COMMODITIES HOG LIMELIGHT FOR UPSWING

By VICTOR EUBANK
NEW YORK, July 1 (AP)—

Soaring commodities, again apparently responding to a revival of inflation psychology, hogged the limelight in today's financial markets.

Grain futures shot up 1 to more than 2 cents a bushel, with oats at a 23-year peak, before attracting sufficient offerings to stem the rise.

Stocks were at their best in the forenoon, rails and air transports leading a fast swing in which assorted favorites touched highest levels since late 1939.

Profit-taking then appeared and the pace slowed. Initial gains running to a point or more eventually were reduced or changed to small declines in many cases near the close.

Transfers were around 1,000,000 shares.

Registering top figures for 1943 or longer were Western Union, Consolidated Edison, Eastern Airlines, Pan American Airways, Republic Steel, Chrysler and American Can.

Ahead of the greater portion of the session were Santa Fe, Union Pacific, S. Steel, Dow Chemical, American Airlines and Public Service of N. J.

Laggards included Bethlehem, General Motors, International Harvester, Douglas Aircraft, U. S. Rubber and Cerro de Pasco.

Both Western Union and Postal Telegraph Preferred exhibited strength as the time approached for a merger vote by shareholders of these companies.

Woolworth slipped after an early jump to new high ground. Cutting of the dividend by Woolworth Ltd. of England seemingly chilled the stock of the local company which has derived sizeable income from its holdings in the British concern.

Bonds were narrow.

WHEAT

CHICAGO, July 1 (AP)—All grains surged upward in a broad, active trade today, reflecting increased demand in cash markets, a boost in the loan rate on wheat and congressional approval of anti-subsidy legislation.

Wheat was up about 2 cents at its extreme highs.

Profit-taking appeared in all pits near the close, canceling some of the early gains.

Turnover appeared to be as active as yesterday when 35,950,000 bushels of wheat, oats and rye were traded compared with 17,316,000 bushels for the same grains a year ago.

After hitting the highest prices since early March, wheat closed 13-14 cents higher, July \$1.48 1/2, September \$1.48 1/2, oats were up 1-1c, July 60c, and rye was ahead 1-1c, July \$1.03.

HOTTEST STARS

The constellation Orion includes the most massive and hottest of all the stars. Their surface temperatures are believed to be at least as high as 20,000 degrees.

Increases Expected In New Agriculture Machinery Quotas

WASHINGTON, July 1 (AP)—Congressional farm leaders said today that new agricultural machinery quotas for 1944, soon to be announced by the war production board, would range up to 150 per cent of peacetime normal.

Some types of implements, however, will be limited to lesser quantities, down to 45 per cent for certain types of cultivators. The overall allowance will be about 80 per cent of the 1940-41 production and purchases.

AG MAN SAYS SPUD GRADING NOT TO CHANGE

PORTLAND, July 1 (AP)—Oregon potato grade standards probably will remain unchanged, Walter Upshaw, state department of agriculture manager here, predicted Monday.

Upshaw said his opinion was based on the proceedings of four hearings held in the state's top potato-growing regions on dealers' request for a new commercial grade.

At the final meeting here yesterday, Upshaw said, most dealers appeared willing to bow to the demands of the growers who in all the meetings were almost unanimously opposed to a new grade. The proposed grade would be 80 per cent No. 1 and 20 per cent No. 2 standards.

Most dealers conceded, he said, that the interests of the growers were foremost. Growers contended that they depend upon high quality in competition with other states.

Dealers initiated the request for a new grade, claiming the present grading system places them at a disadvantage under OPA price ceilings.

Potatoes

CHICAGO, July 1 (AP)—Potatoes: Arrivals 120; on track 288; total U. S. shipments 883; supplies moderate; demand for best stocks good; best quality California Long Whites, market firm; Arkansas Bliss Triumphs, market stronger; for poorer stock in all sections, market dull; California Long Whites, U. S. No. 1, \$3.83-4.00; "commercials, \$3.50-3.75; Arkansas Bliss Triumphs, U. S. No. 1, \$2.95-3.25; Victory grade \$2.00.

Bonanza

Mr. and Mrs. Lloyd Beebe were hosts at a birthday dinner Sunday, honoring Mrs. F. W. Brown. Covers were laid for Mr. and Mrs. Brown, Martin Brown, June Marie Brown, Mr. and Mrs. Beebe, Vera Mae Beebe.

Mr. and Mrs. Eugene Hibbs are painting the Signal service station operated by Ernest Ayers. Mr. Hibbs recently finished painting the F. W. Bold residence.

Mr. and Mrs. John Satterfield and four children of Dallas are visiting his parents, W. H. and Mrs. Satterfield.

Mrs. George Black visited friends at Ashland over the weekend.

Friends gathered at the Lloyd Hankins home Friday evening for a farewell party honoring Mr. and Mrs. Eugene Hibbs. The Hibbs plan to leave soon for Newberg.

