

SOVIETS HOLD GERMAN ARMOR TO "NO GAIN"

(Continued From Page One)

attempts to advance on the Belgorod sector. While still working hard to break through in the Belgorod area, the Germans attacked strongly in the Orei-Kurak sector at the northern end of the Kursk salient.

Big Force Used
Up to 400 tanks and a large force of infantry attacked on one narrow sector. The Russians reported many tanks destroyed and more than 2000 men killed. At another position on this front soviet aviation broke up a German attack before it could get under way.

Soviet tanks, following the favorite tactics of digging themselves into the ground and fighting from ambush, accounted for a large number of 162 tanks which the Germans were said to have lost yesterday. The Nazi airforce lost only 31 planes yesterday, the smallest number since the offensive began.

Hospital Ship Sunk; Occupants Saved

ALLIED HEADQUARTERS IN NORTH AFRICA, July 12 (AP)—An allied hospital ship which was fully lighted and anchored three miles off the coast of Sicily was sunk Saturday night by enemy bombers but 400 wounded who were aboard were transferred successfully.

Hans Norland, Fire Insurance.

ALLIES RACE UP SICILY'S EAST COAST

(Continued From Page One)

bini and two other airdromes at and near Reggio Calabria on the Italian mainland.

Flames from Catania's railway yards gave off smoke visible for 140 miles at sea after a Flying Fortress formation roared homeward.

With the Italian fleet still noticeable by its absence, allied naval forces continued large-scale operations of putting ashore more and more allied troops and equipment, although the allied communique said the enemy's air opposition was increasing.

Fighters Patrol Beaches
Swarms of allied fighters patrolled the beaches, protecting the operations, however, and 45 enemy aircraft were shot down yesterday. Only nine allied planes were lost.

Casualties among the allies continued much less than might normally be expected in such a sweeping offensive, it was said at all headquarters, and a number of hospital ships were still waiting in reserve.

One allied hospital ship, which was fully lighted and anchored three miles off the Sicilian coast, was sunk Saturday night by enemy bombers, but the 400 wounded were successfully transferred.

As a result of the swiftness of allied action, it was said at headquarters that the enemy was being compelled to regroup his forces and most of his counterattacks up to now had been comparatively weak.

Italians Taken
Most of the Italians, especially, were reported fighting poorly, and most of the 2000 prisoners taken were Italians.

Between the wings of the allied forces, buttressed at Licata on the west and Syracuse on the east were the important towns of Ragusa and Modica.

(Agiers broadcasts said sharp fighting was taking place between allied forces and 30,000 Germans near Ragusa, a little more than 10 miles inland and almost mid-way between Syracuse and Licata. The broadcast was repeated by the London radio, and recorded in New York.)

"Palace Guard" Flayed; War Cabinet Asked

(Continued From Page One)

zations in the administrative branch of government after congress returns to work this fall, Vandenberg told an interviewer that he believes there is a "relentless trend" underway in the country toward the formation of what he said "we loosely call a war cabinet."

"We need something of that kind instead of the existing kitchen cabinet in which there is very little confidence, adding: "The palace guard has got to be demobilized soon."

Kiska Supply Ships Battered By U. S. Bombs

(Continued From Page One)

Kiska and on Little Kiska island during Sunday morning. The enemy did not return the fire from the guns of a single United States surface vessel.

The sinking of the one cargo vessel and damaging of others, raised to a total of 80 the number of Japanese ships sunk, damaged or probably sunk in the Aleutians campaign. That total includes 17 sent to the bottom, seven probably sunk and 36 damaged.

EDITORIALS ON NEWS

(Continued From Page One)

endanger the good neighbor policy by making it appear to Mexico that Mexicans were being discriminated against in Southern California.

(THIS alleged explanation of the zoot-suit affair can't be vouched for flatly by this writer, but at least it is offered by well-informed residents of Los Angeles who are in a position to know what they are talking about.)

