

CONTRACTORS WON'T SUFFER AT WAR'S END

WASHINGTON, Aug. 13 (AP)—The war department has made plans to reimburse its contractors in case of a sudden end of the war.

Disclosure of the plans was made in a war production board (WPB) announcement yesterday that army purchases of blankets and woens would be cut substantially in 1944.

Maj. Gen. C. L. Corbin, director of procurement in the quartermaster general's office, was quoted as advising a group of woolen and worsted manufacturers here this week that "present contracts will be completed unless unforeseen circumstances—such as a sudden termination of hostilities—make a different course advisable." No cancellation of existing contracts is contemplated, he said.

Although the announcement covered only blankets and wool fabrics, it indicated that the army had given thought to the possibility of a sudden peace and to preventing a dislocation of industry should it come.

"It was indicated," said the announcement, "that where goods to be made under a cancelled contract were in process of being manufactured, the goods would either be completed and purchased by the government for ultimate disposal through other channels, or the contractor would be reimbursed for any loss suffered as a result of the cancellation."

1944 Ship Plans Call for No More Tonnage Than 1943

WASHINGTON, Aug. 13 (AP)—Tentative plans for merchant ship construction in 1944 call for no more tonnage, and perhaps slightly less, than the 19,000,000 deadweight tons scheduled to be built this year, informed officials said yesterday.

The new fast victory ship, designed by the maritime commission as successor to the slow-moving, mass built Liberty ships, will play a large part in the 1944 program, it was said, but a "big proportion" of Liberty vessels will continue to come off the ways.

Three Men Face Charges of Having Counterfeit Money

SEATTLE, Aug. 13 (AP)—Three men, Marion J. Williams, Joel L. Parson and Harold K. Ashby, today face charges of possessing counterfeit money. Capt. William R. Jarrell of the secret service, said Williams was suspected as the actual printer of the cleverly faked \$10 and \$20 bills. He reported the seizure of elaborate printing equipment in the basement of a Bremerton home where Williams had living quarters. He said the other two men were held as alleged passers of the bogus money.

OOPSI
SAN FRANCISCO (AP)—Myron T. Jacobsen, pleading with OPA officials for extra mileage ration stamps, fumbled for a paper in his pocket and out fell rations good for 100 gallons of gasoline.
Assistant U. S. Attorney Valentine G. Hammack filed an information in federal court charging Jacobsen with illegal possession of the stamps.

Greater Aerial Hammering Predicted on Pacific Japs

By The Associated Press
Japan, fearful that a second U. S. attack on her Kurile island chain presaged raids on the Japanese mainland itself, has been warned by an American air commander that even greater aerial blows are to come in the Pacific.

Maj. Gen. Nathan F. Twining, commander of air activities in the Solomons, asserted that there would be no letup, and that the Pacific offensive has reached "the second quarter of the game with our forces possessing the ball, and with an impressive score behind them."

Japan's Kurile Islands, 1200 miles northeast of Tokyo, were raided yesterday (Far Pacific Time) by big Liberator bombers which shot down five of 40 enemy defenders.

Two Liberators were reported missing. Tokyo broadcasts warned the Japanese people that the United States was apparently preparing to "raid our mainland, Japan, from the north."

Bad weather grounded air-planes as U. S. troops fought in the jungles of Iwo Jima last night. Japanese holdings at Balakoa Harbor on New Georgia Island, and a communique reported only that "our ground advance continues."

MEN AND WOMEN IN SERVICE

CHILOQUIN—First Sergeant W. D. Scribner of the Pacific sector, foreign wing, air force ferry command squadron, was recently on a short leave which he spent with his relatives.

He spent one day with his sister, Mrs. C. J. Gruberman, of Chiloquin.

For the rest of his leave, they visited with his sister, Mrs. Ray Shull of Central Point. His mother, Mrs. Scribner, of Spokane, another sister, Mrs. Oron N. Stewart of Seattle, and the Grubermans from Chiloquin attended the reunion.

First Sergeant Scribner has been with the ferry command for the past year and there are no bases in the Pacific war zone large enough for a plane to land on, that he has not landed on.

IN PACIFIC — Sergeant Ned Lewis Hertado

of Lakeview is now somewhere in the South Pacific. His wife, the former Ruby Scott, and his two children, Roma Lee, and Ned Jr., live in Beatty.

