscow military observers today, since the town, on the lower-central part of the front, long has been in German hands.

Belgorod is 40 miles northeast of Kharkov, which also is held by the Germans.

Whether the reported soviet action west of Belgorod means the Russians have captured it recently, without making any public announcement, or whether they merely slipped around the town for a quick thrust remains to be explained here.

Two Army Planes Crash, Burn Before Passenger Train

SOUTHVILLE, Mass. June 24 (AP)—Two army planes collided and burst into flames at a high altitude today and one of them crashed directly in front of a six-coach passenger train, bound from Worcester to Boston, derailing the engine and five of the coaches.

Calm Returning To Detroit After Rioting

DETROIT, June 24 (AP)—Curfew and other restrictions imposed by Governor Harry F. Kelly on nearby Oakland and Macomb counties after race rioting in Detroit this week were removed today. Both counties include some Detroit suburban areas.

Removal of these restrictions, announced by Governor Kelly after a conference with Mayor Edward J. Jeffries Jr. and Brig. Gen. William E. Guthner of the army's sixth service command, in charge of troops patrolling the city, restored normal activities in the two counties.

All sales of bottled liquor by state stores and specially designated distributors still were prohibited, as was assembly of crowds on public streets and the carrying on weapons by any persons other than the police or military authorities.

Mayor Jeffries said he had recommended relaxation of the local restrictions after receiving a report from Police Commissioner John Witherspoon that the city was fast returning to normalcy.

Those who did the killing and looting in Detroit's race riot were hunted down relentlessly as the death toll climbed to 31.

NEW BOMBING TECHNIQUE IN USE BY RAF

(Continued From Page One)

U. S. Flying Fortresses and Liberators were among them.

No Retracting

Air observers said the most obvious advantage was that the raiders were able to land and reserve without retracting a course along which the enemy defense already had been alerted by the outward passage.

The Lancasters made a run of some 1250 miles each way, going 500 miles to Friedrichshafen in southern Germany and presumably 750 miles more to the nearest North African bases.

On the way back they winged about 550 miles to La Spezia and 700 home. Thus each trip was somewhat shorter than the regular 1400 miles round trip to La Spezia. None of the planes was lost.

Pick Up Offensive

Formations of Allied planes picked up the offensive again in daylight. During the morning aircraft were heard over Folkestone, winging toward northern France and Belgium.

Official air sources declined to speculate on whether the successful trial trips across Europe could be accepted as a pattern for the future.

Maj. Gen. James H. Doolittle's attack on Tokyo was a partial application of the principle in that the U. S. bombers took off from a carrier and landed in China.

The RAF feat aroused speculation as to whether the U. S. air forces might stage similar raids. The range of the Flying Fortresses and Liberators would make such runs possible at least across France to North Italy.

Officially described only as "several squadrons," which means at least several dozen planes—the Lancaster force was strong enough to ravage three acres of the important radio location equipment plant in the Zeppelin works at Friedrichshafen and also to severely damage the Maybach Werke motor plant on the way out.

On the return trip the docks at La Spezia were bombed accurately, the communique said, and stores of oil set afire.

The La Spezia attack represented the first RAF assault on northern Italy since April 18, when a big fleet of bombers hit the naval base there.

Nazis Prepare To Fight Off Allied Invasion

WASHINGTON, June 24 (AP)—Indications that Germany is moving huge forces into France and Italy in preparation to fight off an invasion were reported today by Secretary of War Stimson.

He asserted also that "an extraordinary lull" in ground fighting on the Russian front has occurred although the weather has been highly suitable for military operations.

There are indications, Stimson told a press conference that "the Germans are materially strengthening their forces in France." He added that reinforcements are understood to be moving in "for the fascists in Italy."

Stimson estimated that from 10 to 12 German divisions have been moved into France and several into Italy.

"They may or may not have been withdrawn from the Russian front," he said. "And they may have been reserves from central Germany."

He also reported that bombing raids over Europe in which large forces of Nazi fighter planes have engaged American and English bombers indicated a concentration of air fighter strength in western Europe.

