STOCKS REACH NEW LOWS IN REACTION MOVE

By VICTOR EUBANK

NEW YORK, July 28 (AP) — The stock market was unsettled by further selling today but after reaching new lows on the steep reaction which started Monday prices hardened selectively and the close was irregular.

Stock exchange sentiment again was dominated by ideas stemming from the Mussolini affair, but some analysts felt the recent slump was a normal corrective swing after nearly 16 months of rise.

Steels and rails advanced in the early proceedings, fell back sharply and came up again at the close. Some aircrafts, rubbers, farm equipment and specialties also rallied just before the final gong. Motors were backward and scattering of key issues finished two to six points lower.

Closing with gains of fractions to more than a point were Goodrich, U. S. Rubber, Bethlehem Steel, Youngstown Sheet, Caterpillar Tractor, United Aircraft, Sperry, Santa Fe and Southern Pacific. Weak spots included Dow Chemical, Coca-Cola, Johns - Manville and Loew's.

Transfers were around 1,847,000 shares—Largest since May 10.

Bonds were generally on the offside.

TRUCK LOAD LIMITS WILL BE ENFORCED

PORTLAND, July 28 (AP)—Trucks of 12 log haulers found guilty of violating load limits today were ordered off the roads for 10 days by the state highway commission.

The commission cancelled the license plate permits of the vehicles and announced simultaneously a policy of unbending enforcement of the law limiting load weights of log trucks. It also announced a still stricter system of checks upon log hauling practices.

Load limit laws permit 54,000 pounds with a 7000 pound tolerance.

Asserting that violations of the load limit law are increasing and becoming more flagrant, the commission asked State Police Superintendent Charles Pray to deputize the commission's weighmasters with authority to arrest overloading truckers and to force the drivers to dump by the roadside enough logs to cut the weight to the limit.

The road board instructed its attorney, Joseph Devers to notify all district attorneys in logging areas of the commission's attitude and ask their cooperation in enforcement.

Potatoes

CHICAGO, July 28 (AP)—Potatoes, arrivals 81; on track 185; total US shipments 605; supplies moderate; demand fair, slightly stronger for best white stock, weaker for others; Idaho Bliss Triumphs $3.50-3.65; Nebraska Red Warbas Commercials $3.25; Missouri Cobblers $1.50-2.15; Kansas Cobblers $1.95 to $2.25; Virginia Cobblers $3.10.

WHEAT

CHICAGO, July 28 (AP)—A firm tone prevailed in wheat today on indications flour business was expanding and a report the commodity credit corporation was purchasing cash wheat in Nebraska. Hedging came into the pit after advances of about ½ cent, restricting the upturn and confining fluctuations to narrow limits.

Trading in rye was nervous and the market fluctuated erratically. Selling from houses with eastern connections dropped prices below the previous close at one time, but the ground was subsequently recovered. A good demand for cash oats and disappointment over the relatively limited supplies offered created strong buying of futures in that grain.

At the close wheat was ⅛-¼c higher, September $1.43⅜, December $1.45⅜, oats were up 1⅛c to 1⅛c, September 69⅛c, and rye was unchanged to ⅛c higher, September $1.01⅛-⅜.

Before we can hope for a permanent mechanism to secure enduring peace, we must first make certain that nations are not driven by starvation to embrace ideas as horrible as those of the axis.—Foreign Relief Director Herbert H. Lehman.

CURTIS PRICE NAMED FOREST ENGINEER HERE

Western Pine association has announced the appointment of Curtis E. Price, Eugene, as district forest engineer of the southern Oregon and northern California district with headquarters at Klamath Falls.

Price is a graduate of the school of forestry at Oregon State college. He has been with the forest service in Idaho, Utah and Wyoming. Following this, he was manager of timber property, in which he was interested, near Eugene.

