FRENCH GENERAL REPORTED ALIVE

WASHINGTON, Aug. 20 (AP)—War department records showed today that an Associated Press dispatch received yesterday from allied headquarters in North Africa reporting the death of General Louis Marie Koeltz, commander of the French 19th army corps, was erroneous.

The dispatch said that the American Legion of Merit medal had been given posthumously to General Koeltz. This apparently was due to confusion of his name with that of General Marie Joseph Edouard Welvert, who was killed while leading French troops in the Pichon sector in Tunisia last April and who was awarded the Legion of Merit of Allied Leaders in the North African campaign to receive the American award, is alive. An Algiers broadcast today said "General Koeltz is in perfect health."

SUPPOSE IT HAD TO LAST A LIFETIME

HOW CAN you take steps to make sure your car will last through the duration?
The simple way is to treat your car as if it would have to last a lifetime! As if you never would be able to get another!

Keep your engine properly tuned! Change oil promptly—and no fooling! Watch plugs—brakes—batteries—carburetor! Really DO the things you know SHOULD be done, but have found you can "let slide" under peacetime practices of trading in every two or three years.

It isn't as much bother as you think. Because we'll take over the job of making your car last if you'll give us the chance and work with us.

We've got the men, got the equipment, got the know-how to do it. How about coming in to talk it over?

GOLDEN WEST COFFEE takes the glass shortage in Patriotic stride!

The government's severe restrictions on glass for coffee packaging and the lifting of coffee rationing is responsible for the appearance at your favorite grocery, of Golden West Coffee in glassine-lined paper bags. The necessity for packaging Golden West Coffee in other than tin or glass in this emergency is indeed unusual, but doing unusual things will help win this war.

Here is how you can help—without depriving yourself of the traditional freshness and flavor of Golden West Coffee—"Let every other pound of Golden West Coffee you buy, be the emergency wartime package". The price of the new package will be slightly lower than the glass jar. Drip or Regular Grind, of course!
