

ROLL-BACKS IN EFFECT UNTIL LAW ENACTED

WASHINGTON, June 29 (AP)—Roll-backs in the prices of meat and butter will remain in effect until final enactment of a law against subsidies.

Office of Price Administration (OPA) officials declined comment today on the action of the house and senate in voting, in different language, against food price-cutting subsidies to processors but emphasized no immediate price changes were in prospect.

OPA had announced that coffee prices would be rolled back but this program never went into effect, and it was understood today that coffee had been abandoned in favor of some other commodity, possibly flour.

Retail butter prices were reduced an average of about five and one-half cents a pound, or ten per cent, on June 10.

The subsidized roll-back of meat prices went into effect June 21. These prices were reduced about three to six cents a pound, for an overall average of about ten per cent. Subsidies for cured pork are scheduled to go into effect July 5.

Should the senate and house conferees reject the subsidy program, and no acceptable substitute be found, retail prices of meat and butter eventually would be increased to consumers.

Many preliminaries, however, would have to be disposed of before retailers could increase their present ceilings.

Keith Ruconich Replaces Tom-Toms With Telephones For Army in Guinea Jungle

SOMEWHERE IN NEW GUINEA, June 21 (Delayed) (AP)—The telephone has replaced the native tom-toms as the speediest means of communication in New Guinea, and the boys who did the replacement job received the praise of generals tonight.

At a New Guinea equivalent of a banquet, the Signal Battalion Construction company which built the army's network of telephone and telegraph lines on this island received the official commendation of Lieut. General George C. Kenney, commander of the fifth air force.

extremely adverse conditions from October, 1942, to March, 1943, in construction and installation of 95 miles of telephone and telegraph lines in New Guinea."

The citations of valuable service went to these enlisted men, among others:

LAKE SCHOOL ELECTION HAS LIGHT BALLOT

LAKEVIEW — A light vote was cast at the election held Monday for school district No. 7. Thirty-seven favored and six opposed the exceeding of the 6 per cent Oregon constitutional limitation on tax levies for the district to meet increased costs of operation. In accordance with the vote the budget for 1943-44 was also approved by the voters.

Only three names appeared on the official ballot, Larry C. Fitzgerald and Mrs. Lulu McKendree being reelected and Ray Harlan as the only new member of the board. The vote was:

Fitzgerald, three-year term, 44.

McKendree, four-year term, 33.

Ray Harlan, five-year term, 43.

Lloyd Ogle, whose name was written in, received 10 votes.

LANGELL VALLEY SOIL DISTRICT MEETS

LANGELL VALLEY—The regular monthly meeting of the Langell Valley Soil Conservation district was held Saturday at 8 p. m. It was found necessary to raise the hourly charge on the RD-8 tractor to \$4, to cover an increase in wages granted the operators. It was stated that even at this higher rate per hour the large tractor was doing cheaper work than the small one had.

The progress of the first half of 1943 was reviewed. It was found that the district had assisted in leveling nearly 300 acres this spring in spite of the inclement weather. As nearly all of this land is going into war crops, the supervisors felt that the district has materially aided in the war effort.