Stimson continued that reports showed that Germany is concentrating "large numbers of fighter planes for protection of military and industrial areas on the home front." Probably many were withdrawn from the eastern front which may be one reason for the lull in operations there.

Kiwanis Buying Spree Sets New High in Bond Sales

(Continued From Page One)

ath county war bond committee, told of the progress of the bond campaign to date and particularly commended the Kiwanis club plan of spreading the organized bond buying campaign into communities outside Klamath Falls.

Already, he said, a marked upswing in bond buying from these communities has been noted. It was also emphasized that none of the contest bond figures had been bought through payroll plans.

Allotment of purchases at the meeting today was announced by the tallying committee as follows: Henley \$14,575; Keno 13,525; Malin 26,275; Merrill 26,600; Bly 6,100; Bonanza 1,550; Sprague River 5,225; Chil.-Fort Klamath 22,275; Gilchrist 7,575.

CITY BRIEFS

Wisconsin Visitor—Mrs. John Bowman, and her daughter Geraldine, of Stanley, Wis., were visitors of Mrs. R. A. LaLonde, 623 Upham, for three days. Mrs. Bowman left Thursday morning for Portland, where she will visit with her brother, and Geraldine left for San Francisco. Mrs. Bowman will return to Wisconsin after her visit, but Miss Bowman intends to work in the Portland shipyards. Mrs. Bowman is Mrs. LaLonde's cousin.

From Portland—Mitchell Tiltson, manager of the Klamath Falls branch of the First National bank of Portland, returned home by train Thursday after attending a session of the Oregon Bankers association to which he was named vice president. Tiltson reported the annual meeting streamlined to meet war conditions.

Recruiting Officer — On or about the first or second of July a traveling United States coast guard recruiting party will be in Klamath Falls to interview youths between the ages of 17 and 18 and men between the ages of 38 and 45 interested in enlistment in the coast guard.

In North—Ed Johnson of the Pauley Packing company has returned from Portland where he was called on business.

Police Court—In police court Thursday morning there were five drunks, one drunk and disorderly, and two traffic ticket cases. Max Soto was charged with selling liquor to an Indian.

"Buckaroo Days" To Be Ruled by Queen, Princesses

(Continued From Page One)

tiveness, poise and appearance as they appear on the stage Saturday night. One girl will be chosen queen, the rest will function as princesses of the rodeo.

Lynn Roycroft will be master-of-ceremonies at the dance, which will be held at the armory from 9 to 11 o'clock. Baldy Evans band will play, and Commandos will play the proceeds from all Buckaroo Day functions, will operate the checkroom, the ticket booth, and the coke concession.

WAGE DEMANDS MADE BY AFL MILLWORKERS

(Continued From Page One)

contain a provision which calls for a 90-day notice to employers before negotiations can take place. That time has now expired since the demands were made March 8.

The present minimum wage in most operations is 874 cents per hour, including both day and night shifts.

Five Demands

The five-point demand by the union on wages and working conditions are given here:

- 1. A minimum wage of \$1.05 per hour to shorten the gap between lumber wages and wages in other types of war work.
2. A guaranteed work week of not less than 48 hours to insure the best possible utilization of existing manpower.
3. A differential of 4c per hour for the second shift, and a differential of 7c per hour for the third shift to keep men from leaving the industry to get day shift jobs elsewhere.
4. A bonus of a dollar per day for men remaining on the job 90 days or more to stop "floating."
5. An adjustment in the bracket scales so as to establish a standardized wage for all jobs and classifications.

'Draft Club' No Substitute for Anti-Strike Bill

(Continued From Page One)

duction into non-combat military service. This would take in many of the older miners.

Some quarters interpreted this to mean strikers would be put into uniform and under army discipline returned to their coal digging jobs at a private's pay of \$50 a month. Chairman William H. Davis of the war labor board (WLB) has estimated their present pay scale for a six-day week at \$49.60, or about four times as much as army pay.

On Business—Webb Kennett has been spending a short time in Portland on business.
