## NAVY TO RECRUIT OFFICERS HERE

Two interviewing officers and a medical examiner from the offices of naval officer procurement in Portland and Seattle will visit Klamath Falls July 30. First Class Specialist Dan Schreiber, local recruiter, said today.

The officers and the examiner are on a tour of nine cities in western Oregon to recruit college-trained men to become officers directly from civilian life. They will make their headquarters at the navy recruiting station and will give personal interviews and physical examinations without obligation.

Men between 19 and 50 may apply, and must meet all educational, professional and physical requirements. Any applicant 30 or younger must be a college graduate, but two years of college are sufficient in some cases for older men.

Fields in which men are especially needed are all types of engineering, military governors of conquered countries, gunnery officers, warehouse managers, stock control men, shipping experts, and purchasing agents. Other men needed are chaplains, commissary men, industrial relations experts, production expeditors, and petroleum engineers.

# BANK CHECK OF BOND SALE SHOWS TOTAL

Sale of war bonds to date this month has amounted to \$115,310, according to a check made with banks and postoffices throughout Klamath county by the bond committee of the BPW and Soroptimist clubs.

One of the most successful sales of the July drive was that of last Monday evening over the radio when the Catholic Daughters and Sojourners presented a half-hour program of music and short talks, interspersed by announcements of bond buyers.

The results of the sale show a great deal of effort on the part of the two organizations, as they missed their \$25,000 quota by only one bond, the Catholic Daughters bringing in \$12,700 and the Sojourners \$4600.

Cinderella, Henley's candidate in the sweetheart contest, received pledges of \$6075, miscellaneous amounted to \$1500, and there was a \$100 pledge for Minnehaha, Bly's entrant in the contest. The total of the sale was \$24,975.

The Klamath County War Bond committee has been advised by one of Klamath's largest mills that employees' payroll deductions for bonds for July will be the largest since this practice was started.

With a clearer understanding of the application of the 20 percent withholding tax, wage earners are beginning to realize, according to officials of the company, that it is an advantage rather than an additional tax burden, and they are increasing their requests for payroll deductions for investment in bonds.

## HALF OF OREGON WORKERS FOREIGN

SALEM, July 22 (AP)—More than half of Oregon's 300,000 industrial workers are residents of other states, the state post war readjustment and development commission said today after making a survey to help determine how many workers would be unemployed after the war.

The survey showed 147,500 workers from other states, but there are many others, the commission said. Workers have come here from every state.

The number of migrants ranged from 33,910 from Washington state to 13 from Delaware. California sent 30,096 to Oregon. Idaho 13,215, Montana 8043, Nevada 1120, Oklahoma 3317, Arkansas 1419, Nebraska 5437, Kansas 4390, Minnesota 5314, Missouri 3570, South Dakota 3201, and Texas 3020.

Mrs. Jepson was a property owner here and well known to many. Mrs. Alexander left on Wednesday morning to make funeral arrangements in the bay city. Friends extend their deepest sympathies to her in her bereavement.

## U. S. AIR VICTORIES WORRY JAPANESE

NEW YORK, July 22 (AP)—The Tokyo radio broadcast today an address by a Japanese air force officer declaring that the war situation in the southwest Pacific is "becoming increasingly dark" as a result of "fierce and tragic air battles" the office of war information reported.

The officer, who was not identified by name, asserted Japan had achieved some "overwhelming victories" in air engagements

but declared that the allies keep "persistently coming back time and again" with seemingly endless replacements, OWI said. "This illustrates that the enemy, too, is carrying out a counter-offensive with honest effort and with a power that we cannot ignore," the speaker added. "We must recognize that the South Pacific war has now entered a stage where a decisive battle must be fought to determine the victor."
