

MOOSE CHIEF VISITS LOCAL LODGE FRIDAY

Frank J. LaBell, supreme governor, Loyal Order of Moose, will pay a visit to the Klamath Falls lodge on Friday, July 23, en route to Mooseheart, Ill.

Officers of the lodge here stated that they feel fortunate that LaBell's itinerary included Klamath Falls, and preparations for a program in his honor are being made, including a class initiation to be held at the hall on Pine street Friday evening.

LaBell is considered one of the leading fraternalists of the new England states, and he is an authority in the manufacture of textiles. He was born in 1891 at Burlington, Vt.

On April 14, 1910, he joined the Loyal Order of Moose at Boston, Mass., lodge No. 347, transferring his membership after the war to Waltham, Mass., lodge No. 1018. He filled all the chairs of the lodge, received all the higher degrees of the order, and in 1937 was elected supreme councilman. At the 1941 convention in Indianapolis, he was unanimously elected supreme junior governor, and was elected to his present office at the 1942 convention at Mooseheart.

In addition to the high office that he holds in the Moose, he is past exalted ruler of the Elks, past president of the Eagles and past officer of the Modern Woodmen of America.

FLY DOMINATES FCC, SAYS CRAVEN

WASHINGTON, July 21 (AP)—T. A. M. Craven, member of the federal communications commission, told the Cox investigating committee today that FCC Chairman James L. Fly largely dominates commission affairs.

The testimony prompted E. L. Carey, committee counsel, to charge that Fly "assumes and usurps" powers that should be exercised by the full seven-member commission.

Chairman Cox (D-Ga.) told the committee he was getting information daily that "broadcasters big and little live in mortal fear of the commission" and that its licensing powers are being used "to destroy free radio and free speech." Carey remarked that commission activities are affecting the free press but did not amplify his observations.

OPEN-DOOR POLICY

GREAT FALLS, Mont., (AP)—There were no hitching posts, so two cowboys tied their horses to the back door of a cafe. The horses went away. The proprietor also went away—to ask police about getting him another door.

Visits Here

Frank J. LaBell, supreme governor of the Loyal Order of Moose, will visit the Klamath lodge on Friday, July 23.

WILLIAM BOTHWELL DIES HERE TUESDAY

William Addison Bothwell, 84, died at 6:15 p. m. Tuesday at the home of his daughter, Mrs. Glenn Kent, 737 Pacific Terrace. Mr. Bothwell had made his home in this city for the past four years.

Final rites will be held next week in Rockford, Ill., and burial will take place in the family plot at the side of Mrs. Bothwell. Mrs. Kent and her daughter, Joy, will accompany the remains to Rockford on Friday.

William Bothwell was born in Ontario, Canada, August 31, 1858, son of William Bothwell, a Methodist minister. He was married in 1872 to Rachel Scott. She died in January, 1936. During his lifetime Mr. Bothwell was interested in dairying and for many years was an outstanding cheese maker in the Platteville, Wis., area. For eight years the Bothwell family lived in Rockford.

Active in the Methodist church during his long life, Mr. Bothwell was also a member of the Masonic lodge and the Order of the Eastern Star. He was not in robust health during his years spent here and his primary interest was in his grandchildren.

In addition to his daughter, Mrs. Kent, Mr. Bothwell is survived by a second daughter, Mrs. Violet Colton of Milwaukee, Wis., and two sons, Ord Bothwell of Minonk, Ill., and Arthur Bothwell of Chicago. The four children will attend rites in Rockford, Mrs. Kent stated.

There will be a funeral service held at Ward's Funeral Home chapel Thursday at 2 p. m., it was announced.

New German Gun Shells England

LONDON, July 21 (AP)—A new German gun of exceptional range has shelled the English coast three times recently from the French coast across the channel, it was learned today. The gun is reported to have a greater range than any the Germans are known to have concentrated near Calais—the nearest point to England.

MUNDT BLASTS TEACHING JUDO TO WRA JAPS

WASHINGTON, July 21 (AP)—Terminating expenditure of public funds for teaching Japanese and judo at war relocation centers indefensible. Representative Mundt (R-S.D.) contends such practices should be discontinued.

Mundt, a member of the Dies subcommittee investigating the Japanese problem, said in a statement published in the Congressional Record today that war relocation authority (WRA) officials informed the subcommittee several hundred dollars monthly is being spent for such purposes.

This, the congressman declared, is "a glaring example of what not to do" if relocation centers are to serve as Americanization units for the people of Japanese ancestry who are confined in them.

Describing judo as a form of Japanese military training in which participants are trained to maim or kill their adversaries, Mundt declared that use of public funds for such instruction is "about as sensible as it would be to use taxpayers' money to provide textbooks in sabotage."

