

# NAZI TROOPS OBSTACLE TO END OF FIGHT

(Continued From Page One)

Ho was seeking to get German troops out of southern Italy and Italian forces back from the Balkans before appealing to the allies for an armistice.

Dispatches from Madrid said Italian troops were trying to block the entry of Nazi reinforcements in northern Italy, but there was no indication that they were succeeding.

### Violent Fighting

Madrid heard that Italian regular troops, aided by civilians and railwaymen turned saboteurs, were locked in violent fighting with Nazi forces north of Milan and Turin after Hitler was said to have rushed 10 divisions—possibly up to 150,000 troops—from France to guard the Po river defense line.

### Five Points

In a broadcast message, Gen.

Eisenhower stressed these points to the war-weary Italians:

1. Only the Germans in Italy are blocking peace.
2. Cessation of hostilities is possible immediately under honorable terms.
3. Discontinuance of assistance by the Italians to German armed forces is a prerequisite of peace.
4. Italian war prisoners will be returned if allied prisoners in Italian hands are returned safely and not sent to Germany.
5. The liberties and traditions of Italy will be restored.

Gen. Eisenhower also pledged that allied occupation of Italy would be "mild and beneficent" as in Sicily.

### Little Success

In turbulent Italy, Premier Badoglio strove with little apparent success to quell the wild-fire of disorders and save the nation from chaos.

Swiss border reports said hundreds had been killed in widespread riots and that tension was mounting hourly.

While the Rome radio still insisted that the new Badoglio regime intended to continue the war, crowds in Milan, Turin, Genoa and other cities kept up their shouts of "peace!" and bitter fighting erupted throughout the nation.

### Civilian Mobs

Running a high fever of hatred for their fascist oppressors, civilians were reported mobbing blackshirts in wide-spread "revenge hunts." Virginia Gayda, once known as ex-Premier Mussolini's press spokesman, was reported to have been killed in one of these outbreaks.

A BBC report, however, said Gayda had been arrested and charged with high treason, along with Roberto Farinacci, former secretary-general of the fascist party, and Mario Appellus, Rome radio commentator.

Gangs of outlawed fascist militia clashed with regular Italian army troops at Milan, birthplace of fascism; communists demonstrated in many cities, and a welter of peace parades, riots, strikes and rising political agitation brought the kingdom to the verge of civil war.

### New Government Seen

Reflecting dissatisfaction with Badoglio, a German foreign office spokesman was quoted as saying a new government in Rome would probably develop before the end of the week.

Berlin mentioned Crown Prince Umberto as a rallying point for a new regime.

Meanwhile, Turkish reports said German troops had seized direct military command from Italian forces throughout Greece, and Bern heard that revolt and sabotage were spreading to the Balkans.

Philippe Pettigrew of Montreal, Canada, lost his lead whistle, and 53 years later, doctors X-rayed him and found it.

# RETROACTIVE PAY DATE SET AT JULY 13

(Continued From Page One)

wage question was still in controversy. This, he said, constituted the notice.

October Amended Demand  
On October 29, he recalled, the union amended its demands and the employers have claimed that this amendment constituted the proper notice.

Steiner rejected this contention, saying that if the commission had considered this as the controlling demand it would have so stated in its directive order.

Affects PIRC Pay  
The recommendation, if acted upon favorably by the commission, affects the pay of the employees of various companies represented by the Pine Industrial Relations Committee, Inc., including Algoma Lumber company, Associated Lumber & Box company, Buzard-Burkhart Pine company, Crater Lake Lumber and Box company, Lakeview Logging company, Medford corporation, Oregon Lumber and Moulding company, Shaw Lumber company, Tiller Mill and Lumber company, Kalpine Plywood company.

In the case of Kesterson employees Steiner recommended their pay should be determined by the terms of case 370 and the award for retroactive pay. Kesterson's union affiliation changed from AFL to CIO while the case was pending.

He held Kalpine Plywood should be ordered to pay retroactive to July 13.

Steiner recommended Ralph L. Smith (Confeder Lumber company) and Southern Oregon Sugar Pine company pay be retroactive to November 29.

# FORTS BLAST AXIS SHIPYARDS AT KIEL

(Continued From Page One)

wards of 60 Nazi fighters attempting to beat them off. The Americans lost 23 bombers during the roundtrip of more than 1000 miles, a communique said. One allied fighter plane also was lost.

Sweep Over France  
Squadrons of RAF fighters crossed and recrossed the channel this morning in a continuation of widespread sweeps over northern France and Belgium and later allied bombers headed over the coast with more squadrons of fighters.

British fighters destroyed three enemy fighters this morning without loss.

Heavy bombing of objectives in German-occupied France continued this evening.

Stalled Automobile Smashed by Train  
VANCOUVER, Wash., July 29 (AP)—William Dye, Vancouver, stalled his automobile on a railroad crossing at Vancouver junction north of here last night and abandoned it a few seconds before Union Pacific train No. 458 from Seattle demolished it. The dispatcher's office said there were no passenger injuries and no damage to train or tracks.

Why is it that when a hog shortage is reported some people think they have to go out and make one of themselves?

# Allied Planes Tear At Jap Shipping

(Continued From Page One)

within sight. It may be mid-August before a foothold is gained. Lodge said the terrain and undergrowth is the worst yet encountered, and up to the time of writing, July 26, it had stopped our tanks. Anti-tank guns were seemingly unable to make a dent in solid coral caves sheltering enemy machinegun positions.

