

# FDR BACK IN WASHINGTON; MEETINGS SET

WASHINGTON, Aug. 30 (AP)—President Roosevelt returned to Washington today and, as a direct follow-up on the Quebec war conference, scheduled appointments with diplomatic, state and military officials.

The list included Dr. T. V. Soong, Chinese foreign minister; Secretary of State Hull; General George C. Marshall, army chief of staff; and General H. H. Arnold, commanding army air forces.

Prime Minister Winston Churchill of Britain is expected here within a week to pick up some of the loose threads of the Quebec meeting. There was reason to believe that this forthcoming meeting would center mostly on political aspects of the war and on a post-war program.

Hull went to Quebec principally to consider such problems in cross-the-table conversations with British Foreign Secretary Anthony Eden.

An official announcement at Quebec said that the war against Japan played an important part in the Anglo-American deliberations, and Soong went from Washington to sit in on the latter stages of these conferences.

Presumably his engagement at the White House today was for a continuation of talks on strategy against Japan. Marshall and Arnold also were at Quebec.

Mr. Roosevelt, after delivering an address in Ottawa, Canada, Wednesday, spent a few days resting before returning to Washington.

One of his first official actions upon reaching the capital today was to grant the commissioner of immigration and naturalization and district directors under him the authority to make exceptions, after investigation, for aliens who otherwise would be classified as enemy aliens.

Previously the attorney general alone held this power, and he, too, would continue to exercise it, along with the others.

Marshall and Arnold also were at Quebec. Mr. Roosevelt, after delivering an address in Ottawa, Canada, Wednesday, spent a few days resting before returning to Washington.

# Man Injured as Fire Destroys Bonanza Home

BONANZA—A house on property belonging to the Horsfield irrigation project at Bonanza was destroyed by fire at 3 o'clock Sunday afternoon and Harry Whitby, who was living in the house, was taken to Klamath Valley hospital to be treated for injuries caused when a beam fell on him in the burning building. He also received burns.

The building was covered by insurance, but the furniture inside was a complete loss. The house was built two years ago for use by the ditch rider of the irrigation company. The blaze, which entirely destroyed the house, was apparently started by a faulty flue.

A small boy, the son of Whitby's daughter, warned Whitby of the fire as he was sleeping in the building at the time. While investigating the fire in the kitchen, he was struck by the beam.

# JERRIES FLEE RED HAMMER AT TAGANROG

(Continued from Page One)

to the north and west. Donetsk-Amvrosevska is 40 miles north of Taganrog.

General Retreat Evacuation of Taganrog makes it clear that the whole right flank of the German army is comprised and indicates that a general pulling back, started with the soviet offensive in the Donets basin a few days ago, has been stepped up.

Taganrog had been heavily fortified by the Germans, and its recapture by the Russians indicates the power of the current red army drive. Last year's soviet offensive, which began with the victory of Stalingrad, swept on past Rostov in this region but stopped short just east and north of Taganrog in the face of a violent naz defense of the city.

No Indication There was no immediate indication whether the Germans would attempt to stand a few miles west of Taganrog on the west bank of the Mius river, or withdraw some 60 miles farther to the west to Mariupol.

The Berlin radio said the Russians had suffered heavy losses, mainly through minefields left by the retreating Germans in the Taganrog area.

Retribution for Nazi Atrocities Promised by Allies

WASHINGTON, Aug. 30 (AP)—Ruthless atrocities by the German invaders of Poland, accused by systematically murdering or deporting hundreds of thousands of persons, were denounced by the United States and Great Britain today in a joint promise of retribution.

Reaffirming their resolve to punish the instigators as well as the perpetrators of the crimes, Washington and London declared that so long as such atrocities continue to be committed "they must be taken into account against the time of the final settlement with Germany."

Allied Planes End Lull in Aerial War

LONDON, Aug. 30 (AP)—Large formations of allied planes roared out across the English Channel this evening, ending a 24-hour lull in the aerial war on axis Europe caused by bad weather conditions.

The Paris radio, meanwhile, said in a broadcast recorded by The Associated Press that "enemy planes last night dropped numerous incendiary bombs on a little village in the Somme Department."