FBI Investigates Freight Derailment

MONROEVILLE, O., July 21 (AP)—Federal bureau of investigation agents today sought the cause of the derailment and explosion of a munitions-laden Wheeling and Lake Erie freight train which showered this city of 1200 with shell fragments and brought local civilian defense workers into action to protect the citizenry.

Train officials said one of three "transients" seen riding the train before the explosion was killed and that another was missing and believed dead. The only body found was burned beyond recognition.

The explosion occurred late Sunday when the munitions cars left the tracks, dragging 14 others along.

Propeller blades are painted black to reduce reflected glare on the pilots eyes and the airplane's visibility to the enemy, and tipped with yellow to make the blades sufficiently visible at close range to offer greater safety when the plane is grounded at its base.

Dangerous Dan Turns on Author Like Frankenstein

VANCOUVER, B. C., July 21 (CP)—The famous Dangerous Dan McGrew is a Frankenstein monster to his creator Robert W. Service, in Vancouver attending the meeting of the Canadian Authors' association.

"I've been touring USO camps in the United States," Service said in an interview today.

"The men always yell at me, 'Give Us Dan McGrew.' I refuse it—but I'm sick of it. I was sick of it as soon as I finished writing it."

SOLDIERS TO BE USED AS MINERS

WASHINGTON, July 21 (AP)—Miners of vital metals are needed so badly that 4500 soldiers who know something about the trade will be mustered out for jobs in the larger-producing mines.

The disclosure was made yesterday by Robert P. Patterson, acting secretary of war, who said the military program was being jeopardized by manpower shortages in copper, zinc and molybdenum mines.

Soldiers will be released through the ninth service command at Fort Douglas, Utah. Where possible those in the service less than three months will be selected. Any men slated to go overseas soon will not be eligible for release.

The shift from uniform to miner cap will be voluntary, none of the men have to do it unless they want to, Patterson emphasized. Once they are back in the mines, they will be civilians, not under army jurisdiction, but subject to recall if conditions change.

Mill Razed by Fire As Rail Cars Block Fire Department

RIDGEFIELD, Wash., July 21 (AP)—Fire destroyed completely the Brattle brothers lumber mill here late last night and slightly damaged the single plant.

J. L. Brattle, president, estimated loss at \$150,000.

The fire broke out of the dry kilns and got a roaring start. The Ridgefield volunteer fire department was unable to reach the mill at once because the road was blocked for 20 minutes by two logging trains.

"More and Better" Local Produce Comes to Market

"More and better" is the opinion of Klamath Falls storekeepers on local fruit and vegetable produce.

"There is more home grown green stuff in the stores this year than there was last," one store manager declared, "and it's of much better quality."

Some of the local fruits and vegetables now obtainable at grocery stores are peas, turnips, lettuce, spinach, onions, radishes, currants and strawberries.

Lettuce is 100 per cent home grown now, one retailer said, and some growers are shipping their lettuce to outside markets. Home grown potatoes are starting to appear in the markets, and will increase in quantity.

The average quality of Klamath raised table greens and fruits is far better than that which is being shipped in. Most of the turnips, currants, straw

Investigation Made In Army Plane Crash

PORTLAND, July 21 (AP)—Portland army air base officials investigated today the unexplained crash of a two-motored transport that plummeted in a sharp dive onto a Columbia river island near here, killing the four men aboard.

Witnesses said black smoke was seen to pour from the plane shortly before it crashed from a height of 700 feet yesterday. The wreckage burned.

The air base said two officers and two enlisted men were

aboard, but names were not disclosed at once.

MEAT GOES FAR WITH ALL-BRAN "BRANBURGERS"

Here's a new way to serve that old favorite, the hamburger. Make it with KALLOTT'S ALL-BRAN to stretch the meat supply, to give the popular hamburger new interest, and to get ALL-BRAN'S nutritional benefits—valuable proteins, carbohydrates, vitamins and minerals.

Kallogg's All-Bran Branburgers
1 egg 1 tablespoon
2 teaspoons salt 1 cup milk
2 teaspoons pepper 1 cup catsup
2 tablespoons minced onion 1 cup Kallogg's All-Bran
1 pound ground beef

Beat egg slightly, add salt, pepper, onion, catsup, milk, catsup and All-Bran. Let soak until most of moisture is taken up. Add beef and mix thoroughly. Shape into 12 patties. Bake in hot oven (450° F.) about 20 minutes or broil about 20 minutes. Yield: 6 servings (12 2 1/2 inch branburgers.)

Have a Coca-Cola = Howdy, Neighbor, 'round the world

... or how to make friends at home or abroad

When the American soldier overseas meets up with Coca-Cola, it's like meeting an old pal. Have a "Coke", says he to a stranger, and in three words he has made a new buddy. From Minneapolis to Melbourne, Coca-Cola stands for the pause that refreshes—has become the mark of the good neighbor, the high-sign of the friendly-minded—has spread from Atlanta to the Seven Seas.

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".
