

SOVIETS NINE MILES FROM NAZI BASTION

(Continued From Page One)

Taganrog, 40 miles west of Rostov.

Determined Resistance
The Russians, in their advance on Orel, were meeting the most determined German resistance from tanks and infantry.

In the Orel region alone, the Russians said they disabled or destroyed 77 German tanks and shot down 131 planes.

Thus since the start of the great summer battle on July 5, the Russians by official statements have claimed the destruction of 3593 tanks, 2342 planes and upwards of 70,000 Germans.

MOSCOW, July 21 (AP)—Fighting along the Russian front spread to the southern Donets and Mius river sectors yesterday as Red army troops recaptured town after town in their drive to encircle the Germans at Orel on the central front, the Russians reported today.

Russian armies thus were on

POPE DEPLORES BOMBING OF ROME

(Continued From Page One)

And now what we feared has happened. That which we foresaw now is sad reality, for one of the noted Roman basilicas, that of San Orenzo outside the walls, venerated by all Catholics for its antique memories, is now in great part destroyed."

ST. AUGUSTINE, Fla., July 21 (AP)—The Most Rev. Joseph P. Hurley, bishop of St. Augustine and formerly attached to the Vatican as aide to the papal secretary of state, declared today that "every decent Christian thought and sentiment within me cries out that we have made a tragically mistaken decision" in the bombing of Rome.

Bishop Hurley now at Saratoga Springs, N. Y., issued his statement through the chancery here.

Lewis Makes Deal to Merge UMW With AFL
(Continued From Page One)

the sole craft union for coal diggers. This would, in effect, freeze the charter and in time abolish the progressive miners, the AFL's mine union which is strong in Illinois, Indiana and parts of Kentucky.

2—In exchange, Lewis would drop his so-called "District 50" unit which was set up to organize all kinds of workers, including farmers.

Lewis took back to his 200-man policy committee today a report on the conversations with three AFL vice presidents.

Daniel A. Tobin, AFL vice president serving as chairman of the committee considering the application before its presentation to the AFL executive council next month in Chicago, indicated some progress had been made at yesterday's conference, but just how much he would not say.

The outlook for reaffiliation, he told reporters, "looks somewhat better."

Lewis handed reporters a brief prepared statement on which he declined to elaborate. He referred to the UMW as "a going concern" which has proposed rejoining the AFL "in the interest of unifying the policies of organized labor."

U. S. Minister to Portugal Dies

LISBON, July 21 (AP)—Bert Fish, United States minister to Portugal, died today after an illness of two weeks.

He was 67 years old. He presented his credentials as minister to Portugal to President Carmona on March 26, 1941. He came to Lisbon from Cairo, where he had served for eight years. During part of his service in Cairo he was minister to Saudi Arabia as well as to Egypt.

He was born October 8, 1875, in Bedford, Ind., and was educated at John B. Stetson university, Florida.

California to Use Stickers

SACRAMENTO, July 21 (AP)—Stickers will be used to indicate registration of motor vehicles in California next year. State Director of Motor Vehicles Gordon Garland announced today. Present license plate will be retained on machines.

In addition to his wife Cora, Mr. Ticknor is survived by his daughter, Theresa Stuart of Lebanon, Ore., a granddaughter, Hazel Loomis, of Port Orchard, Wash., two grandsons, Charles Loomis of Seattle and Harry Loomis of Santa Ana, Calif., and one great-grandson, Harry Loomis Jr., also of Santa Ana.

LAKEVIEW MAN GETS NATIONAL OPA POST

LAKEVIEW—The office of price administration has announced the appointment of James E. Harper of Lakeview to the position of associate chief accountant in that agency's national office, occupying a position directly beneath that of Paul M. Green, national director, accounting division.

Harper joined the agency early in 1941, doing double duty as the lumber branch and the building material branch chief of accounting services from that time until the present.

He is a native Oregonian, educated at the University of Oregon, is a CPA and has had wide experience throughout the western lumber and building material trades, as well as having spent some time with the W. P. Fuller Paint company, San Francisco, and the Bethlehem Steel corporation, also of that city.

Shipping Reaches Turkey Through Mediterranean Now

IZMIR, Turkey, July 19 (Delayed AP)—The first allied shipping to reach Turkey directly through the Mediterranean from the United States since the North African campaign has arrived in this southern Turkish port without incident.

The vessels were three medium-sized freighters which sailed from the Atlantic seaboard with military and civilian supplies for Turkey, mostly lease-lend goods.

The ships sailed together and passed through the Sicilian channel on the last day of the bombardment of Pantelleria, close enough to see bombs bursting.

allied offensive in the Solomons. **Land Forces Move**
Allied ground forces moving slowly in on Munda were aided yesterday by Dauntless dive bombers which dropped 18 tons of bombs on Japanese gun positions along a perimeter about two miles east of the airfield.

An enemy destroyer at anchor in the harbor at Sarong, Dutch New Guinea, and a medium sized cargo ship off the coast there were bombed with unobserved results.

U. S. bombers also hit the Kahili airfield on Bougainville island, starting numerous fires and explosions with 42 tons of bombs, and started large fires among supply dumps and installations at Madang, New Guinea.

Truce Likely On Farm-Food Policy Quarrel

(Continued From Page One)

the setting of new retail price ceilings on fresh fish—possibly to combat a reported "strike" of fishermen.

OPA ordered retail fish sellers to limit their prices—starting tomorrow—to a formula based on the number of cents mark-up the customarily placed on fish between July 5 and July 10. Ceilings recently were imposed on wholesale transactions, which officials said brought complaints from fishermen that dealers were able to make extra profits.

From the office of the coordinator of fisheries came estimates that the work-stoppage of these fishermen already is costing the country more than 5,000,000 pounds of fish a week.

Warships Blast Kiska Again; Japs Fail to Return Fire

(Continued From Page One)

The navy reported today that two small American warships bombarded the Japanese defenses on Kiska island in the Aleutians Tuesday and the enemy failed to return the fire.

In the South Pacific, meanwhile, the Japanese bombed the American base of Funafuti, Ellice Islands, in the latest of a series of light attacks. Against advanced outposts guarding the supply lines to Australia, the enemy caused no damage or injuries at Funafuti so far as reports here showed.

The Indians of Peru kept the medical properties of quinine a secret from the Spaniards for a century.
