### ITALY OUT! BUT REMEMBER---

Japan is the nearest enemy to Klamath . . . Japan accounted for our first Klamath casualties . . . Japan pulled the sneak punch at Pearl Harbor, and sneaked away from Kiska and Santa Isabel. Let's keep this sneak running in reverse!

Tomorrow, the Third War Loan gets under way officially. It's the loan to **BUY INVASION WAR BONDS**. That's the way to win the war.

**EACH INDIVIDUAL MUST BUY AT LEAST \$150 RIGHT NOW** if our armed forces are to keep on the offensive. That's why we at home are asked to pay for these invasions by buying Third War Loan Invasion Bonds.

Klamath's Bond Buying record is outstanding--let's keep it that way.

**The Elks Are Leading The Drive!  
Let's All Get In And--**
