## Skyline Trail Has Late Opening

PORTLAND, July 10 (AP)—The Oregon Skyline highway opened today, the latest opening on record. James C. Iler, supervisor of the Mount Hood National forest, said the section between the south end of Olajie lake and Breitenbush lake still is closed by snow.

## LOVE'S LULL

KANSAS CITY (AP)—What's happened to romance? James A. Filmer, marriage license clerk, wonders.

Since the new Missouri state law requiring a three-day wait between filing of the application and issuance of the license became effective, the number of applications in Kansas City has dropped sharply.

But what's worrying Filmer is that of those who have waited the three days and become eligible, only one couple has appeared to claim a license.

## Representative

## Cattle Rustling Increases With Black Markets

SEATTLE, July 10 (AP)—The black market has brought on an increase in cattle rustling, particularly in eastern Washington, county sheriffs in that area report.

Officers and farmers themselves are working together to combat the rustlers, a virtually extinct species of brigand in the west until meat rationing.

## WHEAT

CHICAGO, July 10 (AP)—Grains surmounted moderate selling at the start based upon improving crop prospects today and generally worked higher under the leadership of rye, which was up more than 2 cents at times. Commercial interests were active in the wheat pit, and the bread cereal also drew some support from the strong market at Winnipeg wheat was up more than a cent on the Canadian exchange on reports that Russia was inquiring for substantial amounts of the grain. At the close wheat was 4-1/8 higher, July \$1.46 1/2, September \$1.46 1/2, oats were unchanged to 1/2 higher, July 71c, and rye was ahead 14-2/8c, July \$1.12-1/4.

It is reported that the Germans have a torpedo which is launched by an underwater plane flying close to the water 1000 yards away from the target and, instead of darting straight, follows a circular course.

## AP ASKS FOR OPEN TRIAL IN TRUST SUIT

NEW YORK, July 10 (AP)—The Associated Press, contending there are major questions of fact at issue, has asked for an open trial of the government's civil anti-trust suit against it in order that testimony can be presented.

This action by the cooperative news service came yesterday during five and a quarter hours of argument before a special three-judge bench in federal court on the government's motion for a summary judgment, which would require the rendering of a verdict without trial and on documents alone. The court reserved decision.

During the argument The Associated Press contended that opening of its membership "to any newspaper wishing its service would destroy the foundation upon which the cooperative enterprise has been created."

## STOCKS RISE WITH SICILIAN INVASION NEWS

By VICTOR EUBANK  
 NEW YORK, July 10 (AP)—Invasion of Sicily gave selected peace stocks a moderate lift in today's market but many leaders in other groups failed to extend the recovery of the previous session.

The feeling in the financial sector was that the latest allied thrust, while cheering, had been more or less expected. The result, marketwise, was that commitments were lightened here and there, especially in the war shares.

Assured new highs for the year or longer were in evidence near the close but fractional losers were widespread. Transfers were around 400,000 shares.

Highs were posted for such stocks as Montgomery Ward, Pepsi-Cola, Chesapeake and Ohio, Sinclair Oil and Santa Fe. In the resistant area were Sears Roebuck, Woolworth, Marshall Field, Standard Oil (N.J.), Du Pont, Allied Chemical, Eastman Kodak and Johnsonville.

Rising animation was lacking for U. S. Steel, Bethlehem, Chrysler, Great Northern, Douglas Aircraft and J. C. Penney. Bonds turned a bit uneven toward the last.

## Ammunition Needed Even When War News Is Good: Buy Bonds in July Drive

By OLIVE CORNETT  
 Chairman Defense Committee  
 July Bond Drive

When war news is good, we are then optimistic and feel that we can safely invest everything we have in war savings bonds and stamps and will then have that money to use when the world is again restored to normalcy; but when war news is not so good and we are suffering losses, we get mad and are more than ever anxious to loan our money to the government, even beyond the limit of our ability, to provide funds for badly needed equipment for our boys.

Of all the supplies needed, nothing is more vital than ammunition. This month of July is being especially devoted to supplying the bombs without which bombers are useless.

This is the month that each and every one of us can feel that our bit, no matter how small, can count in a big way. This is the month that we can use even our smallest savings and know that, converted into war bonds, they will pay big dividends. Just two \$25 bonds, the expenditure of \$37.50, will supply a one-hundred-pound bomb.

If you and I and our neighbor on each side of us and the one across the street and each of our friends, buy just one bomb apiece, we can supply a bomber with a whole load. And if every man, woman and child in Klamath county buys a bond just think what that would supply in numbers of bombs!

This is where the workman and the white collar man and woman come into their own. By now we have gotten over being afraid that the new withholding tax, the 20% deduction from our pay check, is going to take every last dollar that we possess.

Thanks to publicity being given in regard to the deductions we are allowed before this tax is computed and to the schedules showing the amounts to be withheld, we can each figure our own, without waiting for that fatal day—"pay day"—to see what day we will have anything left to buy bonds. We KNOW we will—we know that we will be better off than we were under the Victory Tax deduction because this 20% deduction is after all an "installment-pay-

ment" on our 1943 income tax. Some of us don't have to pay as much under the 20% as we did under the 3%, allowing us more for bond investments. And some of us have that money we figured on using for the second half of our payment for 1942 income tax which we can now use for bonds.

Representatives Angel (R-Ore.), Stockman (R-Ore.) and Ellsworth (R-Ore.) expected to get away by Saturday.

On the senate side Senator Holman (R-Ore.) expected to get away over the weekend and start for home.

More than \$50,000,000 has been spent in California alone in the last two years on improving highways.

# "NO!"

## You Can't Quit Now - You Must Buy Bonds to Buy Bombs for the Pelican Bomber!"

It is the fulfillment of every American's promise that the job started by Jimmy Doolittle's boys will be thoroughly finished, in true American fashion.

The Optimists and Business and Professional Women's Clubs are sponsoring the "Buy Bonds for Bombs" campaign in July and urge everyone to back this campaign to the limit. So give—no—just loan enough to help buy those bombs for the Pelican Bomber purchased with War Bonds in May.
