

FEEBLE SALES MAKE LEADERS LOSE GROUND

By VICTOR EUBANK
NEW YORK, Aug. 7 (AP)—Buying interest in today's stock market continued feeble and most leaders in the key groups lost a little more ground.

It was one of the slowest two-hour days of the year with volume around 300,000 shares.

A few pivotal issues, including American Telephone, Westinghouse, Southern Pacific and U. S. Steel, showed some resistance and were slightly ahead most of the time.

Such stocks as Chrysler, Goodrich, U. S. Rubber, Montgomery Ward, Sears Roebuck, Douglas Aircraft, Kennecott, American Can, Santa Fe, N. Y. Central and Baltimore & Ohio entered the final lap carrying minus signs.

Bonds were irregular with changes generally narrow. Commodities also were slightly mixed.

WHEAT

CHICAGO, Aug. 7 (AP)—Grains slumped in a quiet market today, the downturn being attributed more to a lack of buying orders than any aggressive pressure to sell. Commission houses were on the selling side.

With the country offering corn more freely, there was a tendency to liquidate feed grains. Both oats and rye weakened. Corn purchases on a "to arrive" basis today totaled 450,000 bushels, bringing the total for the week to around 1,500,000 bushels.

At the close wheat was down 1-4, September \$1.44 1/2, December \$1.46 1/2, oats were down 1-8, September 70 1/2, and rye was 1-4 lower, September \$1.01 1/2.

BOSTON WOOL

BOSTON, Aug. 7 (AP-USA)—Some uneasiness developed in the Boston wool market during the past week. Short fine domestic free wools on which there has been very little demand recently were offered at prices several cents below clean basis ceilings. The demand for foreign wools was limited to spot offerings.

Combined state highway obligations for 39 states top \$2,433,900,000, of which New York's \$477,927,709 is the largest and Idaho's \$289,834 the smallest.

RED CROSS QUOTA FILLED AT TULELAKE

TULELAKE—Surgical dressing quotas for the Tulelake Red Cross chapter were reached but August days are finding workers reluctant to put in many hours and those in charge of the classes are asking that everyone who can help will put in some time.

Particularly meritorious is the work that has been done by the members of the Tulelake assembly, Order of the Rainbow for Girls, according to the executive board in session this week.

The unit, with 79 persons devoting 640 and three quarters hours work during July completed 5474 dressings. Four instructors put in 150 and three quarters hours of time. Mrs. George Kurtz is chairman of surgical dressings.

Mrs. George Yost, chairman of the home service division reported that a number of inquiries have been made by the military personnel at Newell in regard to maternal care. Several loans, principally for fur-roughs, have been made.

Ralph Fausett has been appointed by Rev. Hugh L. Bronson, general chairman of the chapter, to assist Mrs. Yost in attempting to locate living accommodations for families of service men who are expected to arrive with the new units.

Mrs. Harry Miller, chairman of the knitting division, stated that knitting was stalemated because of lack of yarn, one sweater and one helmet being completed during the month.

Ralph Fausett reported that a second radio is being sent to the convalescent wards at Camp White. Mrs. Frank Rhodes made a personal report on 15 hours work.

The room where surgical dressings are made which has been most uncomfortable during the hot weather has had a fan installed and is now air conditioned.

Four-H boys and girls of Carr school donated \$5 and the junior church of the Tulelake Community Presbyterian church donated \$2 for the Camp White convalescent ward. A letter was read from Mrs. Jeanne Baker, field representative of the American Red Cross thanking the Winema Girl Scouts for the attractive afghan sent recently through the Red Cross to the orthopedic ward at Camp White. The robe was knitted with the emblem of the troop, a clover leaf and the name Tulelake embroidered on a center panel.

Rainbow girls are contributing time to the sale of the Red Cross magazine, the Courier, the entire subscription price of 75 cents per year being given to the organization.
