Today's Roundup

By MALCOLM EPLEY... JUBILANCE reigned among Klamath's Italian-Americans today... Italy's unconditional surrender meant that their native land no longer possessed the status of an active enemy country.

Time to Go All-Out

UCH bond-buying response to Wednesday's good news is sound reasoning. Now, indeed, is the time to press. It definitely is no time to lay down on the home front, with the men on the fighting front pressing forward to capitalize fully on an advantage gained.

News Behind the News

By PAUL MALLON... WASHINGTON, Sept. 8.—After all the happy publicity about the tax "forgiveness" enacted by congress last spring, the taxpayers' awakening is at hand.

The War Today

By DeWITT MacKENZIE... Chief of Staff, George C. Marshall's report on the progress of the war to Secretary Stimson is one of the finest military surveys produced since the world conflict started—a great accounting by a great soldier—and certainly falls within the class of "required reading" for every American.

those with incomes of \$52 a week (single) and \$67 married. The average family has succeeded in gaining an increased income over last year. Therefore, each of its members will have to pay in the coming September 15 and December 15 tax installments the entire tax increase of this whole year over last year.

Painful Payment

THE little fellow making less than \$52 a week (single) will find all this out next December 15 or March 15 when he will be put through the painful transition mill into "pay-as-you-go." His predicament in the face of these increases is not generally understood either.

A \$50-a-week government employe, not unlike other average civilian workers, is now required to pay a 20 per cent withholding tax, a 10 per cent or 20 per cent purchase of government bonds, and a 5 per cent retirement—which means he never sees 35 to 45 per cent of his salary. He must live on 55 to 65 per cent of the money he makes in this time of unprecedented cost of living.

Experts Needed

NO citizen of this country can face his tax problem for the next year without expert advice. Many employers are furnishing tax lawyers to help employes with their returns, but the average man will have to hire a tax lawyer or consult an internal revenue bureau agent available only in the larger cities (this is free).

PEACE SHARES MOVE UP; WAR STOCKS DOWN

By VICTOR EUBANK

NEW YORK, Sept. 8 (AP)—War stocks were unloaded and so-called peace shares moved sharply today in a stock market which was dominated by the news of Italy's unconditional surrender.

At the close losses ran from fractions to more than a point in steels, rails, aircrafts and coppers. The section of the list which responded bullishly to the Italian news included air transports, utilities and foreign connections, can manufacturing stocks, farm implements and soft drink shares. These showed gains ranging from fractions to around 2.

Sluggish up to the time of release of General Eisenhower's announcement at midday, the market picked up speed in later proceedings. Volume of around 800,000 shares was the largest for about a month.

Heading the retreat were U. S. Steel, Bethlehem, United Aircraft, Douglas, Boeing, Westinghouse, Santa Fe, Southern Railway and Southern Pacific. In some instances extreme declines were reduced near the finish.

International Telephone, most prominent of the shares which gave bullish response to the Italian news, climbed more than a point on substantial turnover. American & Foreign Power and Radio Corp. had fractional gains and Dome mines advance about a point.

Speculative rail loans were lower in the bond market.

WHEAT

CHICAGO, Sept. 8 (AP)—Grain futures prices dipped promptly today on the Italian surrender report, rye losses reaching about three cents within a few minutes. Rye and oats, however, then rallied while wheat continued to waver.

WHEAT

Wheat losses at times reached as much as two cents from the earlier high levels, with holders becoming uneasy because of the possible effect of the surrender on the war generally.

WHEAT

Rye met good support at the downtown and commission houses bought oats to steady that market.

WHEAT

Wheat also rallied somewhat near the finish and closed off to 1/2 cent compared with yesterday's finish, September 7, 1945. Oats were off to 1/2 cent higher, September 73c and rye was 1/2 cent lower, September \$1.01 1/2.
