PORTLAND, Ore., July 13 (AP)—Mrs. Ruth Campbell, 40, a tavern operator, told police today she was slugged and robbed of \$1350 in currency and jewelry by a young, well-dressed man who then forced her to guide him from her home to downtown Portland because he was a stranger here.

## Personality-Plus Bantam Hens Wanted for "Captain Jack's Sweetheart" Drive

By JOY ROLPH  
BFW Publicity Chairman

Wanted—little bantam hens with personality and poise to qualify as contestants for Captain Jack's sweetheart. And, according to reports that have been coming in to committees of the July \$300,000 bond drive, Klamath county has quite a flock of these industrious fowls, scattered hither and yon.

A resident of the city, who resides at 6 Nevada street, called in to inform that she has a beautiful banty that she would be glad to loan for the contest; another girl has a hen named Jill—and what could be more appropriate than Jack and Jill.

In almost all the communities being contacted this week there are probably at least a few banty chickens, and the bond sale committee desires it be understood that the owners will retain their ownership and that the hens would simply be borrowed for the contest.

However, there are possibil-

ities of fame for the winner. Remember what the renowned captain has done for his country. He has traveled extensively, is known throughout the state, is consistently admired for his beautiful plumage and stately bearing, has been photographed and has broadcast over the air many times. He has been auctioned and re-auctioned, bringing in thousands of dollars. It has even been rumored that when the figure reaches the million mark, there will be a special celebration in the captain's honor.

So, you see, any mate of his would have to be the kind of a bird who could share the spotlight with dignity.

Those with banty hens which they desire to enter in the contest are asked to call Ida Odell at 6863, and women's organizations desiring to sponsor a "sweetheart" but lack a candidate may obtain owner's addresses from Mrs. Odell.

## LIONS BEAT ROTARIANS IN BOND BUYING

LAKEVIEW—The Lions club bested the Rotarians in the bond bidding spree Wednesday that saw "Captain Jack," the fighting bantam, net \$21,000 in war bonds to be applied to Lake county's quota for July.

The Lions did a grand job of hustling during the past week with the result that they bid in \$12,200 in Series E bonds and \$500 in Series F, against \$8300 for the Rotarians.

Howard Nolte kept the auction of the famous rooster going along at a merry pace, with bids coming thick and fast during the luncheon hour. For their bond selling job the Lions club will be feted at a chicken dinner in the near future, with the losing Rotarians footing the bill.

The Lions-Rotary sales plus that at the Elks picnic several weeks ago bring "Captain Jack's" earnings in Lake county to \$41,816.7. This amount added to the bird's former earnings brings the total amount of bonds sold in the state to over \$500,000, taking him to the half-way mark originally planned. From Lake county "Captain Jack" will be returned to the state war bond sales committee to be sent on to some other county to continue his grand work.

## JONES ASKS RECORD CROPS FOR NEXT YEAR

WASHINGTON, July 13 (AP)—Calling on farmers to mobilize every crop acre and farming facility for a record harvest next year, Marvin Jones, head of the war food administration (WFA) announced today the government in 1944 wants 380,000,000 acres of crops planted and meat, dairy and egg production maintained at high levels.

The projected acreage is an increase of 16,000,000 over that planted for 1943 harvest and Jones explained: "The program recognizes that demands for food will be imperative for several years and that sound practices must be followed to insure highest possible yields over a period of years."

Included in the program, he said, are measures to assist farmers in carrying out conservation practices and in maintaining maximum productivity of their land. He promised that considerably more machinery and fertilizer would be available for the 1944 crop.

Jones said there was need for more dry beans and peas, soybeans, potatoes and peanuts which have high food value. He said to obtain adequate increases in such crops the WFA would continue to support prices at levels designed to bring the needed production volume.

## AP RECORDS NEW HIGH ON STOCK MARKET

NEW YORK, July 13 (AP)—For the second successive session The Associated Press 60-stock average today recorded a high high for more than three years although buying remained notably selective.

Good news from Sicily and virtually all other battle fronts served as the main prop for bullish sentiment, brokers said.

At the best, gains ranged from fractions to 5 points or some plus signs were in the majority near the close but soft spots cropped up here and there.

Scattered rails, coppers, steel, motors, gold mines and specialties were prominent on the advance. Dealings were around 1,300,000 shares for the first time in a month.

In the forward ranks were Coca-Cola, Pepsi-Cola, Santa Fe, Chesapeake & Ohio, Bethlehem, Anaconda, Alaska Juneau, Du Pont, U. S. Rubber, J. I. Case and preferreds of Nickel Plate and Alleghany corporation. Backward performers included Douglas Aircraft, United Aircraft, American Car & Foundry and Dow Chemical.

Rail loans hardened in the bond department.
