

PLAIN DUMB PEOPLE CAUSE FOREST FIRES

By WALTER WIESENDANGER
Chairman, Stop Forest Fires Committee

All of us who have lived in Oregon for any length of time have seen many a forest fire. We have seen these fires destroying valuable timber, grazing lands, and the forest cover that protects the headwaters of our streams. We have seen the smoke of these fires billowing to the skies. We have seen weary, smoke blackened fire fighters coming back from the battle. We have seen burned out bridges, and roads blocked by flames and burning trees.

Many of these forest fires were caused by man. Good citizens, but just thoughtless, careless, or plain dumb. Most of the man-caused fires are started by smokers along the forest roads. We can help here by warning people about throwing matches or cigarettes from their cars. We can tell them to use their ash trays—or better still, not to smoke while traveling in forest, brush or grasslands. We can warn campers and brush burners, too. If we see a small fire starting, we can put it out. If it's too big to handle alone, we can telephone to the nearest forest ranger or fire warden.

If we can just prevent these man caused fires from starting, we shall leave the forest protection agencies free to fight lightning fires, and any fires that might be set by enemy agents.

What do you say? Let's all pitch in and do this wartime job!

Caulfield Certain Of Appointment as Marshal in Oregon

PORTLAND, Aug. 25 (P)—The Journal's Washington correspondent said today that appointment of Jack Caulfield, Tillamook, as U. S. marshal for Oregon appears certain.

Caulfield has been recommended by Postmaster General Frank W. Walker, national democratic chairman, the dispatch reported. Walker recommended Caulfield, the paper said, after his name was the only one appearing on both lists of candidates suggested by Oregon party officials.

Troops Speed War Games for General

BEND, Ore., Aug. 25 (P)—Thousands of troops engaged in large-scale maneuvers in Central Oregon speeded up war games today for Lt. Gen. Lesley J. McNair, commanding general of United States ground forces.

The maneuvers, largest ever held in this section of the west, are being staged in a 10,000-square mile area that includes mountains, deserts, swamplands and forests—every possible type of inland battle terrain.

McNair arrived at Camp Adair in western Oregon and headed for the maneuver area today. He was accompanied by a large staff, including Brig. Gen. J. M. Lentz and Brig. Gen. C. L. Hyssong.

Jap Maps of Pacific Found in Tacoma

TACOMA, Aug. 25 (P)—The presence of Japanese maps in a house, formerly occupied by Japanese, where workmen yesterday found a Japanese inscribed map of the Pacific area pasted on a wall, was reported to the federal bureau of investigation in December, 1941, Detective Roy S. Morrison of Tacoma police said Tuesday.

The house was visited by two Tacoma police officers December 19, 1941, in a census of Japanese in Tacoma being made at that time, Morrison said.

Newell WRA Chief Talks to Lions

R. R. Best, director of the war relocation authority at Newell, Calif., was guest speaker at the regular meeting of the Lions club Tuesday. He spoke on the problems of segregating disloyal Japanese.

Mortimer Cook, also of Newell, was a guest at the lunch. Lloyd Leithead was chairman of the day.

Give Your Feet An Ice-Mint Treat

Get Happy, Cooling Relief For Burning Callouses—Put Spring in Your Step. Don't wear about dead, burning feet. Don't mean about callouses. Get happy and give them an Ice-Mint treat. Feel the comforting, soothing coolness of Ice-Mint driving out fiery burning, itching tiredness. Rub Ice-Mint over those ugly hard old corns and callouses, as directed. See how white, cream-like Ice-Mint helps soften them up. Get foot happy today the Ice-Mint way. Your druggist has Ice-Mint.

Oregon News Notes

By The Associated Press

Shipyard wages in the hop-yards were reported by Silver-ton hoppers, who said a 34-cent-a-pound wage was tripling earnings of former years. . . . The Oregon Shipbuilding corporation in Portland launched its 241st Liberty freighter, the Peter DeSmet, named for a Jesuit priest who explored the northwest. . . .

Marshfield and North Bend city council approved a charter for consolidation of the two communities, and the merger now awaits public approval at the next election. . . . The Roseburg area reported half its prune driers would remain idle because of a shortage of pickers for the crop. . . .

The seating of Clark C. Van Fleet, former OPA district rationing officer, in the Portland city council was challenged on grounds he had not established legal residence in Portland. . . . Swan Island shipyard officials in Portland said a new advance in prefabrication technique is enabling them to install complete 82-ton cofferdam sections in tankers.

CIVILIANS GET 75 PER CENT OF NATION'S FOOD

WASHINGTON, Aug. 25 (P)—President Roosevelt advised American civilians today they have been allocated 75 per cent of the nation's food production for the current fiscal year.

In a quarterly lend-lease report to congress, the president traced current "domestic food shortages" to increased consumption by the armed forces and civilians and said they were not due to any appreciable extent to lend-lease shipments abroad.

Detailing lend-lease food news which in the case of Russia has necessitated leaving munitions at the dock to cram eatables in to ship holds, the president added:

"While these allocations (made by the war food administration) — mean that civilians will receive less in the current year than they had in 1942-43 they will on the average get as much food as was available annually in the years 1935-39."

He explained that on an average, WFA has apportioned the American food production as follows: 75 per cent to civilians at home, 13 per cent to the armed forces, 10 per cent to lend-lease, 2 per cent to U. S. territories and special purposes.

The report said that lend-lease food exports amounted to only 6 per cent of the nation's total food supply in 1942 and that this year "it is likely that we will ship approximately 10 per cent."

Shaniko Railroad to Aid Wheat Marketing

SALEM, Aug. 25 (P)—The Union Pacific railroad has agreed to continue operation of the Kent-Shaniko section of the Biggs-Shaniko branch of the Union Pacific railroad until November 30 in order to help wheat farmers get this year's crop to market, Public Utilities Commissioner George H. Flagg said today.

The interstate commerce commission had given the railroad permission to abandon the section.

SAY GOODBYE TO PILLS, CATHARTICS!

Switch to This Gentle-Acting, Natural "Regulator" Food!

Want to free yourself from gripping unpleasantness, needless pain? Get lasting, blessed relief — a pleasant way? Without prodding your bowels—robbing your system of water—"sweeping" you out?

Try KELLOGG'S ALL-BRAN! Scientists explain its happy results this way: ALL-BRAN "gets at" one big cause of common constipation—lack of sufficient cellulose elements in the diet! ALL-BRAN supplies these elements — which help the intestinal flora lighten and fluff up the colonic wastes for easy, natural evacuation!

Get KELLOGG'S ALL-BRAN regularly. Drink plenty of water. See if you, too, don't give up pills and cathartics for good. Remember, too, KELLOGG'S ALL-BRAN is wonderfully nutritious! Each 1 oz. serving contains as much protein and vitamin B₁ as 4 strips of bacon, or 2 pork sausages. Insist on genuine ALL-BRAN, made only by Kellogg's in Battle Creek.