# 'NEW ORDER' RULES; DANES SCUTTLE NAVY

(Continued on Page Two)

es sent the greater part of their small navy to the bottom.

Result of Disorders The Germans' drastic action was the upshot of a series of violent disorders in the tiny country during the past two weeks.

Nine naval ships, two of them small destroyers, reached safety in Swedish ports yesterday. Another torpedo boat arrived at Landskrona last night, raising to 10 the number now docked in Sweden.

King, Cabinet Jailed One of the latest reports reaching Sweden said members of the cabinet, including Prime Minister Eric Scavenius, were in internment with King Christian at Sorgenfri castle.

The cabinet conferred with the king until the early hours Sunday before Gen. Hermann von Hanneken, German commander in Denmark, issued his proclamation at 4:15 a. m. announcing naz martial law.

Abdication Threat The king threatened to abdicate if the cabinet accepted a drastic ultimatum submitted by German Minister Werner Best on Saturday. The cabinet's flat rejection of the demands signalled the end of Danish collaboration and the smashing of the German effort to establish Denmark as a showcase model for other occupied countries.

The Danish people received little information of the swift movement of events in their country, as no newspapers had been published for two days.

Nazs Take Over The Danish radio later announced that Von Hanneken had taken over all court and civil functions. The radio broadcast a warning that courts martial would be established immediately to mete out the death penalty and other severe sentences for violators of the martial law.

Danish laws will be revised along naz lines, in addition to a new arrangement of the public life of Denmark," the Von Hanneken announcement said. It added that loyal civil servants would be retained under German control.

Absolute Quiet (The nazi-controlled Kalundborg radio in Denmark, meanwhile, was recorded by U. S. government monitors as asserting: "It can now be stated that absolute quiet reigns all over the country." The broadcast added that the "state administration and all enterprises, including those hitherto on strike, are now working.")

The light coastal defense ship Niels Iuel was one of the vessels that tried to escape, but it was sunk by a German torpedo plane in the Ise Fjord. The 30-year-old warship was commanded by Captain Carl Westermann, vice-chairman of the Danish house of commons, and there were reports here that a number of prominent persons were among the 369 persons aboard who were reported saved and landed at Helsingoer.

Reach Sweden Three more Danish naval ships carrying a total of about 75 persons reached Sweden this morning.

Marine and royal guard forces fought a brief but spirited battle with German troops who tried to invade the royal barracks and naval yard in Copenhagen as the scuttling was in progress, Danes who escaped to Sweden reported.

Ships Sunk Forty-five vessels of various types, including two new destroyers and nine submarines, were sunk, ammunition dumps blown up, and harbor fortifications wrecked.

Nazi troops surrounded the royal palace at Amalienborg, blown up, and harbor fortifications and exchanged a barrage of gunfire with the Germans. Resistance ceased only when King Christian X gave the order.

NEW YORK, Aug. 30 (AP)—Nazi forces intend to "persist in their protection of Denmark as long as the war lasts."

The German news agency DNB said this today in a broadcast transmitted for publication in German-controlled newspapers in Europe. The transmission was recorded by U. S. government monitors.

NEW YORK, Aug. 30 (AP)—The British Broadcasting corporation said today that several hundred German soldiers "are

# Officer Loses Cap—and They Cost 15 Bucks

Here's hard luck story No. 1 for the week: A medical officer visiting in Klamath Falls went to Cal-Ore Sunday night. While he was dancing, someone—presumably a souvenir hunter—made off with his uniform cap.

It isn't just that officers have to buy their clothes, including accessories, and that caps cost in the neighborhood of 15 bucks. They're scarce and hard to get. And this officer wears an exceptionally large size, which is harder than average to get.

And when he appears without a cap he's out of uniform and liable to be cracked down on, with ensuing humiliation.

(If the cap can be brought to The Herald and News office, this newspaper will undertake to see that it gets where it is so badly needed.)

said to have been killed in clashes with Danish troops." CBS recorded the broadcast.