IT sounds reasonable because it clicks with the far too prevalent notion that the public should either be kept in the dark entirely or should be fed sugar-coated tommyrot.

With this silly notion, this writer has no sympathy whatever. If the United States of America of the future is to bear any dependable resemblance to the United States of America as created by the founding fathers, its people need to be given the plain facts and left to form their own judgments.

Robert Greear, Roy Karrer, Melvin Myers Die in Jap Prison Camp in Philippines

(Continued From Page One)

war department late this spring. Word of his death came last night, Sunday.

Roy Norman Karrer, rated as a specialist third class, radio operator and machine gunner with a tank outfit, was born July 19, 1924, at Bonners Ferry, Idaho.

When 16 years of age, while working at Grants Pass, he joined the Oregon National Guard at the first mobilization. He had been with the local National Guard and was one of its youngest members, being just 14 at the time. With the Grants Pass outfit he went with Company C, 186th infantry, to Fort Lewis, transferring to anti-tank company, of the 186th. Later he was identified with the 194th tank battalion and sailed for the Philippines on September 8, 1941.

Christmas Cable
Parents of young Karrer last heard from him when they received a Christmas cable in 1941, shortly after Pearl Harbor. He had written several times prior to that time but the cable ended any further communication.

On January 30, 1943, the war department advised Karrer's father that his son was a prisoner of war. Through the Red Cross the family has written, but no replies have reached here. The Karrers have four other sons, all younger than Roy. They are Boyd, Neal, Dean and Loren. Roy was a graduate of Pelican grade school and attended Klamath Union high school for three years. His father is employed as lumber grader at Ewanna.

Parents Notified
Mr. and Mrs. P. Earl Greear of Chiloquin were notified of the death of their son, Robert, who has been in a prison camp in the Philippines since the fall of Bataan. Robert enlisted in the army in January, 1940, was shipped overseas on April 27 and arrived in the islands May 23. He was originally stationed at Nichols field and after the bombing there returned to Bataan.

Robert Greear was born May 9, 1918, at Prairie City, Ore. He was a graduate of Chiloquin high school and was captain of his basketball team and was all-state and all star player. As captain of the squad one year, he sent the team to one of the first county championship years. In addition to his parents, Robert is survived by a brother, Dean, and a sister, Margaret Lee.

FUNERAL
The funeral service for the late John F. Foster, who passed away in this city on July 10, 1943, will take place from the chapel of Ward's Klamath Funeral home, 925 High street, on Wednesday afternoon at 2 o'clock. The Rev. F. C. Wissenbach of St. Paul's Episcopal church will officiate. Commitment services and interment will follow in the family plot in Link-

Fire Hazards Force Closure of Oregon Forests Today

(Continued From Page One)

tection crews composed largely of inexperienced men and boys. There is no reservoir of manpower to draw upon for fire fighting without interrupting work in the logging woods, the mills and farms, and the war effort demands that lumber and food production go ahead without interruption. Since the forest service does not wish to interfere with recreational use and freedom of movement through the forest any more than necessary, the closures will be lifted as soon as weather conditions permit in the fall, according to Cliff. The protective agencies are confident that they can count on the cooperation of the public in making the closures effective and keeping fire out of the forests this year.

Recreation Use
Recreational use will be permitted in three areas on the Fremont forest. One is the Silver creek area which includes all lands within the Fremont forest lying east of the west edge of the Rodman Rock road and west of the east edge of the Silver Lake-Sycan road and north and west of the south and east boundary fences of the ZX Sycan ranch. Open also for recreational use will be the Gearhart-Chewaucan area. This area includes such fine fishing streams as Dairy creek and the Chewaucan river and most of their tributaries, and Deadhorse, Campbell and Blue lakes. The third locality in which recreational use will be permitted is the Warner mountain area which includes all of the Warner mountain section of the Fremont forest except the Underwood-Wilow creek area which lies east of the Bulls Prairie-Drakes peak and the Willow creek-Deep creek roads. Fishermen can get into Deep, Dismal, Honey, Crooked and Twelvemile creeks. Before entering these areas recreationalists will be required to register with United States forest rangers or state fire wardens.

