The Lumber Industry Keeps Oregon Green by Preventing Destructive Fires and Planting Trees

The Right to Use Forests Is a Responsibility

We all have the RIGHT to use PUBLIC and many PRIVATE FORESTS for pleasure. To preserve this RIGHT we must KEEP OREGON GREEN.

When we go to Lake o' the Woods for REST and RECREATION or when we go hunting or fishing in many of the other green forested areas, we must remember that it is our RESPONSIBILITY to leave these FORESTS in the SAME CONDITION as we found them. Particular attention must be given to preventing FOREST FIRES, that GREATEST AGENCY of destruction of GOD'S CREATION, our GREEN FORESTS.

GREEN FORESTS are GREEN GOLD. It is GOOD BUSINESS to preserve non-commercial GREEN FORESTS for PLEASURE. GREEN FORESTS not only give us an immeasurable value in dollars for our RECREATION, but they also attract many hundreds of tourists to our communities who leave many THOUSANDS of DOLLARS at our stores, hotels, restaurants and other similar businesses.

Therefore, YOU and YOU and I will cooperate with the AMERICAN LEGION by accepting the RESPONSIBILITY to PRESERVE our RIGHT to USE the FORESTS for RECREATION and REST for ourselves and the generations that follow.