Hertado enlisted in the army in April, 1942, and was only recently promoted to the rank of sergeant.

Word received here by Mr. and Mrs. Orle Kennerly states that their son, Lieutenant Byron F. Kennerly, is now instructor in piloting 4-motor bomber Flying Fortresses at Roswell, N. M. Another son, Technical Sgt. C. D. Kennerly, has just recently returned from India and China and is now in the first radio squadron out of Patterson Field, Ohio. In a letter received from a third son in service, Orle A. Kennerly Jr., it was learned that he was promoted to sergeant August 1. Orle is EO clerk at an army air field at Warrensburg, Mo.

FARRAGUT, IDAHO—Men from Klamath Falls are among the thousands of new arrivals at this second largest U. S. naval training station to begin recruit training for their jobs as members of Uncle Sam's fighting fleet.

The Klamath Falls men are: Wayne Francis Christensen, son of Mr. and Mrs. C. O. Christensen, 3405 Anderson street; Len in Woodrow Barrett, son of Mr. and Mrs. Albert Barrett, Route 1, Box 929; Alfred Zane Woody, husband of Mrs. Margaret Woody, Route 2, Box 830; Neil Earl Hutchins, son of Mrs. Alice Hutchins, 3209 Crest street; Ben Robert Lemire, son of Mr. and Mrs. J. B. Lemire, 3356 Altamont drive.

Several rolls of colored film have been received by Mrs. C. E. Brissenden from her husband, Captain Clarence "Bill" Brissenden of the marines who is somewhere in the South Pacific. Brissenden has been in the South seas for about six months. Prior to his enlistment in the marines he was with the farm security office here.

PHILIPPINES WON FREEDOM, DECLARES FOR

WASHINGTON, Aug. 13 (AP)—The Philippines won their right to independence by the fight the natives put up on Bataan, says President Roosevelt. Furthermore, the islands will "soon be redeemed from the Japanese yoke."

In these words, Mr. Roosevelt spoke last night to the Filipino people on the 45th anniversary of American occupation of the far Pacific territory.

The moment the Japanese are ousted, said the president, the Philippines will have their own republican government. By their battle against the Japanese in December, 1941 and for weeks thereafter, they "gave final proof that here was a nation fit to be respected," he declared.

The Philippine government will have a voice in the peace, Mr. Roosevelt added.

Food Price Drop Didn't Soak In on Some Customers

WASHINGTON, Aug. 13 (AP)—That labor department report of a decline in food prices in cities souped as pleasant as a shower in drought-time but, an unofficial survey showed today, it didn't soak in with a lot of the customers.

Many people in different parts of the country said they had not discerned any 2 per cent decrease, as the department reported for the mid June-mid July period. It may have been because their areas were not affected by the reported decline, or because they haven't been buying the items said to have lessened in cost.

But a Memphis housewife suggested that the labor department was mistaken. She said "I think they'd better check their statistics again; prices just keep getting higher and higher."

Food Crop Farmers Write Own Priority

SAN FRANCISCO, Aug. 13 (AP)—Food crop farmers can write their own "certificates of need" to get priorities for farm equipment repairs at local machine shops, the war production board's regional office announced today.

Such certificates, the WPB explained, constitute nothing more than a purchase order, or any piece of paper, that "I certify to the WPB that I am a farmer and that the supplies covered by this order are needed now and will be used for the operation of the farm."

The regional office announced yesterday that food crops would get the highest priority rating for machinery repair.

Mother Held for Killing Children

MEMPHIS, Tenn., Aug. 13 (AP)—Frail, 37-year-old Mrs. Mildred Davidson was held in jail on three charges of murder today after Police Inspector M. A. Hinds said she confessed killing her three children with an axe.

She was arrested yesterday after the hacked bodies of the victims were found in their beds by the father, Robert Davidson.

CHARITY BEGINS—
PALESTINE, Tex. (AP)—When a group started a dice game after a businessmen's barbecue they thought all the preachers were gone.

But the Rev. Joe Berry walked up, scooped up \$7.50, plus the dice, and announced that the money would go into the collection plate of the First Christian church next Sunday. That broke up the game.

Now I realize what a sap I was when I used to take off for weekends and not take my job serious in making shells and cylinders.—Former steel worker, now with North Africa forces, writing to former boss at home.

DANCE
Go Where the Crowd Goes
Every Saturday Night
8:00 to 1:00