Permits to enter the following areas in Rogue River and Deschutes national forests are needed: Varney creek, Pelican Butte-Seven Mile, Sun Pass-Cottonwood, Cascade Summit, Mountain Lakes Primitive area, Odell Butte, Mowich, Royce mountain, Badger Well and Walker rim.

JAP PACIFIC BASES POUNDED BY BOMBS
(Continued From Page One)

smashed 52 tons of heavy bombs upon anti-aircraft positions and bivouac areas near Munda. Stormy weather hampered the Avengers and Dauntless bombers as they roared in on Munda in another of the series of raids designed to soften the sector for ground forces already gathering in the jungle to storm the Japanese stronghold.

A headquarters spokesman said the ground situation at Munda was unchanged. Latest reports said United States forces were closing in on the outer perimeter of defense, with the nearest troops only three miles from Munda.

Kahili Bombed
Liberator bombers over Bougainville island dropped 40 tons of bombs on Kahili, the enemy's largest air base in the Solomons. Several large fires were started. Three Japanese night fighters attempted unsuccessfully to intercept.

Liberators and Flying Fortresses teamed up for a night assault against Vanakanau air-drome at Rabaul. Their 35 tons of bombs started five large fires, two of which were visible 60 miles away.

One and one-half acres of farm land per person is required for the production of enough food for an adequate diet.

ville cemetery. Friends are invited to attend.

COPPER GAINS SPREAD OVER INDUSTRIALS

By VICTOR EUBANK

NEW YORK, July 12 (AP)—Early strength of coppers and specialties spread to rails and selected industrials in the latter part of today's stock market with resultant gains running to a point or more for favorites, many of which touch 3-year peaks.

The advance was accomplished in relatively quiet dealings although blocks of 1000 to 10,000 shares of low-priced issues, usually unchanged, put the day's turnover at around 1,000,000 shares. Plus marks were well in the majority near the close.

Getting into the "new high" class were Santa Fe, Goodyear, Standard Oil (N.J.), Socony, Pepsi-Cola, Twentieth Century-Fox and Allegheny preferreds. Front liners included Anaconda, Kennecott, Southern Pacific, U. S. Steel, U. S. Rubber, Montgomery Ward, General Motors and Chrysler.

Among backsliders were Douglas Aircraft, Curtiss-Wright, Goodrich, and American Can.

Bonds were mixed, as were commodities.

Every mother, every wife, knows what we're fighting for. And each woman knows that no sacrifice here at home is too great if it will bring back one son or husband who otherwise might rest beneath a nameless cross on foreign soil. So men---

Let's Join the Ladies!

Each American home revolves around a woman. But it's the man's job to provide for this home. It's the lot of the Business and Professional Women and Soroptimists this month to guide the War Bond sales program—but it is still the MAN'S JOB to buy the Bonds!

Frankly, the men are letting up on the job. Bond sales are not going quite like they should. And it's squarely UP TO THE MEN to come through.

So men, let's do come through. Let's join the ladies and---

Buy Bonds to Buy Bombs

From the Decks of the Shangri-La Will Come Planes to Bomb Tokyo
You want a part in that raid, don't you? Then buy extra stamps now.

This ad published in the interests of the Bond Drive by
Klamath Furniture Co.

We are cooperating in the nationwide program to build the Shangri-La with War Stamps. It will take a dollar extra in stamps from every man, woman and child

WARNING!

If you are in need of a Coal-burning Heater before Fall or Winter, we advise you to buy at once. After August 1, 1943, coal stoves may be rationed, and can only be obtained through the Ration Board. See our models today, prices at \$51.95 and \$49.50. Our supply is limited. First come, first served. You cannot buy a better built or more economical stove at any price. These are all pre-war built models.
