DR. SUTCLIFFE BIBLE MEETING OPEN TO ALL

The two weeks Bible conference at the Bible Baptist church located on Wiard street near South Sixth, is now well under way and interest is being shown in the Bible studies, according to Pastor George W. Wheatley.

Dr. Sutcliffe, conducting the conference, is well known wherever Bible conferences are held. This conference is available to all who are interested in Bible study, whether Christian worker, teacher or pastor, regardless of church affiliation.

The subjects for the remainder of this week are, Wednesday, "The Future of Christianity"; Thursday, "The Progress of Christianity"; Friday, "The Foundation of Christianity."

The evening meetings are scheduled for 8 o'clock at the church, while the afternoon meetings at the Bible Center, Second and Pine, are at 2 o'clock, with studies in First Thessalonians.

The church is nice and cool, and the city bus to Idella's corner makes possible a pleasant evening in song and Bible study.

Migrating Workers Cause Bad Local Tire Situation

A tight tire situation for the next two months was predicted here today by Percy Murray, of the war price and rationing board.

This month's local quota of 226 tires is practically depleted now, Murray said. Two factors entered into the early using of the quota, the fact that tires being used are now older and the onslaught of hot weather has been costly, and the large number of migrating defense workers who are using the local stock.

As many as 14 distress cases have come into the local board in one day, Murray said, when

workers become stranded as a result of the loss of a tire. Since these workers are given priority and there is no relief for the local board in such cases, the local stock has suffered.

Synthetic rubber production cannot be expected to ease the situation for at least two months, and until that time, local motorists were warned by Murray to be sure of their tires before leaving home to prevent their being stranded somewhere without any relief.

Only applications being considered now by the board are those for absolutely essential driving, Murray said.

NORRIS DOTY NAMED NEW LIEUTENANT

The name of Charles Norris Doty, son of Mr. and Mrs. M. E. Doty of 1726 Menlo way, appeared among those of 400 young American men who wore bright, highly polished, gold bars of a second lieutenant given June 29 somewhere in Australia after winning commissions through the officers candidate school.

behind the men when they stood under the trees at an Australian camp to take the oath of allegiance and receive their commissions.

Lt. Doty is in the ordnance department of the United States army air corps. He has seen action in the South Pacific and has been decorated for heroism.

Expected Home—Mrs. George A. Burton of High street is expected home on Wednesday evening from San Antonio, Texas. She has been visiting her daughter and son-in-law, Lieutenant and Mrs. Ralph P. Taylor, for the past two months.

Thermometer Hits New High Tuesday

The seasonal high record was broken for the second day in a row when the thermometer reached 88 degrees on Tuesday. Minimum for the same day was 52 degrees.

This was the highest temperature since September 24 when it was 89 degrees.

Pressed wood is being used to make refrigerators, saving more than 100 pounds of steel per unit.
