aircraft smashed at rail bottle-necks leading to Brenner Pass, the vital connection with Germany, as the troops surged ashore.

An air communique said attacks were made by heavy bombers on rail installations at Bolzano and Trento, on the Brenner Pass line, 700 miles from North Africa.

**Strike Bologna**  
The heavy bombers also struck at Bologna, farther south but on the same line, and medium bombers raided Canello, vital rail junction in the Naples area.

The attacks on Bolzano and Trento were the first made by the allies that far north of Italy. It was the second raid on Bologna.

Bridges were blown out and tracks blocked in all these assaults, the communique said.

**Littered Beaches**  
The British and Canadians landed on beaches littered with the wreckage left behind as the Germans fled from Sicily 17 days ago, and began establishing the first foothold the western allies have had on the mainland of Europe since the British were driven out of Greece late in April, 1941.

First announcement from allied headquarters came shortly after 7 a. m. (10 p. m. Thursday, PWT). The text:

"Allied forces under the command of General Eisenhower have continued their advance. British and Canadian troops of the eighth army, supported by allied sea and air power, attacked across the Strait of Messina early today and landed on the mainland of Italy."

It was emphasized here that the new assault was not to be regarded as a "second front," but as a continuation of a campaign begun in North Africa and moving into Europe step by step—Tunisia, Pantelleria, Sicily, and now Italy itself.

Steel which contains about 12 per cent manganese becomes harder and tougher under severe use.

# RUSSIANS OPEN BIG DRIVE IN DONETS BASIN

(Continued From Page One)  
been driving forward in this area for several days and yesterday announced important gains, including the capture of the cities of Voroshilovsk, Slav-yanoserbsk and Lisichansk.

The German announcement said that "since the early hour of today the expected Russian attack in the central Donets has been in full swing. The Russians employed hundreds of heavy artillery batteries and fighter formations, according to the principles of their well known attrition tactics. There are as yet no further details about the course of this new large-scale action."

**Germans Fall Back**  
The speed of the Russian advance, which already has cracked the enemy's 1941 invasion lines, indicated that the Germans were retreating along the whole southern front in an apparent attempt to get behind their Dnieper river defense system. Russian generals were giving them no rest, throwing immense forces of men and motorized equipment into the offensive.

**Captain Cummings, Jerry Thomas Pay Flying Visit Here**  
Captain Bill Cummings, former sports editor of The Herald and News, and Private Jerry Thomas, Klamath insurance man now in the service, made a flying trip to Klamath Falls late Thursday.

The two men arrived in a plane flown by Captain Cummings from Mather Field. Wives of both service men are here at present. After a few hours' visit, the Klamath men took off for Sacramento.

**Robbery Motive In Clatskanie Double Slaying**  
CLATSKANIE, Ore., Sept. 3 (AP)—Robbery probably was the motive in the slaying of Julius Olavsen, 66, Columbia county rancher, and Annie B. Borglund, 67, his housekeeper, authorities said today.

State Policemen Raleigh Wheeler and Phil Lowd said both had been shot in the back. Olavsen's body was recovered from a well near his farmhouse today. The housekeeper's body was found last night, fully clothed, on a bed. She had been rolled up in bedclothes.