As a service to members of the Pine association, the district forest engineers are assisting in seeking methods to avoid lowering the forest practice standards of that organization, to try to prevent needless destruction of trees and to leave lands in such condition as to produce another forest without handicapping maximum log production needed to meet the present great war demand for lumber.

Montgomery Ward Asks ICC to Review Complaint Dismissal

WASHINGTON, July 28 (AP) Montgomery Ward and company has requested the interstate commerce commission to reconsider a decision dismissing complaints by the company against 23 trucking firms charging refusal to provide service at a plant involved in labor trouble.

The mail order house contends that the truckers had no right under their contracts to refuse to cross picket lines in order to transport goods from the companies Portland, Ore., plant affected by strike in 1940 and 1941.

Grand Jury to Consider Deserters, Prison Escapees

SALEM, July 28 (AP) — The Marion county grand jury will meet tomorrow to consider six cases, including those of two soldiers charged with assault and robbery, and three convicts involved in recent state prison breaks.

The two soldiers, Kermit Barkhurst and Carl Bates, are charged with deserting an army paratrooper base in North Carolina, and are accused of two automobile thefts in this area.

Merlyn Kensler and Doyle McCann, who escaped from the prison several weeks ago, are charged with assault. Shortly before their recapture, they shot R. E. Shields, Mehama, who refused to let them into his house. Shields still is in a hospital.

German General Relieved of Command

LONDON, July 28 (AP)—DNB, German news agency, reported today that Gen. Friedrich Christiansen, commander of German military forces in The Netherlands, had been relieved of the command of nazi air forces in that area in order that he might concentrate on his military duties.

The DNB broadcast said that the change had been made at the suggestion of Reichsmarshal Goering and that Gen. Christiansen would be replaced by Col. Gen. Keller, at present commander of an air fleet.

ECONOMIST

SEATTLE, (AP) — A burglar alarm sent eight policemen dashing to Day and Night Safety Vaults, Inc., with firearms ready.

They didn't fire a shot. A vault attendant said he'd turned in the alarm because a man was beating his wife.

The man told police he was beating her because the $1000 he had placed in the safety box in her name had dwindled to $100.

It is becoming more and more appreciated that people are not drunkards because they are vicious, but because they are weak.—Lawrence Kolb, assistant surgeon general, U. S. Public Health Service.

Snipers Clash With Japs in Philippines

LONDON, July 28 (AP)—The Berlin radio quoted advices from Manila today as saying that Japanese troops had clashed with American snipers hiding in the Luzon jungles and that the American leader had been killed in the fighting.

The broadcast was recorded by The Associated Press.

There are approximately 75,000 volunteer airmen in the Civil Air Patrol.

BLUE POINTS TO OVERLAP IN SEPTEMBER

WASHINGTON, July 28 (AP) Blue point rationing stamps for August will overlap the September stamps by three weeks, remaining valid until September 20, according to a new office of price administration (OPA) ruling.

Simultaneous with that announcement last night, OPA listed several changes in point values which will become effective August 1. These included:

Increases—Frozen fruits and berries from six to nine points; frozen green and lima beans, cut corn, peas and spinach from four to six points per pound; canned tomato juice at the rate of one point per pound, except for smaller cans up to 14 ounces which remain unchanged.

Decreases — Frozen fruit juices from four to two points per pound.

Canned or bottled beans are to be changed in various sizes, with some increases and some decreases, but the average will remain unchanged, OPA said.

SPUD HARVEST HELP EXPECTED FROM CAMPS

Part of the FSA farm labor camp at Athena, which will close August 10, will be assigned to Malin for potato harvest, it was learned today.

The Athena camp, near Pendleton, has been filled for several weeks with Mexicans and transient workers, part of which will be assigned to Grants Pass, the remainder helping to relieve the expected harvest labor shortage in the Klamath basin.

The laborers have been working in the Pendleton area harvesting peas. Canning operations there are due to wind up next week, with the remainder of the harvest to be confined to dry peas.