STOCKHOLM, Aug. 30 (AP)—Swedish Prime Minister Per Albin Hansson asserted in a speech at Kalmar yesterday that swiftly changing events in Denmark were a "warning to all of us always to be watchful."

Observing that the Danish crisis was an example that "situations can change very soon," he added: "Our hearts are beating for Denmark."

# ROBERTSON HEADS WAR CHEST DRIVE

C. S. Robertson, president of the First Federal Savings and Loan association, has been named chairman of the Klamath county war chest drive to start in mid-October.

Klamath county's quota for the drive is \$35,200, and the state quota is \$1,365,000.

Robertson was appointed by C. A. Sprague, Salem, state chairman. The Klamath leader will name his committeemen within a few days.

# Goebbels Bars Migration of Berlin Citizens

(Continued From Page One)

residents to help clean up the damage following attacks. Although the city has been spared for the past few nights no one expected the immunity to last and the Spanish correspondent noted the population was bitterly despondent and weary.

Only a small portion of the debris left by the RAF last Monday night had been removed from the city's main streets, the correspondent said.

Allied air squadron spent a quiet weekend with fighter activity over France and northwest Germany the only action reported.

Planes taking part in the sweeps hammered at railway lines and canals, the British air ministry said. One allied plane was reported missing while an RCAF Mustang shot down a German fighter.

# WAC Corporal Found Murdered in Hotel

INDIANAPOLIS, Ind., Aug. 30 (AP)—Army officers said today that the 32-year-old WAC corporal who was found slain in a downtown hotel, her throat, arms and wrists cut and her body only half clothed, had been murdered, but they gave no hint of being close to a solution of the mystery.

The blood-stained body of Corp. Naoma L. Ridings, attractive divorcee and member of a prominent Warm Springs, Ga., family, was found in a seventh floor room at the Claypool hotel Saturday night, three hours after she had rented the room. She had been stationed at Camp Atturbury, 25 miles south of here, since March.

man from 1926 to his death May 13 of this year. Candidates, conducting campaigns as independents in accordance with special election statutes, are Mrs. Grace Jackson Englebright of Nevada City, widow of the late representative, and State Senator Jesse Mayor of Angels Camp, both republicans, and State Senator Engle of Red Bluff, democrat.

# ARUNDEL ISLE TAKEN; JAPS STRIKE BACK

(Continued From Page One)

forces, attack planes made low-level sweeps against enemy barge hideouts and waterfront installations at Salamaua.

Near Lae, 10 miles east of Salamaua, Flying Fortresses dropped 29 tons of bombs, destroying three jetties and 20 barges at Voco Point.

Landing Made Concerning the landing on Arundel island the communique said simply: "Our ground forces made an unopposed landing and are now consolidating."

The landing took place last Friday. The island, on which Japanese troops were stationed until recently, is only three miles south of Kolombangara island and provides positions from which field artillery could shell the Vila airdrome.

A strong force of Mitchell bombers last Saturday morning delivered a second heavy attack within a week from medium altitude against Hansa bay, midway between New Guinea, a patrol boat and 31 barges and luggers were destroyed. Roaring fires were started in fuel and ammunition dumps on the waterfront. Smoke billowed up to 4000 feet over the target area. There was no interception but Japanese ground gunners shot down one of the Mitchells.

# Wesley Hamilton Crowned King of Victory Gardeners

place as grower of the best carrot, and Bill Hill was judged first in the cabbage division. Buddy Aubrey won first place in onions.

Largest Selection King Wesley Hamilton took first place in growing the largest selection of vegetables, and Darlene Harris was judged the best grower of small fruit, consisting of strawberries and raspberries. Bean queen was Marilyn Olson.

Canning Division In the canning division, Mildred Petrik, Colene Herrick, and Margaret Grubb won first places in their respective divisions. Margaret Grubb and Betty Glidden won the canning demonstration contest.

Marjorie Schultz was first in arrangement of flowers and Carolyn Dickson first in flower specimens.

# Ten Killed in RAF Transport Crash

NEW DELHI, India, Aug. 28 (AP)—(Delayed)—Ten persons, including a British major general and a British brigadier, were killed in the crash of a RAF transport plane Friday which resulted in the death of Robert Rand of Brookline, Mass.

