Hall**

General Chairman
Klamath
Third War Loan

For the last 30 years the Elks Lodge of Klamath Falls has dispensed charity to the under-privileged and contributed to many civic and public projects in this community.

This lodge has now accepted the biggest public welfare assignment in its history—the leadership of the Third War Loan Drive. This is the biggest single job ever handed to one organization in Klamath Falls.

We have accepted this difficult job because we believe in the fundamental patriotism and prosperity of the Klamath Country. We believe the entire basin community will unite behind the Third War Loan, and maintain Klamath's outstanding war bond record.

Our Lodge has 890 members, with nearly 100 men in the service. We are dedicating our part of this program to our fighting men.

KLAMATH'S QUOTA--\$2,518,000
