News of the Commandos

We are very happy to report that Captain Bernie Heidemann is improving nicely from an operation performed several weeks ago at a local hospital. We are anxious to have you back, Bernie.

The Commandos are very busy preparing for the next group of twelve wounded service men who will arrive in Klamath Falls on Friday, July 30. This time four of the boys will come from the naval hospital in Seattle—the first group to be sent from there. The boys will be guests at the homes of Mr. and Mrs. Andrew Collier, George Adler, Glenn Hout and Fred Hoagland. A very exciting program has been planned for their five day visit and we are all looking forward to their arrival.

An article about the Commandos and their wounded service men's project was written by Mrs. Ted Case and accepted by the American magazine to be a feature of their "Interesting People" section. On Friday, July 30, the American magazine photographer will arrive in Klamath Falls and will be here for three days taking pictures of the activities and entertainment while our wounded men are here. It is hoped that the article and pictures will appear in the September issue and it is for this reason that our next group of boys are coming early. Be sure to get your copy of the September issue of the American magazine.

Within the past two weeks, four new members have been initiated into our unit. We welcome you, Patty Croup, Virginia Ellen Smith, Mary Jane Pederson, and Patty Schupp.

Our loss was San Francisco's gain, when last week two grand Commandos, Gladys Walland and Bethel Hutchinson, left for the bay city. We know they will be successful in their undertakings, but we all miss them very much.

We extend our most sincere appreciation to the employees of the Southern Pacific company, who took up a collection and swelled our cigarette fund for boys overseas by \$86.50. This was, indeed, a great help.

Several Commandos are working very hard on a new South American specialty dance, which will be presented on our next trip to Camp White. In every spare moment you can find a Commando sewing on the bright colored costumes the girls will wear in this dance.

Last Friday night we entertained a small convoy from the 91st division of Camp White. A dance was held at the center with music furnished by Shepard's band. After the dancing,

refreshments of cake and ice cream were served.

At our meeting last Wednesday evening, Mayor Houston and Gus Anderson presented the technicolor movies they had taken of the Commandos and the group of wounded service men who were in Klamath Falls the first part of July. The pictures filmed at Crater lake were especially beautiful with Commandos and service men in uniform against a background of snow and the breath-taking beauty of Crater lake. Another very interesting film shown by Anderson was the process the tree goes through until it comes out as finished lumber.

It began with falling trees in the forests following the entire operation through the mill. The climax to the picture was the big Ewauna fire during the summer of 1941. The scenes were very educational as well as beautiful and was thoroughly enjoyed by all the girls.

Hurricane Cuts Million Dollar Swath in Texas

(Continued From Page One)

Houston's property damage at about six million dollars. Damage in the tri-cities—Goose Creek, Baytown and Pella—was estimated at \$1,000,000. The Galveston News said that city faced a shortage of drinking water because of a breakdown in the power supply used to pump water from the mainland.

Twenty-two soldiers, including 13 aviation cadets, were hospitalized at Ellington field, near Houston, for injuries, Major Collins Jordan public relations officer, disclosed. Their names will not be released until the next of kin have been notified.

Six airplanes at the field were badly damaged. During the storm all cadets, enlisted men and officers were called to the flying line where they headed the planes into the wind and held them down.

In Houston a negro boy was drowned and 40 persons hospitalized. A negro woman was crushed to death by a falling radio tower.

Terrific winds averaged 75 miles an hour, bettered 100 miles an hour in gusts and even reached a velocity of 132 miles an hour at the Houston Municipal airport.

Sireets of the storm-hit cities were littered with wreckage and broken glass. Hundreds of pine trees were uprooted and crashed into houses.

Men, women and children who were made homeless when wind wrecked trailer camps and shacks found refuge in public buildings.

MEN AND WOMEN IN SERVICE

IN ARMED FORCES—Corp. Wallace G. Britton, U. S. army, and James Murray Britton, seaman second class, U. S. navy, are sons of Mr. and Mrs. James Britton of Midland road. Both young men were home on furlough in March. Wallace is stationed at the Pine Bluff arsenal in Arkansas, and James is assigned to a navy cruiser.

Technical Corporal John W. Adams is spending his furlough getting acquainted with his new son, Richard Wayne, who arrived on July 14. Corporal Adams is radio technician in the Seventh armored air force division. He received a 15-day leave before being transferred to the east and spent it here with his wife and mother-in-law at 1766 Main street.

Sergeant Robert V. Seater, son of Frederick Earl Seater of Anchorage, Alaska, has just been accepted for training as an aviation cadet in the army air forces and is now awaiting assignment. He is currently stationed at Billy Mitchell field, a base of the air transport command at Milwaukee, Wis., where his duty is the maintenance of heavy equipment.

Sergeant Seater was born in Seattle, Wash., and was graduated from high school at Bonanza, Ore. After attending Oregon State college for one year, he was employed as a timber contractor until his entrance into the army on May 13, 1942. He came to Billy Mitchell field from Sheppard field, Texas, late in June. Sergeant Seater is 23 years old and unmarried.

Have a "Coke" = Dinkum Cobber (HOWDY, PAL)

... or how Americans make friends in New Zealand

"You're a dinkum cobber", says the New Zealander when he wants to call you pal. The American soldier says it another way. Have a "Coke", says he, and in three words he has made a friend. It's a phrase that says, "Welcome, neighbor" from Auckland to Albuquerque. 'Round the globe Coca-Cola stands for the pause that refreshes—has become the high-sign between kindly-minded people.

OUR SPECIAL WARTIME TUNE-UP PREVENTS GAS WASTE IN TODAY'S KIND OF DRIVING

GASOLINE is too precious to waste these days. Yet millions of motorists unknowingly are wasting it every mile they drive.

You may be one of them. If your car still is adjusted for high speed driving, or if it hasn't been tuned lately at all, you may be spending too many coupons, too many gallons of scarce gasoline, for the mileage you are getting.

Have it tuned right away for today's kind of driving. Let our factory-trained mechanics adjust it for maximum economy at speeds of "35 and under." Let them check it over thoroughly, from radiator to brakes, to make sure that every factor affecting gas mileage is in perfect condition.

This gas-saving service is available on all makes of cars. It is inexpensive. It's the economical thing to do. And it's the patriotic thing these days when so much depends on our getting all the essential transportation we can for every gas coupon we spend.

Your Car is a Weapon of War...Safeguard It!

America is depending on you to give your car the best of care, so it can continue delivering vitally needed transportation throughout the war.

Are you doing everything you can for America? Couldn't you buy at least one extra War Bond this month?