(The death of Rand, 25, Calcutta director of the United States office of war information, was disclosed in dispatches Saturday.)

The plane was en route from New Delhi to Calcutta when it crashed in a landing failure at Allahabad.

# Aerial Trip Hammer Socks Italian Rails

(Continued From Page One)

on a large concentration of boxcars in the Torre Annunziata freight yards south of Vesuvius, causing a large explosion and many fires.

The most determined enemy opposition of the day was encountered by the Raiders when about 50 enemy fighters attacked them.

The Fortresses, which employed their customary high-level precision bombing tactics at Orte, had scant trouble with enemy fighters.

# EDITORIALS ON NEWS

(Continued from Page One)

Germans aren't tossing away ANYTHING they can hang onto.

THE Russians took Taganrog by cutting the lone rail line that supplies it. That is a favorite Russian device, which is aided by the scarcity of highways in Russia.

If you've followed the Russian fighting closely, you've noted the part played in it by railroads.

WATCH this southern Russia situation. If the Reds cut a few more strategic rail lines down there, the Germans will have to pull clear out of their stubbornly-held-onto Sea of Azov wedge, which points at the Caucasus oil.

IN Italy, we're still pounding the rail lines, and today our bombers have moved to target NORTH of Rome. Our air reconnaissance indicates that the Germans have already got the bulk of their forces out of southern Italy.

IN the South Pacific, the Japs are fighting back hard at Salamaua, and it is reported today that we've had to give some ground before their counterattacks.

We take Arundel island, three miles from the Jap airfield at Vila, on Kolombangara island—thus getting within artillery range, as we did when we took Rendova island five miles from Munda airfield on New Georgia.

# Explosion Tears Into Coal Mine

(Continued From Page One)

p. m. Saturday) seriously interrupted the ventilating system and damaged the stoppings, doors and regulators in the ninth left section area. The second explosion at 12:40 a. m. yesterday was more violent and extended the damage which already existed and started eight small fires."

Evans said the origin of the explosions was unknown. Miner Andy M. King, said he was blown at least 30 feet through the air" by the second explosion inside the mine. His hair was singed, but he was otherwise unhurt.

A company spokesman estimated that 100 of the regular night crew of 135 men made their way to safety unhurt between explosions.

The death toll stood at 19 last night, but was raised to 21 today with the death of C. E. Saxton, inspector for the U. S. bureau of mines; and Will Neal, a miner.

# New Pacific Blows Prepared for Japs

WASHINGTON, Aug. 30 (AP) Powerful new blows against the Japanese with carrier-based aircraft playing a dominant part, are being prepared in the Pacific war zone.

Vice Admiral John S. McCain, deputy chief of operations for air, said yesterday, the 30th anniversary of the establishment of the naval air force, that aviation would "spearhead" an attack to smash the Japanese military machine.

# Explosion Kills Youth, Injures 20

GRIDLEY, Calif., Aug. 30 (AP) An explosion killed one youth and injured approximately 20 more early today as fire swept through a warehouse owned by the Sutter-Butte Canal company on Virginia street.

Ernest Lujon, 17, Gridley high school senior and an orphan, was caught immediately in front of one entrance of the structure by the blast, lifted 50 feet in the air and thrown clear across the street. He was killed instantly.

# Pearson's Charges False, Says Hull

WASHINGTON, Aug. 30 (AP)—Secretary Hull today termed "monstrous and diabolical falsehoods" charges he said had been made by Drew Pearson, columnist and radio commentator, that Hull and other high state department officials wished the soviet union "to be bled white."

# Pleasure Driving Ban to Be Lifted

WASHINGTON, Aug. 30 (AP) A tentative order to lift the ban on eastern pleasure driving Wednesday has been sent to field offices of the office of price administration (OPA).

The order has no official status yet, although OPA has given every indication that it was working to free eastern motorists of the no-pleasure driving restriction either by September 1 or next weekend.

# TOO LATE TO CLASSIFY