He said, however, despite all difficulties, U. S. land forces are steadily moving forward with gains of 200 yards daily considered remarkable achievements.

Fifteen enemy fighters attempted to intercept a formation of Mitchells raiding a barge base on Rein Bay on the north coast of New Britain. Nine Lightnings, escorting the Mitchells, engaged the enemy, shot down six Zeros and probably destroyed two more. There was no report of any allied loss.

The American bombers destroyed seven barges and two launches and set off violent explosions in fuel dumps near the bay.

# RED CLAW TIGHTENS ON NAZIS IN OREL

(Continued From Page One)

battles north and east of Orel yesterday, the Russians said, but reported that although the Nazis counterattacked stubbornly and fought viciously the red army retained the initiative at all points.

30 Places Taken  
Altogether, the Russians said they overran 30 occupied places, left more than 2500 dead upon the field, and knocked out 29 German tanks yesterday in the Orel sector alone.

(The Berlin radio yesterday acknowledged the German withdrawal from Bolkov, 31 miles above Orel, which the Russians announced last week they had captured. It was evacuated, the broadcast said, as a part of their "elastically conducted defense fighting.")

# Marycarol Jones Meets With OCD, Welfare Officials

Marycarol Jones, member of the state public welfare staff and acting as field secretary for civilian defenses under OCD, has been in Klamath Falls the past two days in the interest of the organization of a local group in child care, health and welfare.

She is meeting with members of the OCD and local welfare officials.

Miss Jones was formerly child welfare worker for Klamath county.

# Processed Food Point Value Chart Mailed to Stores

Point value tables for processed foods will be mailed directly to retail stores this period, OPA announced today. Formerly they were sent to the post office and called for there.

The tables are being mailed out now and should reach the stores by July 31. If they are not received, stores should apply to the war price and rationing board for a copy.

Meat and fat point charts will be handled as in the past, with stores getting copies from the local board.

# PRESIDENT CALLS FOR KNOCKOUT

(Continued From Page One)

"glad to be a good neighbor and a sincere friend" of Russia which "in saving itself is thereby helping to save all the world from the Nazi menace."

Mussolini  
His reference to ill-starred Mussolini was brief, but pointed. The Duce "and his fascist gang will be brought to task and punished for their crimes," the president declared.

"We will have no truck with fascism. . . we will permit no vestige of fascism to remain."

He said "we are helping the Italian people in Sicily" and will continue to help Italians reconstitute their government as they want it—there will be no pillage or starvation—conquered peoples will be restored "to the dignity of human beings entitled to freedom of speech, freedom of religion, freedom from want, freedom from fear."

If that is "crazy altruism or starry-eyed dreaming," Mr. Roosevelt said he was "sorry."

# NEW STRONG POINT IN SICILY TAKEN

(Continued From Page One)

eastward along the northern coast threatened to outflank the enemy in the vicinity of Messina, axis "escape port" only two miles across Messina strait from the Italian mainland.

"It is clear," he said, "that the battle for Sicily has entered its final phase, and the conquest of that island ought not to be more than a matter of days."

(He said that dispatches received this morning told of the fall of Agrig, seven and one-half miles east and slightly north of newly captured Leonforte, and of Nicosia, seven and one-half miles north of Leonforte. Both are key points in the axis line.)

# Californian to Be Rotary Club Speaker

Featured speaker at Friday's Rotary club luncheon will be Randolph Collier, state representative of California. He will be introduced by State Senator Marshall Cornett, who will be chairman at the luncheon.

Barbara Bentley, music major from the University of Oregon, who lives at Tulelake, will sing, accompanied by Mrs. George McIntyre.

Guests at the lunch will be the 12 wounded service men guests of the Commandos, here for the weekend. Some of the Commandos will also be entertained.

# USS Bataan to Be Launched Sunday

CAMDEN, N. J., July 29 (AP)—The USS Bataan, first aircraft carrier named in honor of an American campaign of the present war, will be launched Sunday at the New York Shipbuilding corporation yards, the fourth naval district announced today.

# EDITORIALS ON NEWS

(Continued From Page One)

Balkans—always as explosive as a keg of powder.

Hungarian workers are said to be "demonstrating" in the streets of Budapest against the Germans. (Demonstrating in the streets is a historic European institution of which we know little in this country.)

Anti-Nazi organizations in Rumania are pricking up their ears and beginning to pay attention.

Istanbul says Bulgaria might be the first of the Balkan satellites to break away from the axis IF ITALY GETS AWAY WITH IT.

The Bulgarian situation is said to be so tense that any minor incident might touch off a revolution.

NOTE This suggestion of what Bulgaria might do if Italy gets away with it. Don't think Hitler isn't worried by these possibilities. Italy's getting away with it would put ideas in the minds of all the other hate-embittered countries now under the Hitler heel.

That will be one of the fateful consequences of the Italian breakup.

KEEP this thought in your mind: If Italy kicks out fascism, gets rid of the Germans, erects a liberal constitutional government without intervening and destructive anarchy and settles down to something like peace and decency, all with our understanding help, it will SEND OUR STOCK UP unbelievably in the minds of all the war-sick peoples of Europe—INCLUDING the Germans.

That is why we are proceeding with such obvious tolerance, even kindness, in our handling of the Italian situation. Our job there is also a ticklish one, with great rewards if we handle it just right.

Store Fire—Grease collecting on wiring in a stove at the J. Newberry company brought out the fire department at 10:48 Thursday morning. The fire started in the kitchen of the lunch counter but the only damage done was to the stove.
