STOCK MARKET SUFFERS FROM BUYING APATHY

By VICTOR EUBANK
NEW YORK, Aug. 26 (AP)—The stock market again suffered buying apathy today.

Assorted industrials, rails, aircraft and gold mines did fairly well but many leaders were at a standstill or inclined to retreat. Irregularly higher tendencies prevailed at the start and gains of fractions to a point or so were plentiful near the finish. Transfers were around 400,000 shares.

Childs company stocks and bonds broke sharply on announcement the company had filed a voluntary petition for reorganization.

In front, most of the time, were U. S. Steel, Chrysler, Southern Pacific, Anaconda, International Nickel, Dome Mines, Sears Roebuck, United Aircraft, Oliver Farm, Douglas Aircraft, Glenn Martin and Goodyear. Laggards included Du Pont, American Can, Texas Co., Standard Oil (N. J.), General Motors, Consolidated Edison and Montgomery Ward.

Bonds, with scattered exceptions, were narrow.

CAN'T KEEP GRANDMA IN HER CHAIR

She's as lively as a Youngster—Now her Backache is better.
Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.
When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.
Don't wait! Ask your druggist for Doan's Kidney Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Lamb Slaughter Quota Increased

SAN FRANCISCO, Aug. 26 (AP)—The food distribution administration said today the civilian lamb slaughter quota for September in Oregon, Washington and California had been increased to total approximately 100 per cent of the basic slaughter of September of 1941.

The announcement followed word from Washington that normally the quota for September was boosted to about 90 per cent of the base. Until today's authorization, the figure was about 80.

opening slow, early bids and sales native spring lambs mostly steady; around \$13.25-14.55 on medium to good kinds; best held higher; shot 3 double California spring lambs to packers and shippers \$14.60; talking around \$11.00-60 on yearlings; sheep strong to 25c higher than Wednesday; good native ewes early \$7.25 down.

Planters in Ceylon use snakes to catch rats.

Jeep Turns Switch Engine
There's apparently nothing a jeep can't do. Down in Australia they've turned the versatile vehicle into a switch engine by substituting steel wheels for its regular rollers. Here the switch buggy hooks on to a long line of freight cars.

WHEAT

CHICAGO, Aug. 26 (AP)—Trade reports of drought conditions in many sections of the southwest, with indications pointing to a critical feed shortage in that area several months from now, spurred an upturn in grain figures today.

The September contracts of rye and oats led the advance, but all deliveries exhibited strength after a hesitant opening. September oats moved to a new seasonal peak. There was a good demand for oats in the cash market. The upturn in rye was aided by covering by previous shor sellers.

At the close wheat was 1-1/2c higher, September \$1.45 1/2, oats were up 1-1/2c, September 73 1/2c, and rye was ahead 1-1/2c, September \$1.02 1/2-1.03.

HARVEST HELP CALLS SLACKEN IN CROP LULL

With the haying season about over and grain, the next harvest crop, not quite ripe as yet, there is at present a lull in calls from local farmers for help in the fields, it was learned Thursday at the United States employment office.

Only farm labor demand now is for hands to handle bundles, and it is expected that this work will be over soon.

Local grain is ripening spotty which means a lot of green stalk among the ripe. It is necessary that most of the grain is ripe before cutting begins. Though the grain program is indefinite, it is expected that cutting will start some time between September 1 and 5.

No call as yet has been received at the local employment office for help on the Tulelake relocation center enlargement project. This, according to Andy Anderson of the employment office, is a good thing as there is no surplus of labor here. However, Anderson said, should a

Columbia River Program Approved

MISSOULA, Mont., Aug. 26 (AP)—A long-range program to develop water resources of the Columbia river basin has the general approval of Washington, Oregon, Wyoming, Montana and Idaho, chief executives of two of the states reported after a conference here.

Governors C. A. Bottolfsen of Idaho and Sam C. Ford of Montana issued a joint statement last night announcing that "We are working in full accord and there is no upstream-downstream differences of opinion."

HAWAII A "SANDWICH"

The Hawaiian islands formerly were known as the Sandwich islands, after James Montagu, the fourth Earl of Sandwich. The name was changed to the present one in the latter part of the 19th century.

The Story of Island "X"

Island "X" is an important Pacific outpost—for Japs or Americans. The Navy and Marines move in. With them go the Seabees. Into the tropical jungle. Bulldozers flatten the hillocks. Skilled hands lay a man-made, steel mesh runway. Within ten days American fighters and bombers are taking off to smack the Japs. Another potential danger spot has become a military asset. That's the kind of job the Seabees are doing. That's the kind of job they want YOU to help them do.

Build and Fight with the SEABEES

The Navy Seabees need

- MECHANICS
- CARPENTERS
- ELECTRICIANS
- SHOVEL OPERATORS
- CRANE OPERATORS
- PIPEFITTERS
- STEEL WORKERS
- PIPELAYERS
- WHARF BUILDERS
- WELDERS
- RIGGERS
- DIVERS
- DRAFTSMEN
- SURVEYORS
- and other construction men

U. S. ARMY CORPS OF ENGINEERS offers similar opportunities for construction men. For details ask at any Army Recruiting Station.

Follow your trade in the Navy. For men who itch to get in the thick of things, the Seabees offer ACTION. They're a tough, hard-hitting organization of specialists who build bases and help hold them, repair battle-damaged ships and other Navy equipment, back up the combat line with tools and guns.

Seabees are specialists, and get full credit for their knowledge. In addition to their base pay, ranging from \$30 to \$126 a month, they get all living and clothing expenses, plus family allowance, plus 20% of base pay for overseas service.

Here's adventure, action, satisfying war service for red-blooded Americans between 17 and 50 with an unusual appeal to mature men over 38 with a trade.

Ask for details of the new voluntary induction plan of enlistment for men between 18 and 38.

APPLY in person—or write to your Navy Recruiting Station: Federal Building, Klamath Falls, Ore., or Apply Elks Lodge.

GREYHOUND provides vital transportation for the Seabees—gets them to and from mainland jobs and embarkation points, carries them on leave, and serves their training centers. For example, when Camp Parks, new Seabee center near Livermore, California, was opened, Greyhound immediately was called upon to provide the service it needed. This is only one of hundreds of military camps served exclusively or partially by Greyhound. This naturally diverts many buses from civilian service, and makes your patriotic cooperation more vital. So again we say: Please don't travel unless it is absolutely necessary.
