STOCKS BATTLE COMMODITIES FOR PURCHASE

By VICTOR EUBANK

NEW YORK, July 6 (AP)—Stocks had to contend with soaring commodities for buying attention in today's markets and, while putting up selectively good competition, they were overshadowed throughout.

Utilities, air transports and specialties were outstanding share favorites from the start but leaders in other departments were more or less indifferent. Gains ranged from fractions to 2 points or so for popular swingers and many new highs for the year or longer were recorded. There was a smattering of minus signs at the close. Proceedings were around 900,000 shares.

Prominent stocks on the upside included Electric Power & Light preferred, Consolidated Edison, North American, Pepsi-Cola, Santa Fe, Proctor & Gamble, American Airlines, Northwest Airlines, Standard Oil (N.J.), American Telephone and Chrysler. Laggards were Bethlehem, Southern Pacific, J. C. Penney and United Aircraft.

Bonds were irregularly better.

MOORE NAMED CHAIRMAN OF FIRE CAMPAIGN

Naming of A. Vernon Moore as county chairman for Klamath county for the Keep Oregon Green campaign this summer was announced today by Governor Earl Snell. Intensive organization of every county in Oregon in the public drive to keep fires from forest and farm lands is being rapidly completed.

"Our most important home front job this war year is to stop all fires caused by careless action of the general public," Governor Snell cautioned the county chairman. "We must not give aid to our enemies by starting forest fires which could hinder our coastal air command, or which might ground our planes.

In addition to the county chairman, Governor Snell named the following citizens of this county on a Keep Oregon Green county committee and has asked that they give every possible assistance to this campaign: G. S. Kephart of Klamath Agency, and Charles Ogle of Klamath Falls.

McNary Bill Aids Fire Protection

WASHINGTON, July 6 (AP)—A bill by Senator McNary (R-Ore.), authorizing an increase from $2,500,000 to $9,000,000 in federal expenditures to be matched by the states in combatting fires in privately owned forest lands has been passed by the senate and sent to the house.

The agriculture committee, in approving the bill, reported that this fund, when matched by the states, would extend fire protection to 144,000,000 acres of forest which now have no such protection and would bolster existing protection over 282,000,000 acres.