Mrs. F. W. Brown and son Martin attended the wedding and reception of Mr. and Mrs. Jack Liskey at Tulelake, Saturday evening. June Marie, daughter of Mrs. Brown and a bridesmaid at the wedding, returned to Bonanza to spend the weekend with her family. Miss Brown is now living at Medford.

Mrs. Erwin Shanz and daughter Charlotte spent Tuesday afternoon with Mrs. Henry Schmor.

INSECT AIR WAR

The United States marines were first to use airplanes to spray large areas of ground for the elimination of mosquitoes and larvae.

Watching the maneuvers of planes, their sudden dives, loops and barrel rolls, one might think that a contest in stunt flying was in progress; but a sudden burst of flame and a black plume of smoke trailing behind a falling plane banishes any idea of peaceful sport. On the land appear the results of battles; smoldering planes marked with black crosses on the wings, and the charred and bloody bodies of German aces.—Soviet correspondent in the Kuban area.

Peekin' 'Round the Paddocks

By BETH CHASE
In racing jockeys are very important though scarce due to so many being in the armed forces, but Courtney Gordon, a young chap and a mighty fine boy, has a unique style of riding. Courtney is only sixteen years of age, but shows skill and horsemanship in the manner a professional would demonstrate it. Good luck, Courtney on your mounts.

Well, sir, more and more horses are arriving daily for the races next Sunday and Monday. Jim Stevenson of Tulelake brought in a powerful looking thoroughbred called Radio Hour. Trinnis Lemhart, a well-known local man, breezed a couple this afternoon, two sorrels bearing the titles, Frost Sox and Marvieu Lou. Mighty pretty, I call 'em.

Folks, the fairgrounds are a buzzin' with good 'hot bloods' and, I understand, reservations have been made for several head to arrive Thursday or Friday from Portland. All in all the racing situation looks well in hand, and I might add, the very capable hands of R. C. Woodruff.

All you fellers who intend to enter horses in some of these races better get busy. Entry deadlines is Saturday nite. Better dab a line on your mustang and drift into town for the show. Display your riding ability and get rid of a little nite club tan.

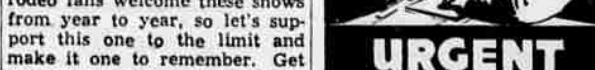

The cow-horse race is arousing plenty of interest with more entries to come, but there is a little brown mare going in this race, I betcha won't have time to cook a pot of beans before she noses under the finish wire. At least, that's the way I got her sized up, but the more I look around, the more I don't know which to place a bet on the days the races take place—next Sunday and Monday.

Dale Mattoon was certainly up before breakfast and out to the track with all necessary equipment for whipping the ground into shape for the broomtails, which pleased the horse owners. Throughout the Klamath basin, rodeo fans welcome these shows from year to year, so let's support this one to the limit and make it one to remember. Get out your western outfits and get people thinking and talking Races! Rodeo! There's a lot of experienced riders and full-

URGENT BUSINESS

Our most urgent business today is to do everything within our power to help win the war. For the duration, accommodations for military personnel are considered of FIRST importance. In this way we hope to provide real rest and relaxation for our men who devote long, hard hours to direct war effort. We know you agree this policy is right!

Without Painful Backache
Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Hike 250 Miles to Safety After Alaskan Plane Crash

ANCHORAGE, Alaska, June 30 (AP)—One-legged Norman Dokken and three others were safe here after surviving the crash of a small passenger plane in the mountainous Iliamna lake region, 250 miles west of here between Cook Inlet and Bristol Bay.

Dokken managed to trek help-way from the wreck to a cabin 20 miles distant and then camped by himself until the rest of the party could bring back help.

Jack Waterworth, Woodley Airways bush pilot, was summoned with a pontoon plane and landed on Lake Iliamna and brought the party safely here.

Besides Dokken the party included Robert Hall, pilot of the crashed plane; R. E. Bennett and G. A. Castleman.

Mr. and Mrs. Lewis Barrios and daughter, Frances, are visiting in San Francisco. They are expected home soon.

The Southern Pacific company has replaced the Morrison-Knudsen company section laborers here with Mexicans. They have been imported from Mexico and do not speak English.

From now on Gene Lavoie will be careful whom he takes with him when driving his car. Over a week ago, Lavoie, section foreman here, went for a ride in his car, taking with him three of his men. As they passed a herd of cattle one of the men, who was slightly intoxicated, asked Lavoie to stop. Lavoie obliged and the man, who has a police record, jumped out and shot a calf. Lavoie refused to allow the calf to be placed in his car and while they were arguing about its disposal some forest rangers came and took their car license. They were apprehended before they arrived home. The men were held in the Bend jail until it was learned that except for the man who did the shooting, they had no police records. Williamson, the man guilty of the crime, received five years.
