WALL STREET BULLISH AFTER HOLIDAY REST

By VICTOR EUBANK
NEW YORK, Sept. 7 (AP)—Wall Streeters today returned from their extended holiday in a fairly bullish frame of mind marketwise but most were highly selective in the matter of stock purchasing.

Prices were mildly irregular from the start and, while scattered rails and industrials achieved modest improvement, small minus signs were plentiful near the close. Dealings were slack throughout. Transfers for the five hours ran to around 350,000 shares, one of the low aggregates of the past year.

Expectations that something big was about to happen in Europe in the wake of persistent smashes at the axis kept the conservative ranks well populated.

Better share performers included Allied Mills, a new 1943 top; Woolworth, Santa Fe, Great Northern, Westinghouse, Texas Co., Anaconda, Chrysler and J. C. Penney. Among laggards most of the time were U. S. Steel, Bethlehem, General Motors, Goodrich, Douglas Aircraft, Boeing, Du Pont, Oliver Farm, Kennecott and Standard Oil (N. J.).

Bonds were relatively steady. Closing Quotations:

WHEAT

CHICAGO, Sept. 7 (AP)—Grains displayed a firmer undertone today, with rye gains of more than a cent at times featuring an otherwise listless market.

Scattered selling, particularly in wheat, erased some of the gains near the close. Some selling of May wheat by houses with cash connections was regarded as hedging and local traders absorbed most of these offerings.

Wheat closed 1c lower to 1c higher, September \$1.45 1/2, oats unchanged to 1c up, September 72 1/2c; and rye 1 to 1 cent higher, September \$1.02 1/2.

ALLIES SINK 90 SUBS IN THREE MONTHS

WASHINGTON, Sept. 7 (AP)—The navy disclosed today that of the more than 90 enemy U-boats sunk during May, June and July, 29 were destroyed by American forces alone.

Twenty-four of the submarines were sent to the bottom by American naval forces, the navy said, and five were sunk by United States army aircraft.

The navy's disclosure came shortly after Secretary Knox told newsmen that although the submarine menace may appear to be less serious than a few months ago, the lack of enemy activity may be because Germany has withdrawn many U-boats to bases for repairs and refitting with additional anti-aircraft weapons before launching new attacks.

President Roosevelt and Prime Minister Churchill reported recently that nations fighting the axis had sunk more than 90 submarines in May, June and July. The navy's announcement today failed to locate the actions.

In addition to the 29 U-boats destroyed by U. S. forces, at least three additional submarines, craft, and probably others, were sunk by United States forces coordinating their attacks with craft of other United Nations, and by other American operations, the navy said.

The navy said that eleven submarines were sunk by navy long range patrol planes (Martin Mariners, Vega Ventura and Consolidated Catalinas and Liberators).

Nine of the enemy undersea raiders were destroyed by naval carrier based planes (Gruman Avengers assisted by Gruman Wildcats.) Navy surface craft (Destroyers and PC boats) accounted for two submarines, one was destroyed by combined naval surface and aircraft action (Martin Mariners), and another was sent to the bottom by navy aircraft of an unreported type.

The navy said only "positive sinkings" were included in its compilation, adding that probable and possible sinkings were purposely omitted.

DeYoung Reverses Trend to Service With Armed Forces

PULLMAN, Wash., Sept. 7 (AP)—Thousands of the football players have turned into soldiers, sailors and marines, but Johnny DeYoung is one who is reversing the process.

He was honorably discharged from the marines in 1939 after serving a four-year stretch. Now the 215-pound DeYoung is out for a job at guard with the Washington State college Cougars—to catch up on those missed grid seasons.
