LEADERS SHOW LIGHT GAINS; HIGH AVERAGE

NEW YORK, July 14 (AP)—Moderate gains in a long list of leaders and a substantial rise in rubbers and specialties lifted today's stock market average to new high levels for nearly four years.

The advance was rather uneven with some early advances disappearing temporarily under profit selling but near the close fractional plus marks were well distributed, and the specially favored issues were up a point or more.

Transactions approximated 1,700,000 shares, heaviest in about two months.

Next to the rubbers, utilities were the most consistent, but the soft drink stocks did better than either on the extent of the rise. Some rails were ahead while others slipped a little.

Goodrich, Goodyear and U. S. Rubber went to new peaks as did Montgomery Ward, American Telephone, Consolidated Edison, Pepsi-Cola and Coca-Cola. Also improved were Public Service of N. J., Anaconda, Southern Pacific and Western Union.

In the bond market rails made more progress.

Chrome Concentrator Slated for Medford

SALEM, July 14 (AP)—The war production board has approved the proposal for construction of a hard rock chrome concentrator to be built by the Pacific company of Medford in the Galice district of Josephine county, Governor Earl Snell said today.

Visitors—June Williams, Phyllis Whitlock and Claire Thomas, all of Medford, are spending 10 days with Miss William's aunt, Mrs. K. I. Bold of Bonanza. They visited in Klamath Falls Wednesday. Miss Williams is the daughter of Mr. and Mrs. O. L. Williams, formerly of this city.

You never can waste money in giving people education.—Sen. Claude Pepper, Florida.

Opinions differ. Some folks think that when a fellow shows his mettle he has brass.

S. P. Honors Its Service Men

When the number of former Southern Pacific officers and employes in the U. S. fighting forces passed the 12,000 mark, the event was observed by 90,000 of their fellow employes by War Bond purchases, blood pledges for the Red Cross and other wartime activities. This railroad now has a manpower shortage of 10,000. Picture shows President A. T. Mercier officiating at change of service flag marker.
